of the battle for Leyte Gulf—the greatest naval
battle of World War II and the largest
engagement ever fought on the high seas. For
the Japanese, it represented their supreme
effort; they committed to action virtually every
operational fighting ship on the lists of the

Imperial Navy, including two powerful new
battleships of the Yamato class. It also ended in
their greatest defeat—and a tremendous victory
for the United States Navy. Features a new

"Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code

talker. His grueling journey is eye-opening and inspiring. This deeply affecting novel honors all of those young men, like Ned, who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults "Nonsensational and accurate, Bruchac's tale is quietly inspiring..."—School Library Journal

The Very Best Men Simon and Schuster
This “important comprehensive study” of WWII in the Pacific examines the high-level decision-making and strategy that led to victory (Roanoke Times). Once the stories have been told of battles won and lost, most of what happens in a war remains a mystery. So it has been with accounts of World War II in the Pacific, a complex

conflict whose nature is often obscured by simple chronological narratives. In *The Pacific War*, William B. Hopkins, a Marine Corps veteran of the Pacific war and respected military history author, opens the story of the Pacific campaign to a broader and deeper view. Hopkins investigates the strategies, politics, and personalities that shaped the fighting. His regional approach to this complex war conducted on land, sea, and air offers an insightful perspective on how this multifaceted conflict unfolded. As expansive as the immense reaches of the Pacific, and as focused as the most intensive pinpoint attack on a strategic island, Hopkins' account offers a fresh way of understanding the hows—and more significantly, the whys—of the Pacific War. *The Sailor's Bookshelf* Ballantine Books

The battle of the Java Sea, fought in February 1942, was the first major surface engagement of the Pacific War and one of the few naval battles of the entire war fought to a decisive victory. It was the culminating point of the Japanese drive to occupy the Netherlands East Indies (NEI) and, to defend the territory, the Allies assembled a striking force comprised of Dutch, American, British and even an Australian ship, all under the command of a resolute Dutch admiral. On 27 February 1942, the Allied striking force set course to intercept the Japanese invasion force in the Java Sea. In one of the few such times during the whole of World War II a protracted surface

engagement was fought unmolested by airpower. For over seven hours, the Allied force attempted to attack the Japanese invasion force, finally breaking off in the early evening. Some three hours later, the Allied force, now reduced to just four remaining cruisers and two destroyers, attempted another attack on the invasion convoy during which Japanese torpedoes scored heavily, sinking two Dutch cruisers and bringing the battle to a conclusion. Over the next two days, as the Allies attempted to flee, five more ships were sunk. From that point on, Allied naval power was eliminated from Southeast Asia. In this illustrated title, Mark Stille tells the full story of the battle of the

Java Sea, explaining how and why the Japanese achieved such a resounding victory, and delving into the tremendous impact of the battle on the course of the Pacific War.

The Soldier from Independence Horizon Books Publishers

The New York Times bestseller from master biographer Evan Thomas brings to life the tumultuous story of the father of the American Navy. John Paul Jones, at sea and in the heat of the battle, was the great American hero of the Age of Sail. He was to history what Patrick O'Brian's Jack Aubrey and C.S. Forester's Horatio Hornblower are to fiction. Ruthless, indomitable, clever; he vowed to sail, as he put it, "in harm's way." Evan Thomas's minute-by-minute re-creation of the bloodbath between Jones's *Bonhomme Richard* and the British man-of-war *Serapis* off the coast of

England on an autumn night in 1779 is as gripping a sea battle as can be found in any novel. Drawing on Jones's correspondence with some of the most significant figures of the American Revolution—John Adams, Benjamin Franklin, Thomas Jefferson—Thomas's biography teaches us that it took fighters as well as thinkers, men driven by dreams of personal glory as well as high-minded principle, to break free of the past and start a new world. Jones's spirit was classically American.

Appearing in 1759, *Candide* is a foreboding, ironic, and fierce satire. The protagonist, *Candide*, is an innocent and good-natured man. Virtually all those whom he meets during his travels, however, are scoundrels or dupes. *Candide's* naivete is slowly worn away as a result of his contact with the story's rogue

elements. The wisdom Candide amasses in the course of his voyages has a practical quality. It entails the fundamentals for getting by in a world that is frequently cruel and unfair.

Though well aware of the cruelty of nature, Voltaire is really concerned with the evil of mankind. He identifies many of the causes of that evil in his work: the aristocracy, the church, slavery, and greed. Susanne Schindler is an assistant professor in the department for architecture theory at RWTH Aachen University.

Winner of the Northern California Book Award for Nonfiction "Both a serious work of history...and a marvelously readable dramatic narrative." —San Francisco Chronicle On the first Sunday in December

1941, an armada of Japanese warplanes appeared suddenly over Pearl Harbor, Hawaii, and devastated the U.S. Pacific Fleet. Six months later, in a sea fight north of the tiny atoll of Midway, four Japanese aircraft carriers were sent into the abyss, a blow that destroyed the offensive power of their fleet. *Pacific Crucible*—through a dramatic narrative relying predominantly on primary sources and eyewitness accounts of heroism and sacrifice from both navies—tells the epic tale of these first searing months of the Pacific war, when the U.S. Navy shook off the worst defeat in American military history to seize the strategic initiative.

Around the World on a Bicycle W. W. Norton & Company

“A superbly written biography” of the

legendary Admiral who commanded the Allied Pacific Fleet during WWII (Carlo D'Este, author of *Eisenhower and Patton*). Chester Nimitz was an admiral's Admiral, considered by many to be the greatest naval leader of the last century. After the attack on Pearl Harbor, Nimitz assembled the forces, selected the leaders, and—as commander of all US and Allied air, land, and sea forces in the Pacific Ocean—led the charge one island at a time, one battle at a time, toward victory. A brilliant strategist, Nimitz achieved remarkable victories against fantastic odds, outpacing more flamboyant luminaries like General Douglas MacArthur and Admiral “Bull” Halsey.

And he was there to accept, on behalf of the United States, the surrender of the Japanese aboard the battleship USS Missouri in August 1945. In “meticulously researched, immensely informative, and laudably balanced” biography, Brayton Harris uses long-overlooked files and recently declassified documents to bring to life one of America’s greatest wartime heroes (Alan Axelrod, author of *A Savage Empire*).

Air Force Combat Units of World War II Univ. of Queensland Press

A powerfully wrought military memoir by a member of World War II's fabled 1st Marine division. "Engrossing account of the vicious combat encountered by US Marines in the Pacific theater of World War II. . . . Will appeal to fans of *The Pacific* or *Band of Brothers*."

—Kirkus Reviews Sterling Mace's unit was the legendary "K-3-5" (for Company K, 3rd Battalion, 5th Regiment of the 1st Marine Division), and his story takes readers through some of the most intense action of the Pacific War, from the seldom-seen perspective of a rifleman at the point of attack. *Battleground Pacific* is filled with indelible moments that begin with his childhood growing up in Queens, New York, and his run-in with the law

ultimately a combat tale—as violent and harrowing as any that has come before. From fighting through the fiery hell that was Peleliu to the deadly battleground of Okinawa, Mace traces his path from the fear of combat to understanding that killing another human comes just as easily as staying alive.

Battleground Pacific is one of the most important and entertaining memoirs about the Pacific theater in World War II. "Another great tribute to "The Greatest Generation." Mace's tale is written in the language of a grunt speaking for all the unsung heroes who lived and died in the Pacific. A good read from this Marine's perspective." —Jerry Cutter, former Marine, nephew of Sgt. John Basilone, USMC, and author of the authorized biography of Basilone, *I'm Staying with My Boys*
