Document Scanner with Touch Screen for Mac
and PC User's Manual Wolters Kluwer

This document provides user information for the IST-SAF command parser installed in ModSAF for test tool purposes. MOd SAF itself is a substantial program with its own user manual; no attempt is made here to provide documentation of ModSAF beyond its text command parser and specifically the IST commands installed as part of that parser. The goal of this development was to provide a command parser capable of reading script files prepared for the IST- SAF (which is based on an IBM PC) on a Unix workstation environment. Rather than develop a new simulation or attempt to port the PC code to Unix, ModSAF was chosen as a fully capable DIS simulation within which the IST commands could be executed.
