A vampire turns Los Angeles into a city of the dead in this novel by the New York Times–bestselling and Bram Stoker Award–winning author of *Swan Song*. The Kronsteen castle, a gothic monstrosity, looms over Los Angeles. Built during Hollywood’s golden age for a long-dead screen idol with a taste for the macabre, it stands as a decaying reminder of the past. Since the owner’s murder, no living thing has ever again taken up residence. But it isn’t abandoned. Prince Conrad Vulkan, Hungarian master of the vampires, as old as the centuries, calls it home. His plan is to replace all humankind with his kind. And he’s starting with the psychotic

dregs of society in the City of Angels. The number of victims is growing night after night, and so is Vulkan’s legion of the dead. As a glittering city bleeds into a necropolis, a band of vampire hunters takes action: an avenging young boy who saw his parents devoured; a television star whose lover has an affinity for the supernatural; a dying priest chosen by God to defend the world; a female reporter investigating a rash of cemetery desecrations; and LAPD homicide detective Andy Palatazin, an immigrant who survived a vampire attack in his native Hungary when he was child and has been hunting evil across the globe for decades. Palatazin knows that to stop the Prince of Darkness, one must invade his nest. He knows it’s also a suicide mission. But it’s the only way to save the city—and the world—from vampire domination. “Suspenseful, exciting, and visceral,” *They Thirst* is one of the earliest novels by the versatile author of such masterpieces as *Boy’s Life*, *The Wolf’s Hour*, and the Matthew Corbett series (Kirkus Reviews).

To an audience of billions, they swear an oath to avenge their fallen planet by aiding the Sorans in their war against Xala. But soon Lucas and Asha find Sora just as dangerous as apocalyptic Earth when they're targeted by the Fourth Order, a rebel collective who decries them as false prophets and harbingers of further bloodshed.

Their friend and turncoat Xalan scientist Alpha believes he's located someone who can help them turn the tide of the war for good, stranded on a conquered colony planet. But landing on the new world, Lucas and Asha find themselves hunted by a violent, mysterious beast, known only as the Desecrator, let loose by the Xalans. Escaping Earth was only the beginning. A thrilling race against the clock to save the world from fantasy creatures from a cult 80s film. Perfect for fans of Henson Company puppet classics such as *Labyrinth*, *Dark Crystal* and *The Never-Ending Story*. Jack Corman is failing at life. Jobless, jaded and on the "wrong" side of thirty, he's facing the threat of eviction from his London flat while reeling from the sudden death

of his father, one-time film director Bob Corman. Back in the eighties, Bob poured his heart and soul into the creation of his 1986 puppet fantasy *The Shadow Glass*, a film Jack loved as a child, idolising its fox-like hero Dune. But *The Shadow Glass* flopped on release, deemed too scary for kids and too weird for adults, and Bob became a laughing stock, losing himself to booze and self-pity. Now, the film represents everything Jack hated about his father, and he lives with the fear that he 'll end up a failure just like him. In the wake of Bob 's death, Jack returns to his decaying home, a place creaking with movie memorabilia and painful memories. Then, during a freak thunderstorm, the puppets in the attic start talking. Tipped into a desperate real-world quest to save London from the more nefarious of his father 's creations, Jack teams up with excitable fanboy Toby and spiky studio executive Amelia to navigate the labyrinth of his father 's legacy while conjuring the hero within — — and igniting a *Shadow Glass* resurgence that could, finally, do his father proud.

Once upon a time, when the earth was still young, before the fish in the sea and all the living things on land began to be destroyed, a man named William Buelow Gould was sentenced to life imprisonment at the most feared penal colony in the British Empire, and there ordered to paint a book of fish. He fell in love with the black mistress of the warder and discovered too late that to love is not safe; he attempted to keep a record of the strange reality he saw in prison, only to realize that history is not written by those who are ruled. Acclaimed as a masterpiece around the world, Gould's Book of Fish is at once a marvelously imagined epic of nineteenth-century Australia and a contemporary fable, a tale of horror, and a celebration of love, all transformed by a convict painter into pictures of fish.
