The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host

Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more.

This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world.

Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the

show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

An Andalusian gravedigger like his father with the ability to hear the voices of the dead and reveal their stories to the living, Juan Rodrigo has always been an advocate for understanding, respect, and forgiveness but finds his own tolerance sorely tested when his young daughter falls in love with a gypsy boy.

Saturnine and quick-tempered, the

formidable North Sea is often overlooked – even by those living within a stone's throw of its steel-grey waters. But as playground, theatre of war and cultural crossing-point, it has shaped the world in myriad ways, forged villains and heroes, and determined the fates of nations. It's not all grim, though: the seaside holiday was born on North Sea beaches, and artists, poets and writers have been as equally inspired by glinting sun on the wave-tops as they have the drama of a winter storm. With a wry eye and a warm coat, Tom Blass travels the edges of the North Sea meeting fishermen, artists, bomb disposal experts, burgermeisters – and those who have found themselves flung to the sea's perimeters quite by chance. In doing so he attempts to piece together its manifold histories and to reveal truths, half-truths and fictions otherwise submerged...

The job was handed down to him by his father, as was the ability to hear the voices of the dead and to tell their stories to the living. Though the details and revelations of these accounts aren't always well received, Juan is a respected member of the community who encourages people to understand and to forgive. But his own tolerance is tested when his young daughter, just on the brink of adulthood, falls in love with a gypsy boy Juan

doesn't approve of.

The Braided Path Spellbound Suspended by chains over a seemingly bottomless abyss, the ancient city of Deepgate is home to a young angel, an assassin, and a psychotic murderer hungry for revenge—or redemption. But soon a shocking betrayal will unite all three in a desperate quest. . . . The last of his line, Dill is descended from legendary Battle-archons who once defended the city. Forbidden to fly and untrained even to wield the great sword inherited from his forebears, he has become a figurehead for a dying tradition. Now he lives a sheltered existence in one of Deepgate's crumbling temple spires under the watchful eye of the Presbyter who rules the

city. Spine assassin Rachel Hael has better things to do than oversee the Presbyter's angel. Each dark moon she must fight for her life among the city chains, hunting an immortal predator with a taste for blood. But when a traitor brings enemies to Deepgate's doorstep, Dill and Rachel are forced into an uneasy alliance with the city's oldest and most dangerous foe. They must journey down into the uncharted chasm to save their sprawling metropolis—and themselves—from annihilation. Once they descend however, they learn that what lies below is far more sinister than what they've been taught to expect. *The Daily Show (The Book)* Tor The fourth gripping, evocative, and lyrical mystery in the acclaimed series that brilliantly evokes the Scottish Highlands of the 1950s. FROM THE AUTHOR WHO "BRILLIANTLY EVOKES THE LIFE OF A SMALL SCOTTISH TOWN" (RICHMOND TIMES-DISPATCH) COMES A NOVEL THAT UNCOVERS THE DEEP AND LASTING DIVISIONS OF A COMMUNITY AND ITS PEOPLE. When a small-town Scottish woman discovers a severed leg in the boot of one of the local hockey players' uniforms, it's a big scoop for the Highland Gazette. But reporter Joanne Ross wants a front-page story of her own, and she hopes to find it in Mae Bell, an American jazz singer whose husband disappeared in an aircraft accident five years ago and who is searching the Highlands for her husband's colleagues. Things take a very sinister turn when Nurse Urquhart, who discovered the limb, suffers a

hideous and brutal attack. Even stranger, she was the recipient of letters warning her to keep her nose out of someone's business—letters that Mae Bell and the staff of the Highland Gazette also received. What could it all mean? Unfolding against a gorgeously rendered late 1950s Scottish countryside, North Sea Requiem captures the mores and issues of another era, especially in Joanne Ross—a woman wrestling with divorce, career, and a boss who wants to be more than just her superior. The result is a poignant, often haunting mix of violence, loss, and redemption in a narrative full of unnerving plot twists and unforgettable characters.

For decades, James Joyce's modernism has overshadowed his Irishness, as his self-imposed exile and association with the high modernism of Europe's urban centers has led critics to see him almost exclusively as a cosmopolitan figure. In Joyce's *Ghosts*, Luke Gibbons mounts a powerful argument that this view is mistaken: Joyce's Irishness is intrinsic to his modernism, informing his most distinctive literary experiments. Ireland, Gibbons shows, is not just a source of subject matter or content for Joyce, but of form itself. Joyce's stylistic innovations can be traced at least as much to the tragedies of Irish history as to the shock of European modernity, as he explores the incomplete project

of inner life under colonialism. Joyce's language, Gibbons reveals, is haunted by ghosts, less concerned with the stream of consciousness than with a vernacular interior dialogue, the "shout in the street," that gives room to outside voices and shadowy presences, the disruptions of a late colonial culture in crisis. Showing us how memory under modernism breaks free of the nightmare of history, and how in doing so it gives birth to new forms, Gibbons forces us to think anew about Joyce's achievement and its foundations.

