years old. Marina Chapman was stolen from her housing estate and abandoned deep in the Colombian jungle. That she survived is a miracle. Two days later, half-drugged, terrified, and starving, she came upon a troop of capuchin monkeys. Acting entirely on instinct, she tried to do what they did: copying their actions she slowly learned to fend for herself. So begins the story of her five years among the monkeys, during which time she gradually became feral; her plans to escape. But her adventure was not over yet... In the vein of Slumdog Millionaire and City of God, this rousing story of a lost child who overcomes the dangers of the wild to finally reclaim her life will astonish readers everywhere.

There's no such thing as safe in a city at war, a city overrun with monsters. In

---

this dark urban fantasy from acclaimed author Victoria Schwab, a young woman and a young man must choose whether to become heroes or villains—and friends or enemies—with the future of their home at stake. The first of two books, *This Savage Song* is a must-have for fans of *Holly Black*, *Maggie Stiefvater*, and *Laini Taylor*. Kate Harker and August Flynn are the heirs to a divided city—a city where the violence has begun to breed actual monsters. All Kate wants is to be as ruthless as her father, who lets the monsters roam free and makes the humans pay for his protection. All August wants is to be human, as good-hearted as his own father, to play a bigger role in protecting the innocent—but he’s one of the monsters. One who can steal a soul with a simple strain of music. When the chance arises to keep an eye on Kate, who’s just been kicked out of her sixth boarding school and returned home, August jumps at it. But Kate discovers August’s secret, and after a failed assassination attempt the pair must flee for their lives. In *This Savage Song*, Victoria Schwab creates a gritty, seething metropolis, one worthy of being compared to Gotham and to the four versions of London in her critically acclaimed fantasy for adults, *A Darker Shade of Magic*. Her heroes will face monsters intent on destroying them from every side—including the monsters within. *Savage Mafia Prince* Macmillan Shifting perspective from the thematic approach of

---

intellectual history to a more eclectic cultural criticism, Nash introduces a refreshing means to understanding both the figures of the wild man and the citizen of the Enlightenment in the eighteenth century.

Savage Theories Farrar, Straus and Giroux (BYR) Savage Girls and Wild Boys is a fascinating history of extraordinary children---brought up by animals, raised in the wilderness, or locked up for long years in solitary confinement. Wild or feral children have

fascinated us through the centuries, and continue to do so today. In a haunting and hugely readable study, Michael Newton deftly investigates a number of infamous cases. He looks at Peter the Wild Boy, who gripped the attention of Swift and Defoe, and at Victor of Aveyron, who roamed wild in the forests of revolutionary France. He tells the story of a savage girl lost on the streets of Paris, of two children brought up by wolves in the jungles of

India, and of a Los Angeles girl who emerged from thirteen years locked in a room to international celebrity. He describes, too, a boy brought up among monkeys in Uganda; and in Moscow, the child found living with a pack of wild dogs. Savage Girls and Wild Boys examines the lives of these children and of the adults who "rescued" them, looked after them, educated, or abused them. How can we explain the mixture of disgust and envy that

---

such children can provoke? And what can they teach us about our notions of education, civilization, and man's true nature?

Remember the places you touched me. Ben touched seven parts of Mira Cillo: her palm, hair, chest, cheek, lips, throat, and heart. It was the last one that broke her. After Mira's death, she sends Ben on a quest to find notes she left him in the seven places

where they touched—notes that explain why she and her sister, Francesca, drowned themselves in the quarry lake. How Ben interprets those notes has everything to do with the way he was touched by a bad coach years ago. But the truth behind the girls' suicides is far more complicated, involving a dangerous infatuation, a deadly miracle, and a crushing lie. **BEAUTIFUL BROKEN GIRLS** is a stunning release from Kim Savage, the author of the critically acclaimed *After the*

Woods.

*Savage Girls and Wild Boys* Andrews McMeel Publishing John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look

---

inside the true heart of a man and gives men permission to be what God designed them to be—dangerous, passionate, alive, and free.

The Alienist (TNT Tie-in Edition) Harper Collins

Inundated by popular culture, many women have lost their bearings and no longer trust the internal compass that intuitively affirms those things that are good, true, and noble about womanhood. As Jesus' favorite and most powerful teaching tactic was the parable, it is appropriate that Mary Kassian walks the

reader through the compelling tale of the wild versus wise woman found in Proverbs 7. By using 20 points of contrast, she helps readers discern wild from wise, saucy from biblically savvy, and more. *Girls Gone Wise in a World Gone Wild* will captivate, convict, and challenge women to become decreasingly worldly and increasingly godly, and it will equip them with truth for that journey. Includes questions for personal reflection at the end of each chapter

Wild Boy Candlewick Press

A collective history of feral children who were brought up in the wilderness, raised by animals, or locked up in solitary confinement examines the stories of Peter the Wild Boy, Victor of Aveyron, two children brought up by wolves in India, a boy raised by monkeys in Uganda, and more. 10,000 first printing.

