A. L. Graziadei's Icebreaker

is an irresistible YA debut about two hockey players fighting to be the best—and the romance that catches them by surprise along the way. Seventeen-year-old Mickey James III is a college freshman, a brother to five sisters, and a hockey legacy. With a father and a grandfather who have gone

down in NHL history, Mickey is almost guaranteed the league's top draft spot. The only person standing in his way is Jaysen Caulfield, a contender for the #1 spot and Mickey's infuriating (and infuriatingly attractive) teammate. When rivalry turns to something more, Mickey will have to decide what he really wants, and what he's willing to risk for it. This is a story about falling in love, finding your team (on and off the ice), and choosing your own path.

I Will Save You Henry Holt and Company (BYR)

In his most extraordinary book, the bestselling author of *Awakenings* and "poet laureate of medicine" (The New York Times) recounts the case histories of patients inhabiting the compelling

world of neurological disorders, from those who are no longer able to recognize common objects to those who gain extraordinary new skills. Featuring a new preface, Oliver Sacks's *The Man Who Mistook His Wife for a Hat* tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In Dr. Sacks's splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine's ultimate responsibility: "the suffering, afflicted, fighting human subject."

"Set in a parallel version of America where time has stopped, the novel tells the story of one teenage girl trying to untangle her toxic family's secrets--and maybe restart the world's clocks in the process"--

[Growing up on Crystal Meth](#) Random House Digital, Inc.

Eighteen-year-old Joshua Cushing wakes up in a psych ward and discovers he has only one eye. Worse, no one in his family will tell him what happened to his girlfriend, Sophie. An often comic page-turner for readers of all ages about the serious subject of mental health, this is an

unforgettable story woven from secrets, snarky humor, friendship, faith, and love.

Living with Addiction

What if your greatest secrets became public?

For the students at Alexandria Prep, a series of hacks leads to a scandalous firestorm—and the students are left wondering whose private photos and messages will be exposed next. It's *Pretty Little Liars* meets *WikiLeaks*. ONE HACK. EVERY SECRET. EXPOSED. Alexandria Prep is in total social chaos.

Someone—no one knows who—has hacked into the phones of the school's social royalty and leaked their personal messages and photos. At first it was

funny—everyone loved watching the dirty private lives of those they envied become public. But when things escalate, the students realize anyone could be a target. When Anna returns to school for senior spring, she's initially grateful that all eyes are on everyone else's problems...and not on her humiliating breakup with her basketball-star boyfriend. But as the hacks begin to shatter lives and threaten futures, Anna races to protect those she loves—as well as her own devastating secrets. If only the students of Alexandria Prep could turn back the clock so they knew then what they know now: sometimes we share too much. ?

The Weight of Zero

A teen girl hiding the scars of a past relationship finds home and healing in the words of strong Black writers. A beautiful sophomore novel from a critically acclaimed author and poet that explores how words have the power to shape and uplift our world even in the midst of pain. When Darius told Angel he loved her, she believed him. But five weeks after the incident, Angel finds herself in Brooklyn, far from her family, from him, and from the California life she has known. Angel feels

out of sync with her new neighborhood. At school, she can't shake the feeling everyone knows what happened--and that it was her fault. The only place that makes sense is Ms. G's class. There, Angel's classmates share their own stories of pain, joy, and fortitude. And as Angel becomes immersed in her revolutionary literature course, the words from novels like *The Bluest Eye* and *Push* speak to her and begin to heal the wounds of her past. This stunning novel weaves together prose, poems, and vignettes to tell the story of Angel, a young woman whose past was shaped by domestic violence but whose love of language and music and the gift of community grant her the chance

to find herself again.

A gripping story of survival and the razor's-edge difference between perfect cruelty and perfect love. "This isn't meant to be a confession. Not in any spiritual sense of the word. Yes, I'm in jail at the moment. I imagine I'll be here for a long time, considering. But I'm not writing this down for absolution and I'm not seeking forgiveness, not even from myself. Because I'm not sorry for what I did to Rose. I'm just not. Not for

any of it." Ben Gibson is many things, but he's not sorry and he's not a liar. He will tell you exactly about what happened on what started as a simple school camping trip in the mountains. About who lived and who died. About who killed and who had the best of intentions. But he's going to tell you in his own time. Because after what happened on that mountain, time is the one thing he has plenty of. Smart, dark, and twisty, *When I Am Through With You* will leave readers wondering what it

really means to do the right thing.

