Voicing one theme for the entire Bible and structuring all sermons around that idea may seem to be an impossible challenge. For veteran pastor and preaching professor Edmund Clowney it will not do to preach a text from either the Old or New Testaments without fully preaching its ultimate and primary focus--the person and work of Jesus Christ. He writes, "To see the text in relation to Christ is to see it in its larger context, the context of God's purpose in revelation." Clowney's rationale for emphasizing Christ's presence in the Old Testament rests on the purpose of the Hebrew Scripture. The Old Testament follows God's one great plan for human history and redemption, and the plan is not only from him but centers on him: his presence in his incarnate Son. The witness of the Scriptures to Christ is the reason they were written, so it is appropriate to emphasize this element in the Old Testament as well as in the New Testament. By offering numerous full-length examples of his own sermons that emphasize Christ as the principle theme of Scripture, Clowney illustrates for those who will never have the privilege of being his students how they can craft sermons which present Christ as the primary consideration of the text. He also offers specific instructions on preparing such a sermon. He discusses the personal habits of prayer and Bible study that prepare pastors to seek out Christ's presence. Clowney emphasizes the importance of including a specific application in every sermon so that Christ is presented both in what he says and does to reveal himself in the biblical text and in what he says and does to direct Christians' lives today. Students preparing for the pastorate, pastors desiring to increase their emphasis on Christ in their sermons, and those seeking Christ's presence in all of Scripture will find a help in Clowney's writings.

Sketches from the Life of Paul Saving Eutychus Poor Eutychus might have tumbled off his perch in Acts 20, but it's humbling to notice that what took Paul many hours of preaching to achieve -- near-fatal napping in one of his listeners -- takes most preachers only a few minutes on a Sunday. Saving Eutychus will help you save your listeners from such a fate. Written by an Aussie and an Irishman with very different styles who share a passion for preaching the gospel of Jesus Christ, Saving Eutychus delivers fresh, honest, faithful and practical insights into preaching the whole Word of God,

Sunday by Sunday, without being dull. - Back cover. Preaching?

Expository preaching has been on the rise over the last five decades, with more and more pastors preaching through entire books of the Bible systematically. But few, if any, preachers have a long-term plan to teach through every book of the Bible over a lifetime of ministry. Since the whole Bible is God's Word to his people, all of Scripture is important in order to grow as Christians. Written to make a case for the necessity of a long-term plan for preaching through the entire Bible instead of just through individual books, this is not just a book on how to preach, but also how to plan and prepare long-range preaching programs through the whole counsel of God.

She begins with the stories of three women whose preaching was often described as testimony: Anne Marbury Hutchinson, Sarah Osborn, and Jarena Lee. Then, she examines biblical and theological perspectives on testimony. Finally, she explores how testimony plays out in a preacher's life, offering constructive proposals for preaching as well as helpful guidelines, direction, and exercises.

According to the Reformers, preaching is the word of God. As the word of God, preaching is a foundation for the church. It is also vital for the personal growth of a Christian. But Christians are poorly equipped to understand how preaching is the word of God. Some Christians look for preaching that closely reproduces the text in the Bible. Other Christians look for preaching that creates maximal emotional and existential impact. And there is a lot of name-calling with Christians accusing preachers of "not preaching the word." But what type of preaching is the word of God? The purpose of this book is to equip Christians to understand how preaching can be God speaking. It accomplishes this with a survey of the problem in the history of the church, a detailed overview of key biblical texts, and finally the application of the contemporary philosophical tool of speech act theory.