Iron Angel Harper Collins

A compelling investigation into supernatural events and local lore on Vancouver Island. Vancouver Island is known worldwide for its arresting natural beauty, but those who live here know that it is also imbued with a palpable supernatural energy. Researcher Shanon Sinn found his curiosity piqued by stories of mysterious sightings on the island—ghosts, sasquatches, sea serpents—but he was disappointed in the sensational and sometimes disrespectful way they were being retold or revised. Acting on his desire to transform these stories from unsubstantiated gossip to thoroughly researched accounts, Sinn uncovered fascinating details, identified historical inconsistencies, and now retells these encounters as accurately as possible. Investigating 25 spellbinding tales that wind their way from the south end of the island to the north, Sinn explored hauntings in cities, in the forest, and on isolated logging roads. In addition to visiting castles, inns, and cemeteries, he followed the trail of spirits glimpsed on mountaintops, beaches, and water, and visited Heriot Bay Inn on Quadra Island and the Schooner Restaurant in Tofino to personally scrutinize reports of hauntings. Featuring First Nations stories from each of the three Indigenous groups who call

Vancouver Island home—the Coast Salish, the Nuu-chah-nulth, and the Kwakwaka'wakw—the book includes an interview with Hereditary Chief James Swan of Ahousaht.

This distinctive collection explores the construction of genealogies—in both the biological sense of procreation and the metaphorical sense of heritage and cultural patrimony. Focusing specifically on the discourses that inform such genealogies, *Generation and Degeneration* moves from Greco-Roman times to the recent past to retrace generational fantasies and discords in a variety of related contexts, from the medical to the theological, and from the literary to the historical. The discourses on reproduction, biology, degeneration, legacy, and lineage that this book broaches not only bring to the forefront concepts of sexual identity and gender politics but also show how they were culturally constructed and reconstructed

through the centuries by medicine, philosophy, the visual arts, law, religion, and literature. The contributors reflect on a wide range of topics—from what makes men “manly” to the identity of Christ’s father, from what kinds of erotic practices went on among women in sixteenth-century seraglios to how men’s hemorrhoids can be variously labeled. Essays scrutinize stories of menstruating males and early writings on the presumed inferiority of female bodily functions. Others investigate a psychomorphology of the clitoris that challenges Freud’s account of lesbianism as an infantile stage of sexual development and such topics as the geographical origins of medicine and the materialization of genealogy in the presence of Renaissance theatrical ghosts. This collection will engage those in English, comparative, Italian, Spanish, and French studies, as well as in history, history of medicine, and ancient and early modern religious studies.

With its rich folklore and diverse cultural and religious heritage, Scotland has been a notoriously fertile haunting ground for the recording and transmission of ghost stories down the centuries, those of both well-documented lineage and accumulated legend. Inheriting the tradition of Hugh Miller, the nineteenth century folklorist and stonemason (whose own haunted life is the subject of the opening chapter), James Robertson has, where possible, researched the original or oldest written source and visited the site of each story to compile the most comprehensive and authoritative collection of the Scottish supernatural. Some of the stories gathered here are deservedly famous, such as those associated with Glamis Castle or the tale of Major Weir, while others ('The Deil of Littledean' and 'The Drummer of Cortachy') are less familiar or even contemporary accounts related to the author personally - but all are equally intriguing and fascinating reflections of the culture and period to which they belong. Neither a wary sceptic nor a fanatical believer, but an advocate of the validity of individual experience of the strange and unexplainable, James Robertson's *Scottish Ghost*

Stories is an imaginative and chilling recasting of an established Scottish ghost-hunting and story-telling tradition - a homage to the particular mystery and character of a land which continues to produce ghosts whether from den to glen, Highlands to Lowlands, Catholic to Protestant.

The victorious Spine have initiated martial law and are ruthlessly pursuing all who attempt to leave. Amid the turmoil, two captives are returned. Arriving by ship are the young angel Dill, now toughened by war, and traitor assassin Rachel

Hael. Incarcerated in the slowly crumbling temple, the two await their fate, while from the abyss beneath them ghosts rise—for the death of the god Ulcis has left open the gates to Hell. But on orders from his divine brethren, Cospinol, the god of brine and fog, is traveling the world to Deepgate to seal this breach. His great skyship is being dragged through the air by the giant John Anchor, a monster of a man enslaved to pull the god's vessel, moving slowly, inevitably, toward the city. As the city waits, teetering on the brink, myriad plans for vengeance are set in motion, from the continent of Pandemeria to Heaven itself. Among them is a ghostly archon sent to deliver a message to the gods on earth—using Dill as his vessel. Thrust from his body, Dill's own soul returns to Hell.
