The Wolf Wilder Wild Robot

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

The Wild Robot New York Review of Books

Girl Gangs, Biker Boys, and Real Cool Cats is the first comprehensive account of how the rise of postwar youth culture was depicted in mass-market pulp fiction. As the young created new styles in music, fashion, and culture, pulp fiction shadowed their every move, hyping and exploiting their behaviour, dress, and language for mass consumption and cheap thrills. From the juvenile delinquent gangs of the early 1950s through the beats and hippies, on to bikers, skinheads, and punks, pulp fiction left no trend untouched. With their lurid covers and wild, action-packed plots, these books reveal as much about society's deepest desires and fears as they do about the subcultures themselves. Girl Gangs features approximately 400 full-color covers, many of them never reprinted before. With 70 in-depth author interviews, illustrated biographies, and previously unpublished articles from more than 20 popular culture critics and scholars from the US, UK, and Australia, the book goes behind the scenes to look at the authors and publishers, how they worked, where they drew their inspiration and—often overlooked—the actual words they wrote. Books by well-known authors such as Harlan Ellison and

Lawrence Block are discussed alongside neglected obscurities and former bestsellers ripe for rediscovery. It is a must read for anyone interested in pulp fiction, lost literary history, retro and subcultural style, and the history of postwar youth culture. Contributors include Nicolas Tredell, Alwyn W. Turner, Mike Stax, Clinton Walker, Bill Osgerby, David Rife, J.F. Norris, Stewart Home, James Cockington, Joe Blevins, Brian Coffey, James Doig, David James Foster, Matthew Asprey Gear, Molly Grattan, Brian Greene, John Harrison, David Kiersh, Austin Matthews, and Robert Baker.

Lemons Moody Publishers

Witnessing her parents' murders broke everything inside Kamri Odena. Devastated, she moves in with her aunt, hoping to get the love and nurturing she misses. Instead, she becomes a slave to her own family. Kamri finds herself wishing she had died with her parents. Onika Sailor was one of the baddest females to come out of Gate City. A no-nonsense type of chick, she is outspoken and fearless. Heartbroken by her best friend Kamri's situation, she vows to hold Kamri down at all costs. That determination leads Onika to run drugs for the Booker brothers to fund the life she and Kamri deserve. Does Onika have what it takes to succeed in the street game, or will she get wiped out trying to play a man's game? Travus "Trap" Booker is a boss. Living by his own rules, he collects women like he collects money and clothes. But then he crosses paths with Kamri. Trap knows immediately that he has to have her, but Kamri has other ideas. As a new attorney, the last thing she has time for is

getting caught up with a no-good man. Does Trap have what it takes to make Kamri feel like she is the only woman for him, or will his reputation run her away? Follow Kamri, Onika, and Trap as each one of them struggles to find what their real passion in life is. The pain, joys, tears, and losses may be too much for each of them to survive being Young, Wild, & Foolish.

The Orphanmaster Oxford University Press, USA

Prepare yourself for a heart-pounding journey into 'The Land of Terror', where the malevolent Kar orchestrates a deadly scheme using the ominous "Smoke of Eternity." As Doc Savage and his loyal companions embark on a treacherous quest, they uncover a trail strewn with lifeless bodies, leading them to a prehistoric crater teeming with ferocious dinosaurs. Feral Children and Clever Animals Follettbound From a debut novelist, a gripping historical thriller and rousing love story set in seventeenth-century Manhattan It's 1663 in the tiny, hardscrabble Dutch colony of New Amsterdam, now present-day southern Manhattan. Orphan children are going missing, and among those looking into the mysterious state of affairs are a quick-witted twenty-two-year-old trader, Blandine von Couvering, herself an orphan, and a dashing British spy named Edward Drummond. Suspects abound, including the governor's wealthy nephew, a green-eyed aristocrat with decadent tastes; an Algonquin trapper who may be possessed by a demon that turns people into cannibals; and the colony's own corrupt and conflicted orphanmaster. Both the search for the killer and Edward and Blandine's newfound romance are endangered, however, when Blandine is accused of being a witch and Edward is sentenced to hang for espionage. Meanwhile, war looms as the English king plans to wrest control of the colony. Jean Zimmerman brings New Amsterdam and its surrounding wilderness alive for modern-day readers with exacting period detail. Lively, fast paced, and full of

colorful characters, *The Orphanmaster* is a dramatic page-turner that will appeal to fans of Hilary Mantel and Geraldine Brooks.

