This completely new typeset of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, *Questions on Doctrine* was widely acclaimed and heavily distributed in the late

1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text of *Questions on Doctrine*, with in-text indicators of the original pagings. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of *Question on Doctrine* beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

"Grow in the grace and knowledge of our Lord and Savior Jesus Christ." -2 Peter 3:18 How do Christians grow? Few question the call of the Bible to grow in godliness, but the answer to exactly how this happens is often elusive. In this book, Dane Ortlund points believers

to Christ, making the case that sanctification does not happen by doing more or becoming better, but by going deeper into the wondrous gospel truths that washed over them when they were first united to him. Drawing on wisdom from figures throughout church history, Ortlund encourages readers to fix their gaze on Jesus in the battle against sin, casting themselves upon his grace and living out their invincible identity in Christ.

The loud cry of the third angel of Revelation 14:9 is the last message according to the book of Revelation. There will be no greater message sent from God than this precious truth-the message of Christ our righteousness. According to Revelation 18:1, this final message will lighten the earth with the glory (character) of God, bringing to a close God's final work upon the earth. This book presents a solid foundation for the various aspects of Christ our righteousness, comparing popular teachings on the subject with the Bible and the writings of Ellen G. White. It points out the importance of incorporating these principles into our own experience. When God's people truly take hold of this most encouraging and hopeful message, it will lead to genuine revival and reformation. Then God will pour out His Spirit and enable us to proclaim the Loud Cry of the Third Angel.

Robert's Rules of Order for Deliberative Assemblies Henry M. Robert There appears to be much needed a work on parliamentary law, based, in its general principles, upon the rules and practice of Congress, and adapted, in its details, to the use of ordinary societies. Such a work should give, not only the methods of organizing and conducting the meetings, the duties of the officers and the names of the ordinary motions, but in addition, should state in a systematic manner, in reference to each motion, its object and effect; whether it can be amended or debated; if debatable, the extent to which it opens the main question to debate; the circumstances under which it can be made, and what other motions can be made while it is pending. This Manual has been prepared with a view to supplying the above information in a condensed and systematic manner, each rule being either complete in itself, or giving references to every section that in any way qualifies it, so that a stranger to the work can refer to any special subject with safety.

The Book of Church Order Good Press This is a handbook for pastors, elders, and all Christians who want to see how Scripture presents the process of discipline that should operate in the Christian community. It was written in response to the various concerns that threaten to tear apart marriages, families, friendships, and congregations--concerns that call for a biblical approach to discipline that can heal fractures, restore right relationship, and ensure the health of the church. Developed around the five corrective steps found especially in Matthew 18:15-17, this book helps church leaders deal with the sorts of problems that require the church's disciplinary response. Charting a course that combines discernment with appropriate action, this simple, readable handbook can have a profound effect on the community of believers.

The Bloody Tenent, of Persecution Baker Books Addressing low church member retention is long overdue. One of the initiatives of the General Conference of Seventh-day Adventists(R) to address this matter is to hold Nurture and Retention Global Summits. The first one met in November 18-20, 2013 and the second one in April 5-7, 2019. The primary purpose of this publication is to preserve and disseminate the content of the seminars and workshops offered during the 2019 Nurture and Retention Summit. It covers three important related areas: Discipling, Nurturing, and Reclaiming. The secondary, and probably most important, long-term goal is to keep the conversation running and to continue to share and develop best practices to be more effective and efficient in God's mission. We believe this book will give you enough insight about the need to develop more efficient ways to attract and equip new members, as well as sending them to fulfill God's work to "make disciples of all nations" (Matt. 28:19, NIV).

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and

His truth.

The story of a large yet little-known Protestant denomination

Behavior in the House of God Victor

Churches over the past generations have been weakened by a failure to meet both the physical and spiritual needs of their communities. Many have adopted a narrow vision, focusing on only one aspect of ministry. But in today's environment of faith-based opportunities many Christians are eager to start reaching out to their world with both Good News and good works, and therefore they are searching for appropriate ways to integrate both into their ministry. In Churches That Make a Difference, best-selling author Ron Sider and his coauthors give those involved in community outreach a comprehensive resource for developing holistic ministry--a balance of evangelism and social outreach. Illustrations and helpful organizational tips detail the how-to's of an effective holistic ministry. Case studies that show how different churches across the United States reach out to their communities provide a variety of ideas and practical applications. User-friendly tools are included as well for congregational studies, surveys, evaluations, and community assessments. The authors draw on extensive experience with church ministries and faith-based organizations as they share the life-changing vision and biblical mandate for living the whole gospel. Church leaders will be encouraged in their process of developing and maintaining a holistic ministry,

and local churches will rediscover a passion for loving the whole person the way Jesus did.
