PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises.

STEM subjects are where the future's at. Now you can be a science superstar with this colorful practice ebook. Are you a budding Einstein? Or do you need a little more help to avoid falling behind in science class? DK's How to Be Good at Science, Technology, and Engineering course book for children aged 7-14 now has two accompanying workbooks: Workbook 1 covers ages 7-11 and Workbook 2 covers ages 11-14. These workbooks will help to cement everything you need to know about "STE" subjects through practice questions and practical exercises. Easy-to-follow instructions allow you to try out what you've studied, helping you understand what you've learned in school or giving extra revision practice before that important test. Workbook 2 is aimed at children aged 11-14 (Grades 6, 7, and 8 in the US), and covers all the key areas of the school curriculum for this level, including genes and DNA, atoms and molecules, chemical reactions, the periodic table, heat transfer, electricity and magnetism, seasons and climate zones, and lots more. And there are answers at the back to check that you're on the right path. This engaging and clear workbook accompanies DK's How to Be Good at Science, Technology, and Engineering coursebook, but can also be used on its own to reinforce classroom teaching.

[Spectrum Science, Grade 8](#) Teacher Created Materials

Spectrum Writing creates student interest and sparks writing creativity! The lessons, perfect for students in grade 6, strengthen writing skills by focusing on sequence of events, comparing and contrasting, point of view, facts and opinions, and more! Each book provides an overview of the writing process, as well as a break down of the essential skills that build good writing. It features easy-to-understand directions, is aligned to national and state standards, and also includes a complete answer key. Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests.
