Scripts People Live: Transactional Analysis of Life ...

Script analysis is the method of uncovering the 'early decisions, made unconsciously, as to how life shall be lived'. It is one of the five clusters in transactional analysis, involving 'a progression from structural analysis, through transactional and game analysis, to script analysis'. What is your life script and are you happy with it ... According to experts, our life scripts come from the messages given to us by our parents and other key influences in our earliest childhood, both verbal and non verbal. They form the framework to which our

main decisions are made. In Transactional Analysis scripts are seen as coming from 4 different sources in childhood:

Transactional analysis - Wikipedia

Within the framework of transactional analysis, more recent transactional analysts have developed different and overlapping theories of transactional analysis: cognitive, behavioural, relational, redecision, integrative, constructivist, narrative, body-work, positive psychological, personality adaptational, self-reparenting, psychodynamic and neuroconstructivist.

Life Scripts - UK Association for Transactional Analysis

The aim of transactional analysis psychotherapy is to change an unhealthy life script. This is based on the supposition that because we made the decision in the first place, we have the power to change it. Once our script is brought into our awareness, there is hope that we will be able to do things differently.
