I tried scanning in a handwritten document the other day using the Dell Imaging Toolbox
software that came with my V305w printer. I scanned in all 6 pages of the document and all are
the right way round when I scan them in. However, when I click on Convert To PDF and click
Save All Images As One PDF, a progress bar appears saying the document is being processed by
ABBYY Finereader Sprint and when it's finished my pages are in order but some are upside
down and sideways.