From the author of the Gemma Doyle trilogy and The Diviners series, this groundbreaking New York Times bestseller and winner of the Michael L. Printz Award for literary excellence is "smart, funny, and layered," raves Entertainment Weekly. All 16-year-old Cameron wants is to get through high school—and life in general—with a minimum of effort. It's not a lot to ask. But that's before he's given some bad news: he's sick and he's going

to die. Which totally sucks. Hope arrives in the winged form of Dulcie, a loopy punk angel/possible hallucination with a bad sugar habit. She tells Cam there is a cure—if he's willing to go in search of it. With the help of a death-obsessed, video-gaming dwarf and a yard gnome, Cam sets off on the mother of all road trips through a twisted America . . . into the heart of what matters most. From acclaimed author Libba Bray comes a dark comedic journey that poses the questions: Why are

we here? What is real? What makes microwave popcorn so good? Why must we die? And how do we really learn to live? "A hilarious and hallucinatory quest."—The New York Times

"Sublimely surreal."—People

"Libba Bray's fabulous new book will, with any justice, be a cult classic. The kind of book you take with you to college, in the hopes that your roommate will turn out to have packed their own copy, too. Reading it is like discovering an alternate version of *The Phantom*

Tollbooth, where Holden Caulfield has hit Milo over the head and stolen his car, his token, and his tollbooth. There's adventure and tragedy here, a sprinkling of romance, musical interludes, a battle-ready yard gnome who's also a Norse God, and practically a chorus line of physicists. Which reminds me: will someone, someday, take *Going Bovine* and turn it into a musical, preferably a rock opera? I want the sound track, the program, the T-shirt, and front row tickets."—Kelly

On the morning of September 11, 2001, sixteen-year-old Kyle Donohue watches the first twin tower come down from the window of

Stuyvesant High School. Moments later, terrified and fleeing home to safety across the Brooklyn Bridge, he stumbles across a girl perched in the shadows, covered in ash, and wearing a pair of costume wings. With his mother and sister in California and unable to reach his father, a NYC detective likely on his way to the disaster, Kyle makes the split-second decision to bring the girl home. What follows is their story, told in alternating points of view, as Kyle tries to unravel the mystery

of the girl so he can return her to her family. But what if the girl has forgotten everything, even her own name? And what if the more Kyle gets to know her, the less he wants her to go home? *The Memory of Things* tells a stunning story of friendship and first love and of carrying on with our day-to-day living in the midst of world-changing tragedy and unforgettable pain—it tells a story of hope.

Survive the Night
Crown Books For Young Readers
Stay up all night with this modern day Rebecca! Perfect for fans of *Truly Devious*--a haunting story about a new girl in an old town filled with dark secrets . . . that might just kill her. People say the house is cursed. It preys on the weakest, and young women are its favorite victims. In Louth, they're called the Dead Girls. All Bram wanted was to disappear--from her old life, her family's past, and from the scandal that continues to haunt her. The only place left to go is Louth, the tiny town

on the Hudson River where her uncle, James, has been renovating an old mansion. But James is haunted by his own ghosts. Months earlier, his beloved wife died in a fire that people say was set by her daughter. The tragedy left James a shell of the man Bram knew--and destroyed half the house he'd so lovingly restored. The manor is creepy, and so are the locals. The people of Louth don't want outsiders like Bram in their town, and with each passing day she's discovering that the rumors they spread are just as disturbing as the secrets they hide. Most frightening of

all are the legends they tell about the Dead Girls. Girls whose lives were cut short in the very house Bram now calls home. The terrifying reality is that the Dead Girls may have never left the manor. And if Bram looks too hard into the town's haunted past, she might not either. And Other Clinical Tales Razorbill While confined to a mental hospital, thirteen-year-old Callie slowly comes to understand some of the reasons behind her self-mutilation, and gradually starts to get better.
