John Wiley & Sons

The definitive guide to technical analysis . . . written from a trader's perspective With the keen insight and perspective that have made him a market legend, Jack D. Schwager explores, explains, and examines the application of technical analysis in

futures trading. In the most in-depth, comprehensive book available, the bestselling investment writer demonstrates why he is one of today's foremost authorities. Here is the one volume no trader should be without. "Jack Schwager has accomplished the rarest of feats in this book. He has presented material in a way that both the professional and layman can profit from. It is a must read for traders on all levels." - Stanley Druckenmillern Managing Director, Soros Fund Management "Jack Schwager's Technical Analysis is exactly what one should expect from this expert on futures. The book is

comprehensive, thoroughly insightful, and highly educational. I recommend it to the beginner as well as the expert." - Leo Melamed Chairman, Sakura Dellsher, Inc. "Jack Schwager possesses a remarkable ability to extract the important elements of complex, market-timing approaches, and distill that into something intelligible and useful. Not only is he able to present these ideas cleverly in an easily understood format, but he also demonstrates their application to the markets with clarity and precision." - Thomas R. DeMark Author, The New Science of Technical Analysis "Jack Schwager's book, A Complete Guide

to the Futures Markets, was one of the best books I have read on futures trading. We give a copy of it to all our new analysts. Jack's latest work, *Technical Analysis*, looks like a gold mine of information, adding significantly to the existing investment literature." - Monroe Trout President, Trout Trading Management Co. Jack Schwager is one of the most important and visible figures in the futures industry today. His *Market Wizards* and *The New Market Wizards* are two of the bestselling finance titles of all time. Now, in the latest volume in the Schwager on Futures series, *Technical Analysis*, Schwager has created the most comprehensive guide ever for using technical analysis for futures trading. What makes *Technical Analysis* unique, besides its in-depth coverage, is that it is written from a trader's perspective. Schwager doesn't merely cover the subject, he explores what works and doesn't work in the real world of trading. Contains a comprehensive guide to chart analysis written with a particular focus on trading applications * Includes a separate 200+ page section illustrating the use of chart analysis in the real world * Details and

illustrates several original trading systems * Includes a self-contained primer on cyclical analysis * Describes popular oscillators, the pitfalls in their common use, and guidelines to their successful application in trading * Explains the concept and use of "continuous futures" and compares 10-year continuous futures charts with conventional nearest futures charts for all major U.S. futures markets * Contains a section on trading strategy and philosophy, including over 100 trading tips Hundreds of charts, tables, and examples illustrate key points throughout, while the text is written in the informative, insightful, and nontechnical style that has made Jack Schwager one of the most highly regarded and bestselling investment authors ever. This invaluable book by one of the world's foremost authorities is destined to become the premier industry guide on technical analysis for many years to come. *Futures, Textbook and Study Guide* Columbia University Press
This outstanding reference has already taught thousands of traders the concepts of technical analysis and their application in the futures and stock markets. Covering the latest developments in computer technology, technical tools, and indicators, the second edition features new

material on candlestick charting, intermarket relationships, stocks and stock rotations, plus state-of-the-art examples and figures. From how to read charts to understanding indicators and the crucial role technical analysis plays in investing, readers gain a thorough and accessible overview of the field of technical analysis, with a special emphasis on futures markets. Revised and expanded for the demands of today's financial world, this book is essential reading for anyone interested in tracking and analyzing market behavior.

The New Science of Technical Analysis John Wiley & Sons
The must-have book for all futures traders In *Fundamental Analysis*, the legendary Jack D. Schwager has produced the most comprehensive, in-depth book ever written on the use of fundamental analysis for futures trading. In what is destined to become the bible of the futures industry, Schwager has poured out insights gathered during his long career as a trader, researcher, bestselling writer, and highly regarded

authority in the field. This book is packed with invaluable information you'll use every trading day.