The Alienist Farrar, Straus and Giroux (BYR)

These were the crimes that were meant to change the world, and sometimes did. The book connects the killing of the Kennedys or the murder that sparked the First World War with less well-known stories, such as the Berlin shooting of an instigator of the Armenian genocide or the attack on an American 'robber baron'. Taking in Malcolm X and Queen Victoria, Adolf Hitler and Andy Warhol, Charles Manson and Emma Goldman, Tsars, Presidents, and pop stars, *Age of Assassins* traces the process that turned thought into action and murder into an icon. In tackling the history of political violence, the book is unique in its range and attention to detail, summoning up an age of assassination that is far from over.

Savage Inequalities Faber & Faber

A vivid, riveting novel about an abandoned boy who takes up with a pack of feral dogs Two million children roam the streets in late twentieth-century Moscow. A four-year-old boy named Romochka, abandoned by his mother and uncle, is left to fend for himself. Curious, he follows a stray dog to its home in an abandoned church cellar on the city's outskirts. Romochka makes himself at home with Mamochka, the mother of the pack, and six other dogs as he slowly abandons his human attributes to survive two fiercely cold winters. Able to pass as either boy or dog, Romochka develops his own moral code. As the pack starts to prey on people for food with Romochka's help, he attracts the attention of local police and scientists. His future, and the pack's, will depend on his ability to remain free, but the outside world begins to close in on him as the novel reaches its gripping conclusion. In this taut and emotionally convincing narrative, Eva Hornung explores universal themes of the human condition: the importance of home, what it means to belong to a family, the consequences of exclusion, and what our animal nature can teach us about survival.

Savage Theories Rowman & Littlefield

Savage Girls and Wild Boys is a fascinating history of extraordinary children---brought up by animals, raised in the wilderness, or locked up for long years in solitary confinement. Wild or feral children have fascinated us through the centuries, and continue to do so today. In a haunting and hugely readable study, Michael Newton deftly investigates a number of infamous cases. He looks at Peter the Wild Boy, who gripped the attention of Swift and Defoe, and at Victor of Aveyron, who roamed wild in the forests of revolutionary France. He tells the story of a savage girl lost on the

streets of Paris, of two children brought up by wolves in the jungles of India, and of a Los Angeles girl who emerged from thirteen years locked in a room to international celebrity. He describes, too, a boy brought up among monkeys in Uganda; and in Moscow, the child found living with a pack of wild dogs. *Savage Girls and Wild Boys* examines the lives of these children and of the adults who "rescued" them, looked after them, educated, or abused them. How can we explain the mixture of disgust and envy that such children can provoke? And what can they teach us about our notions of education, civilization, and man's true nature?

