ANTI-POETRY?... Something like anti-gravitation, like antimatter, like anti-art?... A hardliner into field of classical poetry? In trying of overcoming loneliness of verses, of strophes and of lines?... Poetry, as basic form of literature, must accept all its developing dimensions, of poet-o-logy, of poetry-pietism, of quasi-poetry, including those of ANTIPOETRY!... But ANTIPOETRY must be written and re-written with anti-words, with anti-syllables, with anti-letters, with anti-numbers and with anti-symbols, by creating and recreating a sum of anti-verses, of anti-lines, of anti-strophes, by turning down thus all what is known till today in classical poetry, whatever in scribes-manuscript, Gutenberg-print, or digital print of present ages... In the same time, ANTIPOETRY must induce or re-induce a feeling of anti-emotion, an anti-logical perception of poetry, of anti-allegory, of anti-metaphor, of anti-ballads, of anti-epos, of anti-epithet, of anti-hermetism, of anti-hymn content, of anti-ode sense, of anti-idyllic structure, of anti-parable form and so on... From the exquisitely talented and award-winning author of the Outlander Saga come two additions to the oeuvre, both featuring Lord John Grey. This dashing character first appeared in Gabaldon's blockbuster, *Voyager*, and readers cheered him on in the New York Times bestselling *Lord John and the Private Matter*. Diana Gabaldon takes readers back to eighteenth-century Britain as Lord John Grey pursues a deadly family secret as well as a clandestine love affair, set against the background of the Seven Years War. Seventeen years earlier, Grey's father, the Duke of Pardloe, shot himself, days before he was to be accused of being a Jacobite traitor. By raising a regiment to fight at Culloden, Grey's elder brother has succeeded in redeeming the family name, aided by Grey, now a major in that regiment. But now, on the eve of the regiment's move to Germany, comes a mysterious threat that throws the matter of the Duke's death into stark new question, and brings the Grey brothers into fresh conflict with the past and each other. From barracks and parade grounds to the battlefields of Prussia and the stony fells of the Lake District, Lord John's struggle to find the truth leads him through danger and passion, ever deeper, toward the answer to the question at the centre of his soul—what is it that is most important to a man? Love, loyalty, family name? Self-respect, or honesty? Surviving both the battle of Krefeld and a searing personal betrayal, he returns to the Lake District to find the man who may hold the key to his quest: a Jacobite prisoner named Jamie Fraser. Here, Grey finds his truth and faces a final choice: between honour and life itself.

Abandoned In The Dark Serpent's Tail

In the near future, the world stands on the brink of another worldwide economic and social crisis. People look for understanding through occult practices, so that mediums and fortunetellers have become wildly successful in helping them escape reality. There are no more churches, and established religion is a thing of the past. Christians must now gather in secret. In this fragile era emerges Josh Heartley, a young boy with astounding prophetic abilities. Though Josh had a heart transplant in his early years, it doesn't slow him down. He is a light for everyone around him, and he can often tell future events with supernatural clarity. During an

accident, Josh has a Near Death Experience and finds himself in the middle of a spiritual battle that goes back more than two thousand years. Dr Julie Bond, conducting a research study involving Josh, hopes to unlock the secret behind NDEs and their ties to the human soul. She soon suspects the key lies within this very special boy. Stephen Paul Thomas's thrilling novel is based on shocking real-world events of a thousand-years-long demonic occupation told through exciting storylines, unexpected twists, and many historical examples. "Thomas (Cluster, 2015) deftly paints a world in which Christians have been backed into a corner by the belief systems of other cultures—like that of Linda's ancestral village in Central America—and by demons. These demons, including Karnelo, the "lust-addict spirit," have been possessing people for hundreds of years, using human tools to instigate everything from the Inquisition to organized pedophilia. Thomas' prose presents the complex story evocatively, as in the line "Linda's chest rhythmically lifted and sank, like water in the mighty ocean, which kept its secrets in the dark deep." - Kirkus Review

