Reviewers and readers everywhere have admired Anita Shreve's ability to

create a "literary novel of the caliber and craft of Edith Wharton or Henry James" (Baltimore Sun). Sea Glass is an unforgettable story of trust and betrayal, marriage and attraction, from one of the most persuasive, farseeing, and deeply engaging writers of our time.

In reviewing Sea Glass, many literary critics remarked on the appropriateness of the novel's title. What do the words sea glass connote in your mind? In what ways does the phrase function metaphorically as a description of the novel? 10.

Allow yourself to play novelist for a moment and imagine Honora's life in the years beyond the events of the ...

Anita Shreve - Wikipedia

Anita Shreve has a knack for fashioning compelling fiction from historical vistas, and SEA GLASS is no exception. The story evolves over a year's time, beginning several months before the great stock market crash, an event that acts as a character in much the same way as the pieces of sea glass that so beguile Honora.

SEA GLASS is a well-
written historical
fiction novel that
provides the audience
with a window to the
impact of the Great
Depression on various

social classes. The
tale is deep as readers
observe the dangerous
factory conditions a
half century after
Dickens as it impacts
the blue-collar worker.

Glass*

Although the women
tend to be the
unbreakable sea
glass, the men
drive the plot. I
recommend this book
for readers of

literary fiction and reading groups, the last because Shreve offers history, metaphor, and multidimensional issues - much to talk about.

Sea Glass by Anita Shreve: Summary and reviews

Shreve was a cheerful person, but her stories were often tragic. She continued to work as a freelance journalist. [2] In 1999, while she was teaching Creative Writing at Amherst College, Oprah Winfrey called, selecting *The Pilot's Wife* for her book club.

Glass by Anita ...

Each morning, Honora collects sea glass washed up on the shore, each piece carrying a different story in its muted tones. Sexton finds a way to buy the house, but his timing is perfectly wrong. The economy takes a sickening plunge, and as financial pressures mount, Honora begins to see how little she knows this man she has married.

Anita Shreve - The New York Times

Some Anita Shreve novels grab you from the start and don't let you go, while others are nearly impossible to get into. Sea Glass is the former. The plot and the characters are captivating, and the book provides a great history lesson on the early years of the labor movement in New England. I must say, I didn't know much about that topic
