Scarlett would never kill her best friend, perhaps a Citizen if the situation called for it, but never Rhys. There are quite a few rules in the training center, but a few are the kind that are never broken. 1. Greens are not sent into Cities without officially being promoted to Blue. 2. Blues don't kill each other. So why is Scarlett being sent into a City without the proper training? And why does a bizarre, elderly male say Scarlett will kill Rhys? In the Shadow of the Cities details Scarlett's life in the training center before she is pulled unexpectedly into City life. Without the proper training, she is confused about these things called "families" and why the Citizens aren't grateful that she is keeping them safe. In this dystopian novel, In the Shadow of the Cities, the story is told not from a Citizen's point of view but from a Guard's. Why do the guards seem to tirelessly obey the government? How can they gun down Citizens mercilessly? Find out as you follow Scarlett on her journey into the Cities.

Failure is unacceptable ... but success could be deadly. From the bestselling author of the Blackthorn Key series, this magic-infused fantasy brings together a ragtag group of kids to pull off a crime so difficult, countless adults have already tried and failed. Lured by the promise of more money than they've ever dreamed of, five young criminals are hired to steal a heavily guarded treasure from the most powerful sorcerer in the city. There's Callan the con artist, Meriel the expert at acrobatics (and knives!), Gareth the researcher, Lachlan who can obtain anything, and Foxtail, whose mysterious eyeless mask doesn't hinder her ability to climb walls like a spider. Though their shadowy backgrounds mean that they've never trusted anyone but themselves, the five must learn to rely on each other in order to get the job done. But as Callan has been warned most of his life, it's best to stay away from magic. It can turn on you at any moment, and make you think you're the one running the con game, when in reality you're the one being fooled. Faced with these unsurmountable odds, can the friends pull off this legendary heist, or has their luck finally run out?

I never thought that my plan to crash a masked party to exact a bit of revenge would fall apart so easily. It was a foolproof plan. The absolute best scenario. Moon-and-stars-aligned worthy. No one would suspect I was anyone other than the wealthy, self-absorbed girl I pretended to be. The one who would wreak havoc that night. Then again, I also didn't plan on running into a wall of sharp wit and steely determination named Calder. The captivating Navy SEAL might've called me by Celeste's name, but he refused to let me hide my true self from him. His special brand of honest, seductive charm was impossible to resist. So I held onto our intense connection for as long as I could, knowing that he would never know me as Cass. When an unexpected turn of events gives me a second chance to see Calder again, of course the opportunity comes with strings attached. I had no idea how dangerously tangled and deeply knotted those strings would become, but for the one man who gave me the courage to live my life for me again, I'd do just about anything.