The memory of the war haunted him like dark shadows, Cherokee revolution had fallen, thoughts of the bloody battle at echo pass made him shiver. Most of the warriors, brave men of Tsalagi were dead, he thought about his father, family, and his friend, Shinak as he lay in the cell, confused without a dream of place. He could hear the pirates shouting from their drunken state into the wild night, at least he found some comfort from Orlando, his fellow prisoner, a man of broken spirits and of great wisdom. Jingau looked through the night anxiously waiting for the day he would be a free man again. Oh freedom he could feel it like the shadow of light, memories of Orlando screaming at the sea, the thoughts of the many weary years he spent at sea with Orlando came back to him like the return of the dusk as he bent over Orlando's grave. They had become brothers, bound by a solemn oath that cannot be broken by death, he wept bitterly until his tears ate up all the words in his heart... 'I can't tread your love for a Harper of memories, even if the flames refuse to kindle the sky, I'll light my love in a stand of silence and show you the way out of the shadow of your mind', Oliver could not resist the tears anymore, he cried like a little boy... The girl was Jackie's, he couldn't bear the sight, he turned and shot from his arrow, his tears clouding his vision...and there she lay, dying in Jackie's arms and the two fought over her last attention. 'Never war with

love unless you are ready to pay the price with your memories" Loo's words resounded over and over in his ears as he thought it over that day. Persie's worst fears were confirmed when Real told him he was a home on the run'. All he remembered was that there was a war, Napoleon's men invaded Fishguard and the rebel soldiers took him away from his father, he loved his present family and could not imagine leaving but he must return and seek his father. He wished he had powers like Reeler and Helmer, his friends or better still if he could recover the book of creation and derive the power of immortality. He had spent many years in the Castle of Vlammen. The moment his feet touched Welsh soil, he felt real good and now he was in love with the bold and beautiful Julia... Oliver cried, trembled when he discovered that his lost son had married a Cherokee, daughter of his bitter enemy. Now he must face Jingau after many years of hatred, and there was little Michael, Persie's son, the return of love. He had no option. The very sight of Jackie by the same vale where Leila was laid made him cry...

In this updated and expanded edition of *The Search for Beauty in Islam*, Abou El Fadl offers eye-opening and enlightening insights into the contemporary realities of the current state of Islam and the West.

Through a 'conference of the books,' an imagined conference of Muslim intellectuals from centuries past, Abou El Fadl examines the ugliness that has come to plague Muslim realities and attempts to reclaim what he maintains is a core moral value in Islam—the value of beauty. Abou El Fadl argues that the rekindling of the forgotten value of beauty is essential for Muslims today to take back what has been lost to the fundamentalist forces that have denigrated their religion

A teacher on the brink. A father seeking justice. Their paths are about to cross and their lives will never be the same...FROM THE EDITOR: "Mr. Diaz's *Revenge* cuts to the core of what is so wrong with so much in America. From schools that no longer teach within a society that has seemingly lost its ability to listen, it's a fictional story that in many ways is more real than what is portrayed on the news and that also has something very important to say to those still paying attention. The characters are believable, the action and dialogue riveting, with a message that should

appeal to all of us. Read it. Read it now." "D.W. Ulsterman spins a yarn better than most and Mr. Diaz's *Revenge* might very well be his best work to date. Timely, thrilling, tragic, yet hopeful, it's impossible to put it down once you start." -Mobley Reviews

From Beauty to Compassion, from Pleasure to Terror, from Resignation to Joy -- here is an insightful exploration of the rich diversity of human qualities. J. Ruth Gendler's evocative book has as its cast of familiar characters our own emotions, brought to life with a poet's wisdom and an artist's perceptive eye. In *The Book of Qualities*' magical community, Excitement wears orange socks, Faith lives in the same apartment building as Doubt, and Worry makes lists of everything that could go wrong while she is waiting for the train. In portraying the complexities of the psyche, Gendler uses the Qualities to bridge the distinctions between literature and psychology, and has created an original work that challenges us to look at our emotions in new and inspiring ways.