"Futures guru Jack Schwager has created the definitive source on using fundamental analysis for price forecasting that no trader can afford to be without."

--Tom Baldwin, Chairman, Baldwin Group "This book won't make you a great commodities trader instantly, but it will teach you what you must know to start."

--Jim Rogers, Author, Investment Biker "Jack Schwager always provides clear and compelling material on the often opaque subject of futures trading."

--Richard Dennis, President, Dennis Trading Group "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have

set him apart as the definitive market chronicler of our age." --Ed Seykota
Fundamental Analysis is the first book in the Schwager on Futures series--the definitive source on the futures market for the next century that no trader will want to be without. Jack Schwager is one of the most important and visible figures in the futures industry today. His Market Wizards and New Market Wizards are two of the bestselling finance titles of all time. Now Schwager has created the most comprehensive guide ever for using fundamental analysis for futures trading. The much-awaited Schwager on Futures series greatly expands and updates material first contained in his A Complete Guide to the Futures Markets, which has been the bible of the industry for the past

decade. In this first volume of the series, Fundamental Analysis, Schwager shows traders how to apply analytical techniques to actual price forecasting and trading in virtually all futures contracts currently traded. In chapter after chapter, Schwager draws on what he has learned during his legendary career as a successful trader, researcher, and bestselling investment author to dispense priceless insights. * Explains how to apply the techniques of technical analysis to fundamental data-information not found elsewhere * Shows how regression analysis works and tells how to use it as a tool for price forecasting * Includes step-by-step instruction on how to build a forecast model * Contains a 13-chapter section

illustrating the applications of fundamental techniques to individual markets and market groups * Outlines how to analyze seasonal fluctuations, including seasonal price charts of 27 active markets Numerous charts, tables, and examples illustrate all key concepts, and the text itself is written in the clear, nontechnical style that has helped make Jack Schwager one of today's most widely read and highly regarded investment writers.

Unknown Market Wizards Wiley
The third in the bestselling Market Wizards series, this time focusing on the barometer of the economy—the stock market. It has been nearly a decade since the publication of the highly successful

The New Market Wizards. The interim has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, dramatic failures in some of the world's leading hedge funds, the burst of the Internet bubble, a fall into recession and subsequent rumblings of recovery. Who have been the 'market wizards' during this tumultuous financial period? How did some traders manage to significantly outperform a stockmarket that during its heyday moved virtually straight up? This book will feature interviews with a variety of traders who achieved phenomenal financial success during the glory days of the Internet boom. In contrast with the first two Market Wizard books, which included traders from a broad financial spectrum—stocks, bonds, currencies and futures—this volume will focus on traders in the stockmarket.

Getting Started in Technical Analysis
Orchard Books (NY)

Praise for THE NEW MARKET WIZARDS "Jack Schwager simply writes the best books about trading I've ever read. These interviews always give me a lot to think about. If you like learning about traders and trading, you'll find that reading this book is time well spent." -Richard Dennis, President, The Dennis Trading Group, Inc. "Jack Schwager's deep knowledge of the markets and his extensive network of personal contacts throughout the industry have set him apart as the definitive market chronicler of our age." -Ed Seykota "Very interesting indeed!" -John Train, author of The Money Masters "Successful trading demands longtime experience because it requires firsthand knowledge. If there is a shortcut to this requirement, however, it is in reading about the experiences of others. Jack Schwager's book provides that shortcut. If you find yourself sweating upon occasion as you read, then you're as close to the trading experience as you can get without actually doing it yourself." -Robert R. Prechter, Jr., editor, The Elliott Wave Theorist THE NEW