Encounters with Wild Children Harper Collins

Cruel. Heartless. Quarantined. The ruthless boys of Everlake Prep never saw lockdown coming. But the virus isn't their number one enemy. I am. And as if being confined to a boarding school for the elite wasn't bad enough, now I'm stuck in isolation with the boys who hate me most too. Saint, Kyan and Blake. The Night Keepers. Or so they call themselves. They've embodied the Native American legend which lives in this valley, taking on the role of the monsters who lurk in the forest. And though they act like beasts, they may also be the most tempting creatures I've ever seen. With the virus escalating and my dad's name splashed through the news, my entire world is falling apart. What he did has cast a dark shadow over me. And the Night Keepers want to make me pay for his crimes. Then things went from bad to worse when I touched the sacred rock. A rock which supposedly holds a curse to bind me as the Night Keepers' slave. And as crazy as it sounds, I decided to play along. Because there are things about me they don't know. Things my dad has hidden from me for years. All I can be sure of is that I have to find a way to escape this school. But until then, those savage boys are making my life a living hell. As the virus sweeps through the country and the world twists into something ugly and unknown, the kings of this school become true monarchs. Even the teachers bow to them now. And I'm kinda glad about that 'stay six feet away from one another' rule, because without it, I know they'd rip me apart. At least there's a silver lining. I'm cosying up to Coach Monroe. My hot as hell, brooding P.E. teacher who has a vendetta of his own against the Night Keepers. And with his help, I may succeed at doing more than escaping the clutches of these heartless fiends. I might even destroy them along the way. My father taught me how to be strong. How to prepare for the end of the world. So this isn't going to be the end of my world, mark my words. But if I'm able to use my mind and body to bring these assholes to their knees, it might just be the end of theirs. This is a high school bully romance series where the main character will end up with more than one love interest. It may have triggers for some as it has off the charts angst, dark love-hate themes, scenes of intense bullying and some violence (not aimed towards the main character) and is not for the faint of heart. Prepare to enrol at Everlake Prep. Bring your hand sanitiser, face masks and toilet paper to barter with, but don't expect to hold onto them for long. Because it's time to go into quarantine with the Night Keepers. And everything you own now belongs to them.

Masterminds and Wingmen Simon and Schuster

After her mother dies in 1975, ten-year-old Lemonade must live with her grandfather in a small town famous for Bigfoot sightings and soon becomes friends with Tobin, a quirky Bigfoot investigator.

Beautiful Broken Girls Candlewick

"An over-the-top romp through 1870s America . . . compulsively readable." —Oprah.com Jean Zimmerman's spectacular follow-up to *The Orphanmaster* has it all: Gilded Age romance, robber baron excess, detective story suspense, and a compelling female protagonist whom readers will fall in love with. In 1875, the Delegates, an outlandishly wealthy Manhattan couple on a tour of the American West, seek out a sideshow attraction called "Savage Girl." Her handlers avow that the wild, seemingly mute Bronwyn has been raised by wolves. Presented with the perfect blank slate to explore the power of civilized nurture, the Delegates take her back east to be introduced into high society. Cleaned up, Bronwyn is blazingly smart and darkly beautiful; as she takes steps toward her grand debut, a series of suitors find her irresistible—and begin to turn up murdered.

Girl Gangs, Biker Boys, and Real Cool Cats Crown

Remember the places you touched me. Ben touched seven parts of Mira Cillo: her palm, hair, chest, cheek, lips, throat, and heart. It was the last one that broke her. After Mira's death, she sends Ben on a quest to find notes she left him in the seven places where they touched—notes that explain why she and her sister, Francesca, drowned themselves in the quarry lake. How Ben interprets those notes has everything to do with the way he was touched by a bad coach years ago. But the truth behind the girls' suicides is far more complicated, involving a dangerous infatuation, a deadly miracle, and a crushing lie. *BEAUTIFUL BROKEN GIRLS* is a stunning release from Kim Savage, the author of the critically acclaimed *After the Woods*.

The Forbidden Experiment McGill-Queen's Press - MQUP

In this provocative book, Douglas Candland shows that as we begin to understand the way animals and non-speaking humans "think," we hold up a mirror of sorts to our own mental world, and gain profound insights into human nature. Weaving together diaries, contemporary newspaper accounts, and his own enlightening commentary, Candland brings to life a series of extraordinary stories. He begins with a look at past efforts to civilize feral children. We meet Victor, the Wild Boy of Aveyron, now famous as the subject of a Truffaut film; Kaspar Hauser, raised in a cell, civilized, and then assassinated; and the Wolf Girls of India, found early this century huddled among wolf pups in a forest den (they were originally believed to be ghosts by superstitious villagers, who nearly shot them as they were being captured). In each case, it was hoped that the study of these children would help clarify the age-old nature/nurture debate, but, as Candland shows, so much of the information "revealed" was really only a projection of beliefs previously held