Lord of the Flies Soho Press

David Almond turns his talents to drama in these two plays. *Skellig* is the dramatization of his highly acclaimed novel. What has Michael found in the derelict garage? What is this creature that lies in the darkness? Is it human, or a strange beast never seen before? And what will happen in

---

the world when he carries it out into the light? *Wild Girl, Wild Boy* is an original play produced in London by the Pop-Up Theatre company. Young Elaine has recently lost her father, and now she spends her days dreaming in the family 's garden, skipping school, unable to read or write. One day, Elaine conjures up a Wild Boy from spells and fairy seed. No one else can see him, and Elaine disappears into a world of fantasy where she and Wild Boy remember the teachings of her father. Will her mother ever come to understand? These two plays introduce a new talent from the remarkable David Almond.

*Savage Inequalities*  
Harpercollins

The Victorian fascination with fairyland is reflected in the literature of the period, which includes some of the most imaginative fairy tales ever written. They offer the shortest path to the age's dreams, desires, and wishes. Authors central to the nineteenth-century canon such as Thackeray, Oscar Wilde, Ford Madox Ford, and Rudyard Kipling wrote fairy tales, and authors primarily famous for their work in the genre include George MacDonald, Juliana Ewing, Mary De Morgan, and Andrew Lang. This anthology brings together fourteen of the

best stories, by these and other outstanding practitioners, to show the vibrancy and variety of the form and its ability to reflect our deepest concerns. The stories in this selection range from pure whimsy and romance to witty satire and darker, uncanny mystery. Paradox proves central to a form offered equally to children and adults. Fairyland is a dynamic and beguiling place, one that permits the most striking explorations of gender, suffering, love, family, and the travails of identity. Michael Newton's introduction and notes explore the literary

---

marketplace in which these tales appeared, as well as the role they played in contemporary debates on scepticism and belief. The book also includes a selection of original illustrations by some of the masters of the field such as Richard Doyle, Arthur Hughes, and Walter Crane.

Great Books for Boys

Bloomsbury Publishing

"A stunning vibrant maximalist whirlwind of a novel. Oloixarac's wit and ambition are evident on every page. By comparison, most other contemporary fiction seems a little dull and

simple-minded." —Hari Kunzru, author of *White Tears and Gods Without Men* A debut novel of seduction and madness, hate and love, set in the world of Argentine academia and animated by the spirits of Wittgenstein, Rousseau, Nabokov and Bola ñ o Rosa Ostreetch, a pseudonym for the novel's beautiful but self-conscious narrator, carries around a trilingual edition of Aristotle's *Metaphysics*, struggles with her thesis on violence and culture, sleeps with a bourgeois former

guerrilla, and pursues her elderly professor with a highly charged blend of eroticism and desperation. Elsewhere on campus, Pabst and Kamtchowsky tour the underground scene of Buenos Aires, dabbling in ketamine, group sex, video games, and hacking. And in Africa in 1917, a Dutch anthropologist begins work on a theory that explains human consciousness and civilization by reference to our early primate ancestors—animals, who, in the process of

---

becoming human, spent thousands of years as prey. *Savage Theories* wryly explores fear and violence, war and sex, eroticism and philosophy. Its complex and flawed characters grapple with a mess of impossible, visionary theories, searching for their place in our fragmented digital world. [Laser Moose and Rabbit Boy \(Laser Moose and Rabbit Boy series, Book 1\)](#) Random House Trade Paperbacks  
Mysterious and utterly mesmerizing, this graphic-novel-within-a-novel pairs the

extraordinary prose of David Almond with the visual genius of Dave McKean. *Blue Baker* is writing a story — not all that stuff about wizards and fairies and happily ever after — a real story, about blood and guts and adventures, because that's what life's really like. At least it is for *Blue*, since his dad died and Hopper, the town bully, started knocking him and the other kids around. But *Blue's* story has a life of its own — weird and wild and magic and dark — and when the savage pays a nighttime visit to Hopper, *Blue* starts to wonder where he ends and his creation begins.

