A True Story from Afghanistan Simon and Schuster

The untold story of the root cause of America's education crisis—and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system—one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong—it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

The true story of how a 1963 ride on a carousel in Maryland made a powerful Civil Rights statement. A Ride to Remember tells how a community came together—both black and white—to make a change. When Sharon Langley was born in the early 1960s, many amusement parks were segregated, and African-American families were not allowed entry. This book reveals how in the summer of 1963, due to demonstrations and public protests, the Gwynn Oak Amusement Park in Maryland became desegregated and opened to all for the first time. Co-author Sharon Langley was the first African-American child to ride the carousel. This was on the same day of Martin Luther King Jr.'s March on Washington for Jobs and Freedom. Langley's ride to remember demonstrated the possibilities of King's dream. This book includes photos of Sharon on the carousel, authors' notes, a timeline, and a bibliography. "Delivers a beautiful and tender message about equality from the very first page." —Kirkus Reviews, Starred Review "Cooper's richly textured illustrations evoke sepia photographs' dreamlike combination of distance and immediacy, complementing the aura of reminiscence that permeates Langley and Nathan's narrative." —Publishers Weekly, Starred Review "A solid addition to U.S. history collections for its subject matter and its first-person historical narrative." —School Library Journal
