What are "essential
questions," and how do
they differ from other
kinds of questions?
What's so great about
them? Why should you

design and use essential questions in your classroom? Essential questions (EQs) help target standards as you organize curriculum content into coherent units that yield focused and thoughtful learning. In the classroom, EQs are used to stimulate students' discussions and promote a deeper understanding of the content. Whether you are an Understanding by Design (UbD) devotee or are searching for ways to address standards—local or Common Core State Standards—in an engaging way, Jay McTighe and Grant Wiggins provide practical guidance on how to design, initiate, and embed inquiry-based teaching and learning in your classroom. Offering dozens of examples, the authors explore the usefulness of EQs in all K-12 content areas, including skill-based areas such as math, PE, language instruction, and arts education. As an important element of their backward design approach to designing curriculum, instruction, and assessment, the authors

- *Give a comprehensive explanation of why EQs are so important;
- *Explore seven defining characteristics of EQs;
- *Distinguish between topical and overarching questions and their uses;
- *Outline the rationale for using EQs as the focal point in creating units of study; and
- *Show how to create effective EQs, working from sources including standards, desired understandings, and student misconceptions. Using

essential questions can be challenging—for both teachers and students—and this book provides guidance through practical and proven processes, as well as suggested "response strategies" to encourage student engagement. Finally, you will learn how to create a culture of inquiry so that all members of the educational community—students, teachers, and administrators—benefit from the increased rigor and deepened understanding that emerge when essential questions become a guiding force for learners of all ages.

Talk and Work It Out

Scholastic Inc.

Discusses the difference between secrets that are fun to keep and those that make people unhappy,

and encourages youngsters to confide in their parents or another trusted adult such painful matters as bullying or improper touching. Alexander and the Terrible, Horrible, No Good, Very Bad Day Shepherd Press From the authors of The Whole-Brain Child and No-Drama Discipline, an indispensable guide to unlocking your child's innate capacity for resilience, compassion, and creativity. When facing contentious issues such as screen time, food choices, and bedtime, children often act out or shut down, responding with reactivity instead of receptivity. This is what New York Times bestselling authors Daniel J. Siegel and Tina Payne Bryson call a No Brain response. But our kids can be taught to approach life with openness and curiosity. When kids work from a Yes Brain, they're more willing to take chances and explore. They're more

curious and imaginative. They ' re better at relationships and handling adversity. In *The Yes Brain*, the authors give parents skills, scripts, and activities to bring kids of all ages into the beneficial “ yes ” state. You ' ll learn • the four fundamentals of the Yes Brain—balance, resilience, insight, and empathy—and how to strengthen them • the key to knowing when kids need a gentle push out of a comfort zone vs. needing the “ cushion ” of safety and familiarity • strategies for navigating away from negative behavioral and emotional states (aggression and withdrawal) and expanding your child ' s capacity for positivity *The Yes Brain* is an essential tool for nurturing positive potential and keeping your child ' s inner spark glowing and growing strong. Praise for *The Yes Brain* “ This unique and exciting

book shows us how to help children embrace life with all of its challenges and thrive in the modern world. Integrating research from social development, clinical psychology, and neuroscience, it ' s a veritable treasure chest of parenting insights and techniques. ” —Carol S. Dweck, Ph.D., author of *Mindset* “ I have never read a better, clearer explanation of the impact parenting can have on a child ' s brain and personality. ” —Michael Thompson, Ph.D. “ Easily assimilated and informative, the book will help adults enable children to lead physically and emotionally satisfying and well-rounded lives filled with purpose and meaningful relationships. Edifying, easy-to-understand scientific research that shows the benefits that accrue when a child is encouraged to be inquisitive, spirited, and intrepid. ” —Kirkus Reviews

The Conflict Resolution Toolbox Chronicle Books

Grade Levels: K-6

A Friendship Yarn Free Spirit Publishing

A modern parenting classic—a guide to a new

and gentle way of understanding the care and nurture of infants, by the internationally renowned childcare expert, podcaster, and author of *No Bad Kids* “An absolute go-to for all parents, therapists, anyone who works with, is, or knows parents of young children.”—Wendy Denham, PhD A Resources for Infant Educators (RIE) teacher and student of pioneering child specialist Magda Gerber, Janet Lansbury helps parents look at the world through the eyes of their infants and relate to them as whole people who have natural abilities to learn without being taught. Once we are able to view our children in this light, even the most common daily parenting

experiences become stimulating opportunities to learn, discover, and connect with our child. A collection of the most-read articles from Janet’s popular and long-running blog, *Elevating Child Care* focuses on common infant issues, including: • Nourishing our babies’ healthy eating habits • Calming your clingy, fearful child • How to build your child’s focus and attention span • Developing routines that promote restful sleep • Eschewing the quick-fix tips and tricks of popular parenting culture, Lansbury’s gentle, insightful guidance lays the foundation for a closer, more fulfilling parent-child relationship, and children who grow up to be authentic, confident,

successful adults.

