**Saxon Textbooks ::
Homework Help and
Answers :: Slader**

It is designed to be part of a three-textbook, secondary school/high school math series. When followed by Algebra 2 and Advanced Mathematics, it comprises a 4-credit math curriculum (the 4th credit is geometry, which is integrated and advanced incrementally throughout all three books). So, what should you do after

you finish 7/6?

Algebra 2 (3rd edition) - Nicole the Math Lady

Saxon Algebra 2, 3rd Edition, is the first Saxon product that I have used in my homeschool. I recently completed my 12th year of homeschooling, and my 10th grade daughter worked half of this book. When she finishes the book next school year, she will have earned one credit in Algebra 2

and one credit in geometry.
