STEMscopes™, created by Accelerate Learning Inc., is an award-winning, research-based national leader in PreK-12 STEM curriculum. Used by over 4.5M students across all 50 states and internationally, STEMscopes provides comprehensive digital resources, supplemental print materials, and hands-on exploration kits that drive engagement and academic growth.

Science Stemscopes Answers

The ability to read, interpret, and communicate information in the science classroom is a 21st century NGSS skill embedded in the STEMscopes curriculum. We believe that teachers have the power to guide students in rich scientific discourse through modeling, questioning, and feedback, while probing for deeper responses that help students explore their ideas more thoroughly.
