Score Plus Question Bank and CBSE Sample Question Paper with Model Test Papers in Science (Subject Code - 086) for Class 10 Term II Exam 2021-22 University of Chicago Press

“ A detailed and engaging account of the development of the superconducting supercollider, one of the largest scientific undertakings in the United States. ” —Journal of American History Starting in the 1950s, US physicists dominated the search for elementary particles; aided by the association of this research with national security, they held this position for decades. In an effort to maintain their hegemony and track down the elusive Higgs boson, they convinced President Reagan and Congress to support construction of the multibillion-dollar Superconducting Super Collider project in Texas—the largest basic-science project ever attempted. But after the Cold War ended and the estimated SSC cost surpassed ten billion dollars, Congress terminated the project in October 1993. Drawing on extensive archival research, contemporaneous press accounts, and over one hundred interviews with scientists, engineers, government officials, and others involved, Tunnel Visions tells the riveting story of the aborted SSC project. The authors examine the complex, interrelated causes for its demise, including problems of large-project management, continuing cost overruns, and lack of foreign contributions. In doing so, they ask whether Big Science has become too large and expensive, including whether academic scientists and their government overseers can effectively manage such an enormous undertaking. “ Focusing on the scientific, technical, and political conflicts that led to delays, ever rising costs, and eventually the SSC ’ s cancelation by Congress, Tunnel Visions is a true techno-thriller. ” —Burton Richter, winner of the Nobel Prize in Physics “ Most good science stories are tales of discovery and success, but failure can be just as riveting. Here two historians and an archivist describe the greatest particle physics experiment that never was. ” —Scientific American
