"Exhilarating...A wildly imagined, head-spinning, deeply intelligent novel." - The New York Times Book Review "[W]ildly inventive...[Helen Oyeyemi's] prose is not without its playful bite."

— Vogue The prize-winning, bestselling author of *Boy Snow Bird*, *What Is Not Yours Is Not Yours*, and *Peaces* returns with a bewitching and imaginative novel. Influenced by the mysterious place gingerbread holds in classic children's stories, beloved novelist Helen Oyeyemi invites readers into a delightful tale of a surprising family legacy, in which the inheritance is a recipe. Perdita Lee may appear to be your average British schoolgirl; Harriet Lee may seem just a working mother trying to penetrate the school social hierarchy; but there are signs that they might not be as normal as they think they are. For one thing, they share a gold-painted, seventh-floor walk-up apartment with some surprisingly verbal vegetation. And then there's the gingerbread they make. Londoners may find themselves able to take or leave it, but it's very popular in Druh á strana, the far-away (or, according to many sources, non-existent) land of Harriet Lee's early youth. The world's truest lover of the Lee family gingerbread, however, is Harriet's charismatic childhood friend Gretel Kercheval—a figure who seems to have had a hand in everything (good or bad) that has happened to Harriet since they met. Decades later, when teenaged Perdita sets out to find her mother's long-lost friend, it prompts a new telling of Harriet's story. As the book follows the Lees through encounters with jealousy, ambition, family grudges, work, wealth, and real estate, gingerbread seems to be the one thing that reliably holds a constant value. Endlessly surprising and satisfying, written with Helen Oyeyemi's inimitable style and imagination, it is a true feast for the reader.

gerade weil sie von dem erz ä hlt, was so nie stattfinden wird. Egal ob als Serie auf Netflix, im Radio oder als Comic oder Buch: Science Fiction erlebt in den letzten Jahren eine Wiederbelebung, geradezu einen Boom. Steckt dahinter Eskapismus angesichts der Schieflagen in unserer Gegenwart oder handelt es sich um den Hunger nach M ö glichkeiten, die Welt anders zu denken? F ü r Dietmar Dath ist Science Fiction Teil seiner Biografie und weit mehr als Sternenerst ö rer und Perry-Rhodan-Hefte. Sie ist auch Form und Methode, eine Art der Wissensproduktion. Die Geschichte des Genres erz ä hlt er als eine Eroberungsgeschichte, die einen Bogen schl ä gt von Mary Shelley, Jules Verne und H. G. This anthology of speculative fiction stories on the themes of colonialism and cultural imperialism focuses on the viewpoints of the colonized. Sixteen

authors share their experiences of being the silent voices in history and on the wrong side of the final frontier; their fantasies of a reality in which straight, cis, able-bodied, rich, anglophone, white males don't tell us how they won every war; and their revenge against the alien oppressor settling their "new world."

"Julienne's aunts are the archer

who shot down the suns and the woman who lives on the moon. They teach her that there's more to the city of her birth than meets the eye--that beneath the modern chrome and glass of Hong Kong there are demons, gods, and the seethe of ancient feuds. As a mortal Julienne is to give them wide berth, for unlike her divine aunts she is painfully vulnerable, and choice prey for any demon. Until one day, she comes across a wounded, bleeding woman no one else can see, and is drawn into an old, old story of love, snake women, and the deathless monk who hunts them."--Back cover.

"By 2009, every anti-worker ideologue and their devotees had a popularized concept under which to mobilize their arguments about how and why workers should absorb the excesses of those capitalists who wanted to maintain their wealthy lifestyles:

austerity. In this sense, the austerity apparatus is simply that which functions to police the everyday operations of crisis capitalism. In another sense this apparatus is the mobilization of operations that are a normative part of capitalism even without a crisis But this is simply due to the fact that economic crises are also part of capitalism's day-to-day functioning: capitalism is crisis, implicitly or explicitly." An excavation of the ideology of austerity and its relationship to the mechanisms of capitalism, *Austerity Apparatus* is a philosophical excursion through a variety of concepts surrounding capitalist crisis and class struggle. Written as a series of interconnected meditations on the problematic of austerity, *Austerity Apparatus* is a creative intervention rather than a polemic or rigorous analysis; it is designed to force reflection on the ways in which contemporary capitalism conditions its

subjects to accept its limits. In examining the problematic of austerity, Moufawad-Paul also discusses the relationship between neoliberalism and fascism and the ways in which the latter is immanent to capitalism. This aspect of *Austerity Apparatus* should be of particular interest to readers exploring the meaning of the contemporary re-emergence of fascist politics.

Methods Devour Themselves is a dialogue between fiction and non-fiction. Inspired by Quentin Meillassoux's *Science Fiction and Extro-Science Fiction* that was paired with an Isaac Asimov short story, this book examines the ways in which stories can provoke philosophical interventions and philosophical essays can provoke stories. Alternating between Benjanun

Sriduangkaew's fiction and J. Moufawad-Paul's non-fiction, *Methods Devour Themselves* is an interstitial project that brings fiction and essay into a unique, avant-garde whole.

Niegeschichte Melville House

A breathtaking novel of secrets, lies, and survival in post-World War II Germany, where alliances may not be what they seem. August 1945. As Stefano, an Italian POW, heads toward home across war-ravaged Germany, he encounters a young child beside his dead mother. Unable to leave him to an unknown fate, Stefano takes the boy with him, finding refuge in a seemingly abandoned house in a secluded woodland. But the house is far from vacant. Stefano wakes at the arrival of its owner, Erich, a former German soldier, who invites the travelers to stay until they can find safe passage home. Stefano cautiously agrees, intrigued by the disarming German, his reclusive neighbor Rosalind, and her traumatized husband, Georg. Stefano is also drawn to Monique, the girl in a photograph on Rosalind's wall, who went missing during the war. But when he discovers letters written by Monique, a darker truth emerges. This place of refuge could be one of reckoning, and the secrets of the past might prevent the travelers from ever getting home.