Finding Your Way Through Conflict R.I.C. Publications

It just isn't Noodle's fault that his mom forgot to remind him to turn in his library book. Or that he didn't finish his homework. Luckily he learns not to blame others, but instead to take responsibility for his actions.

The Kid Trapper Center Street

Recounts the events of a day when everything goes wrong for Alexander. Suggested level: junior, primary.

I Can't Believe You Said That! Simon and Schuster

Describes a method of negotiation that isolates problems, focuses on interests, creates new options, and uses objective criteria to help two parties reach an agreement.

Essential Questions

Penguin

Kids who understand how to manage conflict successfully can transform their schools into safer and kinder places to learn. Kids Working It Out offers educators and parents a guide to the most current and effective school-based conflict resolution programs and shows how these programs can make a positive difference in our schools. Throughout the book, students and teachers share their stories of what it's really like in today's schools and reveal how Conflict Resolution Education, has shaped their experiences. Kids Working It Out covers a wide range of topics-- curriculum integration, peer mediation, restorative justice, and others-- and shows what it takes to implement an effective program in any school, and any community.

Elevating Child Care
Althea Press
Conflict Resolution: Positive Actions helps students investigate mental, verbal, and physical conflict in today's classrooms. Tips and suggestions are included that will help develop strategies for handling, minimizing, and resolving conflict situations.

Includes role-playing scenarios and useful dialogue suggestions.

Discipline That Connects With Your Child's Heart

John Wiley & Sons
In real-life conflict resolution situations, one size does not fit all. Just as a mechanic does not fix every car with the same tool, the conflict resolution practitioner cannot hope to resolve every dispute using the same technique. Practitioners need to be

comfortable with a wide variety of tools to diagnose different problems, in vastly different circumstances, with different people, and resolve these conflicts effectively. The Conflict Resolution Toolbox gives you all the tools you need: eight different models for dealing with the many conflict situations you encounter in your practice. This book bridges the gap between theory and practice and goes beyond just one single model to present a complete toolbox - a range of models that can be used to analyze, diagnose, and resolve conflict in any situation. It shows mediators, negotiators, managers, and anyone needing to resolve conflict how to simply and effectively understand and assess the situations of conflict they face. And it goes a step further, offering specific, practical guidance

on how to intervene to resolve the conflict successfully. Each model provides a different and potentially useful angle on the problem, and includes worksheets and a step-by-step process to guide the reader in applying the tools. Offers eight models to help you understand the root causes of any conflict. Explains each model's focus, what kind of situations it can be useful in and, most importantly, what interventions are likely to help. Provides you with clear direction on what specific actions to choose to resolve a particular type of conflict effectively. Features a detailed case study throughout the book, to which each model is applied. Additional examples and case studies unique to each chapter give the reader a further chance to see the models in action.

Includes practical tools and worksheets that you can use in working with these models in your practice. The Conflict Resolution Toolbox equips any practitioner to resolve a wide range of conflicts. Mediators, negotiators, lawyers, managers and supervisors, insurance adjusters, social workers, human resource and labour relations specialists, and others will have all the tools they need for successful conflict resolution.

Anger Control and Conflict Management for Kids Taylor & Francis

Learn how to engage in and resolve conflict productively to improve work relationships and create a more equitable community for children. Conflicts are inevitable, often hard to navigate, and can quickly multiply

and become unmanageable. And resolving conflict requires self-reflection, understanding, and vulnerability. But knowing how to tackle difficult conversations will strengthen relationships, create a more equitable community, and improve the impact educators have on the young children they work with. The first of its kind, *Finding Your Way Through Conflict* specifically focuses on conflict in early childhood education settings and gives concrete steps and strategies to help manage and resolve it productively. Authors Chris Amirault, Ph.D., and Christine M. Snyder, M.A., have decades of experience in early childhood education

programs and conflict resolution. Built on their expertise and their own experiences, the book's conflict scenarios are engaging and authentic, empowering educators to get in and out of conflict in a variety of personal, organization, and cultural contexts. Some of these scenarios include: *The Discombobulated Team*: The children's artwork you posted in the classroom yesterday is gone. Who took it down—and why? *The Intent/Impact Disagreement*: You were only trying to help! So why is that parent offended? *The Unexpected Disaster*: Your team planned every aspect of that difficult parent meeting for days. So why was it such a catastrophe? A free

PLC/Book Study Guide is available at freespirit.com/plc.

