STEMscopes is our main science curriculum source. Each "scope" is similar to a chapter in a textbook and includes all elements of a 5E lesson (Engage, Explore, Explain, Elaborate, and Evaluate). Depending

on the scope, we will take approximately 1-2 weeks to cover the material. The STEMscopes "textbook" is completely online.

Science - DR. FELIX

The ability to read, interpret, and communicate information in the science classroom is a 21st century NGSS skill embedded in the STEMscopes curriculum. We believe that teachers have the power to guide students in rich scientific discourse through modeling, questioning, and feedback, while probing for deeper responses that help students explore their ideas more thoroughly.