MARKET WIZARDS Some traders distinguish themselves from the herd. These supertraders make millions of dollars-sometimes in hours-and consistently outperform their peers. As he did in his acclaimed national bestseller, Market Wizards, Jack Schwager interviews a host of these supertraders, spectacular winners whose success occurs across a spectrum of financial markets. These traders use different methods, but they all share an edge. How do they do it? What separates them from the others? What can they teach the average trader or investor? In The New Market Wizards, these wildly successful traders relate the financial strategies that have rocketed them to success, as well as the embarrassing losses that have proven them all too human. Meet the Wizards of Wall Street: * Stan Druckenmiller, who, as manager of the Soros Quantum Fund, realized an average annual return of more than 38 percent on assets ranging between \$2.0 and \$3.5 billion * William Eckhardt, a mathematician who, in collaboration with trader Richard Dennis, selected and trained

the now-legendary circle known as the Turtles * Bill Lipschutz, a former architect who, for eight years, was Salomon Brothers' largest and most successful currency trader * Blair Hull, a one-time blackjack player who began an options trading company with Asking the questions that readers with an interest in the financial markets would love to pose to the financial superstars, and filled with candid appraisals, The New Market Wizards takes its place as a classic. Schwager on Futures Wiley The must-have book for all futures traders In Fundamental Analysis, the legendary Jack D. Schwager has produced the most comprehensive, in-depth book ever written on the use of fundamental analysis for futures trading. Fundamental Analysis John Wiley & Sons

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and

Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* "It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist*

Technical Analysis, Study Guide
Penguin

Explains the workings of the commodity futures market, describes methods for analyzing the futures market, and offers advice on trading in futures

Dot.Com John Wiley & Sons

An accessible look at the art of investing and how to adopt the practices of top professionals. What differentiates the highly successful market

practitioners—the Market Wizards—from ordinary traders? What traits do they share? What lessons can the average trader learn from those who achieved superior returns for decades while still maintaining strict risk control? Jack Schwager has spent the past 25 years interviewing the market legends in search of the answers—a quest chronicled in four prior Market Wizards volumes totaling nearly 2,000 pages. In *The Little Book of Market Wizards*, Jack Schwager seeks to distill what he considers the essential lessons he learned in conducting nearly four dozen interviews with some of the world's best traders. The book delves into the mindset and processes of highly successful traders, providing insights that all traders should find helpful in improving their trading skills and results. Each chapter focuses on a specific theme essential to market success. Describes how all market participants can benefit by incorporating the related traits, behaviors, and philosophies of the Market Wizards in their own trading. Filled with compelling anecdotes that bring the trading messages to life, and direct quotes from the market greats that resonate with the wisdom born of experience and skill. Stepping clearly outside the narrow confines of most investment books, *The Little Book of Market Wizards* focuses on the value of

understanding one's self within the context of successful investing.

The Little Book of Market Wizards
Harriman House Limited
Revered by many, reviled by some, technical analysis is the art and science of deciphering price activity to better understand market behavior and identify trading opportunities. In this accessible guide, Jack Schwager—perhaps the most recognized and respected name in the field—demystifies technical analysis for beginning investors, clearly explaining such basics as trends, trading ranges, chart patterns, stops, entry, and exit and pyramiding approaches. The book's numerous examples and clear, simple explanations provide a solid framework for using technical analysis to make better, more informed investment decisions and as the basis for mechanical trading systems. Along with Schwager's invaluable trading rules and market observations culled from years of

real-world trading experience, *Getting Started in Technical Analysis* offers in-depth coverage of: * Types of charts—bar, close-only, point-and-figure, candlestick. * Chart patterns—one-day, continuation, top and bottom formations, the importance of failed signals. * Trading systems—trend-following, counter-trend, pattern recognition. * Charting and analysis software—price data issues, time frame/trading style considerations, software research. * He planned trading approach—trading philosophy, choosing markets, risk control strategies, establishing a trading routine. Study Guide to accompany *Fundamental Analysis* HarperCollins
The world's top trader's reveal the secrets of their phenomenal success! How do the world's most successful traders amass tens, hundreds of millions of dollars a year? Are they masters of an occult knowledge, lucky winners in a random market lottery, natural-born virtuosos—Mozarts of the markets? In search of an answer,

