China's new retail revolution will completely transform how the world thinks about retail and digital innovation. But is the world ready yet? In this book, the authors share an insider's perspective on what is happening in China to reveal the future for global retail, and a clear framework to help you prepare. The book presents a number of real-world cases, based on interviews and first-hand consumer experience, to decode China's retail revolution so that you can understand what is happening and why, and what it means for the rest of the world. Crucially, the book identifies five critical stages in the development of new retail that global retail executives need to grasp now: lifestyle commerce, Online-Merge-Offline retail, social retail, livestream retail and invisible retail. To help the industry get ready for this new, China-inspired paradigm in retail, the authors present a practical and simple framework – a ten-year strategic roadmap for global retail executives, which we call the “Beyond” the Value Chain Model. China's new retail is not just about fashion, cosmetics, snacks, data-driven convenient stores and commercial live streaming. At a time when

the world of retail is being upended, it offers inspirational lessons in innovation, purpose and agility for global executives across the entire retail spectrum.

This book is an ambitious synthesis of the social, economic, political and cultural interactions between Greeks and non-Greeks in the Mediterranean world during the Archaic, Classical and Hellenistic periods. Instead of traditional and static distinctions between Greeks and Others, Professor Vlassopoulos explores the diversity of interactions between Greeks and non-Greeks in four parallel but interconnected worlds: the world of networks, the world of apoikiai ('colonies'), the Panhellenic world and the world of empires. These diverse interactions set into motion processes of globalisation; but the emergence of a shared material and cultural koine across the Mediterranean was accompanied by the diverse ways in which Greek and non-Greek cultures adopted and adapted elements of this global koine. The book explores the paradoxical role of Greek culture in the processes of ancient globalisation, as well as the peculiar way in which Greek culture was shaped by its interaction with non-Greek cultures.

On August 14, 2011, when I was in Kandergrund in the Bernese Highlands in Switzerland an important connection became very clear to me. I recognized a spiritual cause for why we are losing part of our youth. I was very shocked. I thought of my children and grandchildren. Since then I have been intensively occupied with this subject. Now I believe that the same spiritual cause is behind many of our problems; specifically the personal problems, in the local churches and the world-wide church. It is the lack of the Holy Spirit. If this is the cause, then we should urgently address this issue. If the cause can be eliminated or

considerably reduced, then many problems will become superfluous or will be resolved.

Being labelled a player never stopped me from being successful with women. Until I met Truly Harbury. Truly was the first girl who ever turned me down. The first female friend I ever had. And she might just be the first woman I ever fall in love with. When an emergency means she needs my help running her family ' s charity, I ' m happy to introduce her to the glitz and glamour of the London business world—taking her to dinners, coaching her through speeches,

zipping up the sexy evening gown I helped her pick out. The more time we spend together, the more I want to convince her I ' m not a man to avoid, that we ' re not as unsuited as she believes. She sees herself as the book-reading, science-loving introvert while I ' m the dangerous, outgoing, charmer. She thinks I love parties and people whereas she prefers pajamas and a takeaway. What she doesn ' t realize is that I like everything about her – the way her smile lights up a room, how her curves light up my imagination, and especially the way her lips taste when coated with tequila. She ' s the first woman I ever fell in love with. I just need to know if she could ever love me too. Make Your Bed Cambridge University Press

It's time to stop giving a sh\*t! Be calm... Stop stressing... Embrace the universe... Try yoga... Be fulfilled... and that's an order! We're overwhelmed with these sorts of commands, and we often torture ourselves to "try harder," yet somehow we never feel we've done quite enough. It's about time we stop pushing ourselves to do what we think we're supposed to do, and instead simply allow ourselves to be angry, be tired, be silly, be passionate--to stop giving a shit, and just be. An international bestseller (now in English for the first time), *The French Art of Not Giving a Sh\*t* by Fabrice Midal explains why the key to true mindfulness is freeing ourselves from social and often self-imposed stresses--and highlights how we can embrace life more fully by giving ourselves a break. He gives readers permission to: Stop obeying -- you are intelligent Stop being calm -- be at peace Stop wanting to be perfect --

---

accept life's storms Stop rationalizing -- let things be Stop comparing -- be you Stop being ashamed -- be vulnerable Stop tormenting yourself -- become your own best friend Stop wanting to love -- be benevolent One of the world's leading teachers of meditation and mindfulness, Midal offers us a new solution to the perennial problem of our too-much, too-fast modern life. It's OK, he urges us, to say no. It's fine to quit the things that don't fulfill you. It's necessary, in fact, to give ourselves a break and say, simply, c'est la vie. In *The French Art of Not Giving a Sh\*t*, Midal gives each of us permission to stop doing the things that don't make us happy ... so we have room in our lives for the things that do.

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life;

and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes
