The fifth book of the New Testament has been known from ancient times as The Acts of the Apostles; but this title cannot be found in the book itself. One of the earliest manuscripts, the Codex Sinaiticus, gives as the title the simple word Acts, with no mention of the apostles. There is a reason for this. Acts was intended to be more than a brief history of the service rendered by the twelve disciples, much more than the principal events in the lifework of its four leading characters, Peter, James, John, and Paul. The Acts of the Apostles was one of the last books written by Ellen G. White. It was published a few years before her death. It is one of the most illuminating volumes that came from her prolific pen. The average reader will find in it light for Christian witnessing. The message of the book is up to date, and its relevancy is

reflected in the effort of the author to show that the twentieth century will witness a bestowal of spiritual power exceeding that of Pentecost. The work of the gospel is not to close with a lesser display of the Holy Spirit's power than marked its beginning. **The Burdensome Joy of Preaching** Crossway Voicing one theme for the entire Bible and structuring all sermons around that idea may seem to be an impossible challenge. For veteran pastor and preaching professor Edmund Clowney it will not do to preach a text from either the Old or New Testaments without fully preaching its ultimate and primary focus—the person and work of Jesus Christ. He writes, "To see the text in relation to Christ is to see it in its larger context, the context of God's purpose in revelation." Clowney's rationale for emphasizing Christ's presence in the Old Testament rests on the purpose of the Hebrew Scripture. The Old Testament follows God's one great plan for human history and redemption, and the plan is not only from him but centers on him: his presence in his incarnate Son. The witness of the Scriptures to Christ is the reason they were written, so it is appropriate to emphasize this element in the Old Testament as well as in the New Testament. By offering numerous full-length examples of his own sermons that emphasize Christ as the principle theme of Scripture, Clowney illustrates for those who will never have the privilege of being his students how they can craft sermons which present Christ as the primary consideration of the text. He

also offers specific instructions on preparing such a sermon. He discusses the personal habits of prayer and Bible study that prepare pastors to seek out Christ's presence. Clowney emphasizes the importance of including a specific application in every sermon so that Christ is presented both in what he says and does to reveal himself in the biblical text and in what he says and does to direct Christians' lives today. Students preparing for the pastorate, pastors desiring to increase their emphasis on Christ in their sermons, and those seeking Christ's presence in all of Scripture will find a help in Clowney's writings.

This book is an analysis of shifts in dominant media forms and their effects on the sensibilities of the culture as a whole. Many of those shifts have profound, and unfortunate, effects on preaching. T. David Gordon has identified a problem, one that affects all preachers (indeed, all public speakers) and needs fixing. Our preaching is just not communicating properly anymore. Fortunately, Gordon not only explains the causes of this failure but also shows us how to make things better. - Publisher.

Most Christians already know that they should be telling their friends about Jesus. But they have been poorly equipped with methods that are no longer effective in today's post-Christian world. As a result, many people become frustrated, blame themselves, and simply give up. *Evangelism in a Skeptical World* is a textbook on evangelism that is ideal for the church or the classroom to equip Christians with the principles and skills they need to tell the unbelievable news about Jesus to friends in a skeptical world. Many of the older principles and methods of evangelism in the twentieth century no longer work effectively today. In a post-Christian, post-churched, post-reached world we need new methods to communicate the timeless message of the gospel in culturally relevant ways. Dr. Chan combines the theological and biblical insights of classic evangelistic training with the latest insights from missiology on contextualization, cultural hermeneutics, and storytelling. Every chapter is illustrated with real-world examples drawn from over fifteen years of evangelistic ministry. These are methods that really work - with university students, urban workers, and high school students - getting past the defensive posture that people have toward

Christianity so they can seriously consider the claims of Jesus Christ. Field-tested and filled with unique, fresh, and creative insights, this book will equip you to share the gospel in today's world and help as many people as possible hear the good news about Jesus.

How to live confidently for Jesus in today's world. The church used to be recognized as a force for good, but this is changing rapidly. Christians are now often seen as the bad guys, losing both respect and influence. In our post-Christian culture, how do we offer the gospel to those around us who view it as not only wrong but possibly dangerous? And how do we ensure that the secular worldview does not entice us away with its constant barrage, online and elsewhere, of messages about self-determinism? Author Stephen McAlpine offers an analysis of how our culture ended up this way and explains key points of tension between biblical Christianity and secular culture. He encourages Christians not to be ashamed of the gospel as it is more liberating, fulfilling and joyful than anything the world has to offer. He also offers strategies for coping in this world, with its opposing values, and for reaching out to others wisely with the truth.