by the investigating scientists. Candland then turns to "clever animals." We learn how the investigation of "Clever Hans," the German horse who could calculate square roots, proved to be a first step in the direction of behaviorism (researchers found that Hans was being tipped off by the subtle and unwitting body language of his owner and other observers, who would bend almost imperceptibly at the waist with every hoof beat, and stand erect when the correct count was reached). And Candland discusses the many attempts to communicate with our closest neighbor, the apes. We read of Richard Lynch Garner's 1892 experiment living with chimpanzees in Gabon (he taught one to say the French word "feu"), and of Gua, raised by W.N. and L.A. Kellogg alongside their own son Donald, and of the latest successes of teaching sign language to such precocious apes as Sarah, Sherman, Austin, and Koko. Throughout, Candland illuminates the boldest and most intriguing efforts yet to extend our world to that of our fellow creatures. And he shows that, in the end, our effort to "make contact" is a reflection of the way in which we as a species create and order our universe. Humans have long shown a wish to connect with the silent minds around them. In assembling and interpreting the compelling tales in this book, Candland offers us a new understanding not only of the animal kingdom, but of the very nature of humanity, and our place in the great chain of being.

Savage Girls and Wild Boys Simon and Schuster

Roz the robot discovers that she is alone on a remote, wild island with no memory of where she is from or why she is there, and her only hope of survival is to try to learn about her new environment from the island's hostile inhabitants.

The American Boy's Handy Book Penguin

In his previous landmark book on youth culture and teen angst, the award-winning England's Dreaming, Jon Savage presented the "definitive history of the English punk movement" (The New York Times). Now, in Teenage, he explores the secret prehistory of a phenomenon we thought we knew, in a monumental work of cultural investigative reporting. Beginning in 1875 and ending in 1945, when the term "teenage" became an integral part of popular culture, Savage draws widely on film, music, literature high and low, fashion, politics, and art and fuses popular culture and social history into a stunning chronicle of modern life.

Young, Wild, and Foolish Korrigan

An earthquake and tidal wave sweep John Dollar, Charlotte, and her pupils into the violent sea. They come to consciousness on the beach huddled around a paralyzed John Dollar.

The Story of My Boyhood and Youth PM Press

Rule No. 1: Don't piss off the Sick Boys They're cruel. Reckless. Impossibly fucked up. The Sick Boys feed on the order they create. They rule Eastpoint University just as their families have for decades. But their power doesn't stop there. The three of them are heirs to some of the largest fortunes in the world, and behind that kind of wealth lies an underworld of corruption. On the surface, they're perfect princes and he is their King. But underneath it all,

they're filled with blood, lies, and secrets. With all of their connections, they have the power to crush anyone who gets in their way. But just because they're as warped as I am doesn't mean I'm going to give them a free pass. Because I, Avalon Manning, bow to no one, and I live to break the fucking rules. ***This is a Dark MF Enemies to Lovers College Romance.*** ***Please Note: This book is labeled as "Dark" for a reason. If you are sensitive or easily triggered by subjects and actions that are common in "dark" romance, please take that into consideration and read responsibly.***

Cartwheeling in Thunderstorms Harper Collins

From the raw clay of historical fact, James Carlos Blake has sculpted a powerful novel of both a man and an America at war with themselves. Here is the brutally honest story of free-spirit William Anderson, who is pulled into a savage conflict of state against state in the years leading up to the Civil War. When Bill suffers a catastrophic loss, a fury is unleashed in his anguished soul. He becomes the most fearsome guerrilla captain and earns a name that becomes whispered with reverence and terror: "Bloody Bill."

Age of Assassins Macmillan

A collective history of feral children who were brought up in the wilderness, raised by animals, or locked up in solitary confinement examines the stories of Peter the Wild Boy, Victor of Aveyron, and a boy raised by monkeys in Uganda.

Teenage Macmillan

Ash is still falling from the sky two years after a series of globally devastating volcanic eruptions. Sunlight is as scarce as food, and cities are becoming increasingly violent as people loot and kill in order to maintain their existence. Sixteen-year-old Miles Newell knows that the only chance his family has of surviving is to escape from their Minneapolis suburban home to their cabin in the woods. As the Newells travel the highways on Miles' supreme invention, the Ali Princess, they have high hopes for safety and peace. But as they venture deeper into the wilderness, they begin to realize that it's not only city folk who have changed for the worse.
