The globe's first true world war comes vividly to life in this "rich, cautionary tale" (The New York Times Book Review) The French and Indian War -the North American phase of a far larger conflagration, the Seven Years' War-

remains one of the most important, and yet misunderstood, episodes in American history. Fred Anderson takes readers on a remarkable journey through the vast conflict that, between 1755 and 1763, destroyed the French Empire in North America, overturned the balance of power on two continents, undermined the ability of Indian nations to determine their destinies, and lit the "long fuse" of the American Revolution. Beautifully illustrated and recounted by an expert storyteller, The War That Made America is required reading for anyone interested in the ways in which war has shaped the history of

America and its peoples.

American Pageant, Volume 2 with Atlas, Eleventh Edition Basic Books

2014 Reprint of 1894 Edition. Full facsimile of the original edition. The "Frontier Thesis" or "Turner Thesis," is the argument advanced by historian Frederick Jackson Turner in 1894 that American democracy was formed by the American Frontier. He stressed the process-the moving frontier line-and the impact it had on pioneers going through the process. He also stressed consequences of a ostensibly limitless frontier and that American

democracy and egalitarianism were the principle results. In Turner's thesis the American frontier established liberty by releasing Americans from European mindsets and eroding old, dysfunctional customs. The frontier had no need for standing armies, established churches, aristocrats or nobles, nor for landed gentry who controlled most of the land and charged heavy rents. Frontier land was free for the taking. Turner first announced his thesis in a paper entitled "The Significance of the Frontier in American History," delivered to the American Historical Association in 1893 in Chicago. He won very wide acclaim among historians and intellectuals. Turner's emphasis on the importance of the frontier in shaping American character influenced the interpretation found in thousands of scholarly histories. By the time Turner died in 1932, 60% of the leading history departments in the U.S. were teaching courses in frontier history along Turnerian lines.

*History of the West Indies ... an boco*

"We travel rapidly in these historical sketches. The reader flies in his express train in a few minutes

through a couple of centuries. The centuries pass more slowly to those to whom the years are doled out day by day. Institutions grow and beneficently develop themselves, making their way into the hearts of generations which are shorter-lived than they, attracting love and respect, and winning loyal obedience; and then as gradually forfeiting by their shortcomings the allegiance which had been honorably gained in worthier periods. We see wealth and greatness; we see corruption and vice; and one seems to follow so close upon the other, that we fancy they must have always co-existed. We look more steadily, and we perceive long periods of time, in which there is first a growth and then a decay, like what we perceive in a tree of the forest." FROUDE, *Annals of an English Abbey*.

### Doctor Faustus - Second Edition

Fawcett

In Thomas Ligotti's first nonfiction outing, an examination of the meaning (or meaninglessness) of life through an insightful, unsparing argument that proves the greatest horrors are not the products of our imagination but instead are found in reality. "There is a signature motif discernible in both works of philosophical pessimism and supernatural horror. It may be stated thus: Behind the scenes of

life lurks something pernicious that makes a nightmare of our world." His fiction is known to be some of the most terrifying in the genre of supernatural horror, but Thomas Ligotti's first nonfiction book may be even scarier. Drawing on philosophy, literature, neuroscience, and other fields of study, Ligotti takes the penetrating lens of his imagination and turns it on his audience, causing them to grapple with the brutal reality that they are living a meaningless nightmare, and anyone who feels otherwise is simply acting out an optimistic fallacy. At once a guidebook to pessimistic thought and a relentless critique of humanity's employment of self-deception to cope with the pervasive suffering of their existence, *The Conspiracy against the Human Race* may just convince readers that there is more than a measure of truth in the despairing yet unexpectedly liberating negativity that is widely considered a hallmark of Ligotti's work.

NEW YORK TIMES BESTSELLER • Being a Lazy Genius isn't about doing more or doing less. It's about doing what matters to you. "I could not be more excited about this book."—Jenna Fischer, actor and cohost of the Office Ladies

podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls into place with Kendra's thirteen Lazy Genius principles, including: • Decide once • Start small • Ask the Magic Question • Go in the right order • Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus 9093). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as

---

understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.

**The Journals of Sylvia Plath** Author House

This book traces the origins of a faith--perhaps the faith of the century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the

beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg. Billington claims with considerable evidence that revolutionary ideologies were shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New

Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history and contribution to our understanding of political life.

*The American Pageant, Volume II: Since 1865* Random House

Just in time for election season, Dan Gutman's hugely popular THE KID WHO RAN FOR PRESIDENT is back. Humor, adventure, and excitement will draw kids into the world of elections and politics. "Hi! My name is Judson Moon. I'm 12 years old and I'm running for President of the YOU-nited States." So begins this fast-paced, funny, and surprising account of a boy's run for the Oval Office in the year 2000. Under the tutelage of Lane, his brainy friend and self-appointed campaign manager, the affable sixth-grader from Madison, Wisconsin, takes on the Democrats and Republicans as a Third Party candidate who can make waves. "Grown-ups have had the last one thousand years to mess up the world," Judd tells a reporter. "Now it's our turn."