*Kind Hearts and Coronets*  
HarperCollins  
NEW YORK TIMES  
BESTSELLER • NOW A TNT  
ORIGINAL SERIES • “ A first-rate tale of crime and punishment that will keep readers guessing until the final pages. ” —Entertainment Weekly  
“ Caleb Carr ’ s rich period thriller takes us back to the moment in history when the modern idea of the serial killer became available to us. ” —The Detroit News  
When *The Alienist* was first published in 1994, it was a major phenomenon, spending six months on the New York Times bestseller list, receiving critical acclaim, and selling millions of copies. This modern

---

classic continues to be a touchstone of historical suspense fiction for readers everywhere. The year is 1896. The city is New York. Newspaper reporter John Schuyler Moore is summoned by his friend Dr. Laszlo Kreizler—a psychologist, or “alienist”—to view the horribly mutilated body of an adolescent boy abandoned on the unfinished Williamsburg Bridge. From there the two embark on a revolutionary effort in criminology: creating a psychological profile of the perpetrator based on the details of his crimes. Their dangerous quest takes them into the tortured past and twisted mind of a murderer who will kill again before their hunt is over. Fast-paced and

riveting, infused with historical detail, *The Alienist* conjures up Gilded Age New York, with its tenements and mansions, corrupt cops and flamboyant gangsters, shining opera houses and seamy gin mills. It is an age in which questioning society’s belief that all killers are born, not made, could have unexpected and fatal consequences. Praise for *The Alienist* “[A] delicious premise . . . Its settings and characterizations are much more sophisticated than the run-of-the-mill thrillers that line the shelves in bookstores.” —*The Washington Post Book World* “Mesmerizing.” —*Detroit Free Press* “The method of the hunt and the disparate team of hunters

lift the tale beyond the level of a good thriller—way beyond. . . . A remarkable combination of historical novel and psychological thriller.” —*The Buffalo News* “Engrossing.” —*Newsweek* “Gripping, atmospheric . . . intelligent and entertaining.” —*USA Today* “A high-spirited, charged-up and unfailingly smart thriller.” —*Los Angeles Times* “Keeps readers turning pages well past their bedtime.” —*San Francisco Chronicle* *Girls Gone Wise in a World Gone Wild* Simon and Schuster *Wild Boy* has been covered in hair since birth and condemned to life in a travelling freak show. Excluded from society, he takes

---

refuge in watching people at the fair - and develops a talent for observation and detection. But when there's a murder, suspicion turns to Wild Boy, so he and the feisty acrobat Clarissa Everett find themselves on the run...

Two Plays Peter Smith Publisher  
Wild or feral children have fascinated us down the centuries, and continue to do so today. In a haunting and hugely readable study, Michael Newton deftly investigates a number of infamous cases. He looks at Peter the Wild Boy, who gripped the attention of Swift and Defoe, and at Victor of Aveyron who roamed the forests of revolutionary France. He tells the story of a savage girl lost on the streets of Paris; of two

children brought up by wolves in the jungles of India; of a boy brought up among monkeys in Uganda; and in Moscow, of a child found living with a pack of wild dogs.

Kind Hearts and Coronets  
Macmillan  
Golding 's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island,

stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued. The Girl With No Name  
Penguin  
'Few travelled in these days, for, thanks to the advance of science, the earth was exactly alike all over. Rapid intercourse, from which the

---

previous civilization had hoped so much, had ended by defeating itself. What was the good of going to Peking when it was just like Shrewsbury?', *The Machine Stops*, E. M. Forster  
This anthology provides a selection of science-fiction tales from the close of the 'Romantic' period to the end of the First World War. It gathers together classic short stories, from Edgar Allan Poe's playful hoaxes to Gertrude Barrows Bennett's feminist fantasy. In this way, the book shows the vitality and literary diversity of the field, and also expresses something of the potent appeal

of the visionary, the fascination with science, and the allure of an imagined future that characterised this period. An excellent resource for those interested in science fiction, and also an essential volume for understanding the development of the genre. In his introduction, Michael Newton draws together literary influences from Jonathan Swift to Mary Shelley, the interest in the irrational and dreaming mind, and the relation of the tales to the fact of Empire and the discoveries made by anthropology. He also considers how the figure of the alien and

non-human 'other' complicated contemporary definitions of the human being.

*The Fairy Ring Crown*  
An account of one young woman's emergence from a tragic childhood describes how, after spending her early years trapped in a chair in a closed room, Genie learned to walk, chew, and speak, with the help of the scientists who adopted her. \$20,000 ad/promo.

*The Origins of Science Fiction* Grand Central Publishing

A comparison of accounts of

---

attempts to civilize feral children with studies of the exploits of apes who communicate in sign language offers insights into the essence of human nature and attempts to communicate with other members of the animal kingdom.

Savage Girls and Wild Boys

University of Virginia Press  
Pack Rule #4: Guard your pups with your life. We hooked up one night at Cody 's Saloon. The beautiful nurse wanted a ride, and I ' d given it to her. Made her scream and

sent her home happy. She didn ' t tell me there ' d been consequences. She ' d kept her secret close. For months. But what she didn ' t know could change everything. That baby she carried wasn ' t human. And this wolf would never walk away from his pup. She may not have wanted me in her life, but that was too bad. I was moving in—watching over her and providing for my family. She was under my protection now. Whether she wanted it or not. Whether she wanted me or not.