How Rude! Moody Publishers

The newly reformatted Young Peacemaker Set The Young Peacemaker Set includes a 200 page Teacher Manual designed in a workbook format, and the appendices can be photocopied for child or student use. Divided into three sections:

Understanding, Responding and Preventing Conflict, each lesson has a goal, objectives, principle, and needs clearly outlined at the beginning, and is followed by teacher's notes on setting the stage and questions to ask.

Reproducible student activity sheets for all twelve lessons are included on an enclosed CD for ease of duplication. Help illustrate the conflicts and talk about

possible solutions--good and bad--and what's wrong with the "bad" solutions. A lesson summary reaffirms the lesson's main points. Recommended for grades 3-7, but can be adapted for younger or older students.

Peer Mediation Portage & Main Press

A practical handbook that provides seven simple steps to resolving conflicts between parents and children; and includes activities, stories, and helpful resources.

A Bug and a Wish Houghton Mifflin Harcourt

Clear, simple language and realistic illustrations teach children the process of peaceful conflict resolution.

The Yes Brain Baker Books

In The Therapist's Notebook for Children and Adolescents, 2nd ed, you'll find the most powerful tools available for aiding children with their feelings, incorporating play techniques into therapy,

encouraging appropriate parental involvement in family sessions, and providing group therapy to children. This ready reference is divided into ten thoughtfully planned sections to make it easy to find the right activity, handout, or intervention for the problem at hand, whether you're looking for creative ideas, running a children's group, putting interventions into practice in the classroom, or looking for ways to increase parental and familial involvement. Instructions for the activities are clearly explained and highlighted with case examples and many illustrations. Chapters are by leading experts, including Eliana Gil, Risë VanFleet, Liana Lowenstein, Howard Rosenthal, and Volker Thomas, and explore strategies for treating children both individually

and in a family context. With more than 60% new material, this expanded version delves into the latest research and thinking on family play therapy and addresses many pertinent issues of our time, including bullying, suicidal ideation, ADHD, autism, adolescents and sex, and cultural issues. It's a must-have arsenal for both novice and experienced professionals in family therapy, play therapy, psychology, psychiatry, counseling, education, nursing, and related fields.

Conflict Resolution Free Spirit Publishing

A handbook designed to help parents teach their children how to think, problem-solve, and resolve conflicts with others in their everyday lives.

Conflict Resolution, Grades 4 - 5 Tricycle Press

It's the first day of school

for Penelope Rex, and she can't wait to meet her classmates. But it's hard to make human friends when they're so darn delicious! That is, until Penelope gets a taste of her own medicine and finds she may not be at the top of the food chain after all. . . . Readers will gobble up this hilarious new story from award-winning author-illustrator Ryan T. Higgins.

The Young Peacemaker

ASCD

Hilarious etiquette and manners guide teaches teens how to use manners to gain respect, feel good about themselves, and enjoy life to the fullest. Discussing etiquette and manners from common courtesies to cell-phone smarts to classroom decorum, Alex

J. Packer blends outrageous humor with sound advice as he explains why etiquette and manners are important—because people who know how to handle themselves in social situations come out on top, get what they want, feel good about themselves, and enjoy life to the fullest. Full of practical tips for every occasion, *How Rude!* is a serious etiquette and manners encyclopedia—and a hilarious read. This revised and updated edition describes the basics of polite behavior in all kinds of situations at home, in school, online, and in the world. For more must-have advice from Alex J. Packer, Ph.D., check out *Slaying*

Digital Dragons: Tips and tools for protecting your body, brain, psyche, and thumbs from the digital dark side.

The Knowledge Gap

John Wiley & Sons

Audrey "Sunshine"

Monke, mother of five

and camp owner-director,

shares nine powerful

parenting techniques-

inspired by the research-

based practices of

summer camp-to help

kids thrive and families

become closer. Research

has proven that kids are

happier and gain

essential social and

emotional skills at camp.

A recognized parenting

expert, Audrey Monke

distills what she's learned

from thousands of

interactions with

campers, camp

counselors, and parents,

and from her research in positive psychology, to offer intentional strategies parents can use to foster the benefits of camp at home. Our screen-obsessed, competitive society makes it harder than ever to raise happy, thriving kids. But there are tried-and-true methods that can help. Instead of rearing a generation of children who are overwhelmed, anxious, depressed, and who struggle to become independent, responsible adults, parents can create a culture that promotes the growth of important character traits and the social skills kids need for meaningful, successful lives. Thousands of parents attest to the "magical" benefits of summer camp for their

kids, noting their children return more joyful, positive, confident, and resilient after just a few weeks. But you can learn exactly what it takes to promote these benefits at home. Complete with specific ideas to implement the most effective summer camp secrets, HAPPY CAMPERS is a one of a kind resource for raising happy, socially intelligent, successful kids.