bestselling author Jack D. Schwager interviewed dozens of top traders across most financial markets. While their responses differed in the details, all of them could be boiled down to the same essential formula: solid methodology + proper mental attitude = trading success. In *Market Wizards* Schwager lets you hear, in their own words, what those super-traders had to say about their unprecedented successes, and he distills their responses down into a set of guiding principles you can use to become a trading star in your own right. Features interviews with superstar money-makers including Bruce Kovner, Richard Dennis, Paul Tudor Jones, Michel Steinhardt, Ed Seykota, Marty Schwartz, Tom Baldwin, and more. Tells the true stories behind sensational trading coups, including the one about the trader who turned \$30,000 into \$80 million, the hedge fund manager who's averaged 30% returns every year for the past twenty-one years, and the T-bond futures trader who parlayed \$25,000 into \$2 billion in a single day! "Market Wizards is one of the most fascinating books

ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head." --Martin W. Zweig, Ph.D., Editor, *The Zweig Forecast*

The Education of a Speculator Penguin
Fascinating insights into the hedge fund traders who consistently outperform the markets, in their own words From bestselling author, investment expert, and Wall Street theoretician Jack Schwager comes a behind-the-scenes look at the world of hedge funds, from fifteen traders who've consistently beaten the markets. Exploring what makes a great trader a great trader, *Hedge Fund Market Wizards* breaks new ground, giving readers rare insight into the trading philosophy and successful methods employed by some of the most profitable individuals in the hedge fund business. Presents exclusive interviews with fifteen of the most successful hedge fund traders and what they've learned over the course of their careers Includes interviews with Jamie Mai, Joel Greenblatt, Michael Platt, Ray Dalio, Colm O' Shea, Ed Thorp, and many more Explains forty key lessons for traders Joins *Stock Market Wizards*, *New Market Wizards*, and *Market Wizards* as the

fourth installment of investment guru Jack Schwager's acclaimed bestselling series of interviews with stock market experts A candid assessment of each trader's successes and failures, in their own words, the book shows readers what they can learn from each, and also outlines forty essential lessons—from finding a trading method that fits an investor's personality to learning to appreciate the value of diversification—that investment professionals everywhere can apply in their own careers. Bringing together the wisdom of the true masters of the markets, *Hedge Fund Market Wizards* is a collection of timeless insights into what it takes to trade in the hedge fund world. *Options Math for Traders* Wiley
Jim Paul's meteoric rise took him from a small town in Northern Kentucky to governor of the Chicago Mercantile Exchange, yet he lost it all--his fortune, his reputation, and his job--in one fatal attack of excessive economic hubris. In this honest, frank analysis, Paul and Brendan Moynihan revisit the events that led to Paul's disastrous decision and examine the psychological factors

behind bad financial practices in several economic sectors. This book--winner of a 2014 Axiom Business Book award gold medal--begins with the unbroken string of successes that helped Paul achieve a jet-setting lifestyle and land a key spot with the Chicago Mercantile Exchange. It then describes the circumstances leading up to Paul's \$1.6 million loss and the essential lessons he learned from it--primarily that, although there are as many ways to make money in the markets as there are people participating in them, all losses come from the same few sources. Investors lose money in the markets either because of errors in their analysis or because of psychological barriers preventing the application of analysis. While all analytical methods have some validity and make allowances for instances in which they do not work, psychological factors can keep an investor in a losing position, causing him to abandon

one method for another in order to rationalize the decisions already made. Paul and Moynihan's cautionary tale includes strategies for avoiding loss tied to a simple framework for understanding, accepting, and dodging the dangers of investing, trading, and speculating.