## Research Methods in Human Development

Transaction Publishers

From agriculture to big business, from medicine to politics, *The Cigarette Century* is the definitive account of how smoking came to be so deeply implicated in our culture, science, policy, and law. No product has been so heavily promoted or has become so deeply entrenched in American consciousness. *The Cigarette Century* shows in striking detail how one ephemeral (and largely useless) product came to play such a dominant role in so many aspects of our lives—and deaths.

### **The Play That Goes Wrong**

Anchor  
Good evening. I'm Inspector Carter. Take my case. This must be Charles Haversham! I'm sorry, this must've given you all a damn shock. After benefitting from a large and sudden inheritance, the inept and accident-prone Cornley Polytechnic Drama Society embark on producing an ambitious 1920s murder mystery. They are delighted that neither casting issues nor technical hitches currently stand in their way. However, hilarious disaster ensues and the cast start to crack under the pressure, but can they get the production back on track before the final curtain falls? *The Play That Goes Wrong* is a farcical murder mystery, a play within a play, conceived and performed by award-winning

company Theatre Mischief. It was first published as a one-act play and is published in this new edition as a two-act play.

### *The Kid Who Ran for President* Ballantine Books

The thirteen one-act plays collected in this volume include some of Tennessee Williams's finest and most powerful work. They are full of the perception of life as it is, and the passion for life as it ought to be, which have made *The Glass Menagerie* and *A Streetcar Named Desire* classics of the American theater. Only one of these plays (*The Purification*) is written in verse, but in all of them the approach to character is by way of poetic revelation. Whether Williams is writing of derelict roomers in a New Orleans boarding house (*The Lady of Larkspur Lotion*) or the memories of a venerable traveling salesman (*The Last of My Solid Gold Watches*) or of delinquent children (*This Property is Condemned*), his insight into human nature is that of the poet. He can compress the basic meaning of life—its pathos or its tragedy, its bravery or the quality of its

love—into one small scene or a few moments of dialogue. Mr. Williams's views on the role of the little theater in American culture are contained in a stimulating essay, "Something wild....," which serves as an introduction to this collection.

### **Cambridge International AS and A Level English Language Coursebook** Broadview Press

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker

lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

*The American Pageant* New Directions Publishing

*Doctor Faustus* is a classic; its imaginative boldness and vertiginous ironies have fascinated readers and playgoers alike. But the fact that this play exists in two early versions, printed in 1604 and 1616, has posed formidable problems for critics. How much of either version was written by Marlowe, and which is the more authentic? Is the play orthodox or radically interrogative? Michael Keefer's early work helped to establish the current consensus that the 1604 text was censored and revised; the Keefer edition, praised for its lucid introduction and scholarship, was the first to restore two displaced scenes to their correct place. Most competing editions presume that the 1604 text was printed from authorial manuscript, and that the 1616 text is of little substantive value.

But in 2006 Keefer's fresh analysis of the evidence showed that the 1604 quarto's Marlovian scenes were printed from a corrupted manuscript, and that the 1616 quarto (though indeed censored and revised) preserves some readings earlier than those of the 1604 text. This edition has been updated and revised. Keefer's critical introduction reconstructs the ideological contexts that shaped and deformed the play, and the text is accompanied by textual and explanatory notes and excerpts from sources.

LAKAYANA OF TODAY Scholastic Inc.

In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this

task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. *Liquid Modernity* concludes the analysis undertaken in Bauman's two previous books *Globalization: The Human Consequences* and *In Search of Politics*. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers writing today.

*The American Pageant* John Wiley & Sons  
Ordered to hold an abandoned army post, John Dunbar found himself alone, beyond the edge of civilization. Thievery and survival soon forced him into the Indian camp, where he began a dangerous adventure that changed his life forever. The electrifying diaries that are essential reading for anyone moved and fascinated by the life and work of

---

one of America's most acclaimed poets. Sylvia Plath began keeping a diary as a young child. By the time she was at Smith College, when this book begins, she had settled into a nearly daily routine with her journal, which was also a sourcebook for her writing. Plath once called her journal her "Sargasso," her repository of imagination, "a litany of dreams, directives, and imperatives," and in fact these pages contain the germs of most of her work. Plath's ambitions as a writer were urgent and ultimately all-consuming, requiring of her a heat, a fantastic chaos, even a violence that burned straight through her. The intensity of this struggle is rendered in her journal with an unsparing clarity, revealing both the frequent desperation of her situation and the bravery with which she faced down her demons.