Jack Schwager's *Complete Guide to Mastering the Markets* Harper Collins

The essential futures market reference guide *A Complete Guide to the Futures Market* is the comprehensive resource for futures traders and analysts. Spanning everything from technical analysis, trading systems, and fundamental analysis to options, spreads, and practical trading principles, *A Complete Guide* is required reading for any trader or investor who wants to successfully navigate the futures market. Clear, concise, and to the point, this fully revised and updated second edition provides a solid foundation in futures market

basics, details key analysis and forecasting techniques, explores advanced trading concepts, and illustrates the practical application of these ideas with hundreds of market examples. *A Complete Guide to the Futures Market*: Details different trading and analytical approaches, including chart analysis, technical indicators and trading systems, regression analysis, and fundamental market models. Separates misleading market myths from reality. Gives step-by-step instruction for developing and testing original trading ideas and systems. Illustrates a wide range of option strategies, and explains the trading implications of each. Details a wealth of practical trading guidelines and market insights from a recognized trading authority. Trading futures without a firm grasp of this market's realities and nuances is a recipe for losing money. *A Complete Guide to the Futures Market* offers serious

traders and investors the tools to keep themselves on the right side of the ledger.

Market Wizards: Interviews with Top Traders John Wiley & Sons
Bestselling author, Jack Schwager, challenges the assumptions at the core of investment theory and practice and exposes common investor mistakes, missteps, myths, and misreads. When it comes to investment models and theories of how markets work, convenience usually trumps reality. The simple fact is that many revered investment theories and market models are flatly wrong—that is, if we insist that they work in the real world. Unfounded assumptions, erroneous theories, unrealistic models, cognitive biases, emotional foibles, and unsubstantiated beliefs all combine to lead investors astray—professionals as well as novices. In this engaging new book, Jack Schwager, bestselling author of *Market Wizards* and *The New Market Wizards*, takes aim at the most perniciously pervasive academic precepts, money management canards, market myths and investor errors. Like so many ducks in a shooting gallery, Schwager picks them off, one at a time, revealing the truth about many of the fallacious assumptions, theories, and

beliefs at the core of investment theory and practice. A compilation of the most insidious, fundamental investment errors the author has observed over his long and distinguished career in the markets. Brings to light the fallacies underlying many widely held academic precepts, professional money management methodologies, and investment behaviors. A sobering dose of real-world insight for investment professionals and a highly readable source of information and guidance for general readers interested in investment, trading, and finance. Spans both traditional and alternative investment classes, covering both basic and advanced topics. As in his best-selling Market Wizard series, Schwager manages the trick of covering material that is pertinent to professionals, yet writing in a style that is clear and accessible to the layman.

Hedge Fund Market Wizards Wiley
The must-have book for all futures traders. In *Fundamental Analysis*, the legendary Jack D. Schwager has produced the most comprehensive, in-depth book ever written on the use of fundamental analysis for futures trading. Wiley

Futures John Wiley & Sons
Stock Market Wizards John Wiley & Sons
Acclaim for The Education of a Speculator, a provocative and penetrating look into the mind, the soul, and the strategies of one of the most controversial traders of all time "A compelling and an entertaining read." -The Wall Street Journal
"Victor Niederhoffer gives us page after page of distilled investment wisdom. Taken together, this is pure nectar to those who aim for consistently superior stock market performance." -Barron's "The Education of a Speculator offers plenty of insights into the way markets work, but the epiphanies are what a reader might expect from Lao-tzu rather than, say, Graham and Dodd." -Worth magazine "The Education of a Speculator is the first meaningful book on speculating. Successful speculating is as fine an art as chess, checkers, fishing, poker, tennis, painting, and music. Niederhoffer brings forth the best from each of these fields and shows the investor how their principles can

enrich one's life and net worth."
-Martin Edelston, President, Boardroom Inc., publishers of Boardroom Classics and Bottom Line/Personal "With an original mind and an eclectic approach, Victor Niederhoffer takes the reader from Brighton Beach to Wall Street, visiting all stops of interest along the way. What emerges is a book full of insights, useful to the professional and layman alike." -George Soros, Principal Investment Advisor, The Quantum Fund
