Fundamentals of Physics Christian Faith Publishing, Inc.  
Making decisions at any age is not always an easy feat. When you are walking with the Lord Jesus Christ, it makes sense to pray and do the next right thing. As life moves at ninety miles

---

an hour, moving with the flow can set you up to make split-second decisions. Taking what we think is the easy way is often the hardest of all. We are told in 1 Peter 5:7 to cast all our cares on Him because He cares for us. Taking the Jesus way out is always the best way. It may not be the easy that we are looking for, but it will not leave the collateral damage that our way leaves behind. The roads that we walk down in life are covered with attractive billboards drawing us to off-ramps that will lead us to destruction. It is so important to keep our eyes fixed on Jesus Christ as we walk life's highways and byways so we are not lured into the craziness that the world has to offer. Taking life one moment at a time is actually a doable thing. Life moves in seconds, not days. Don't let one trial take you down. Romans 8:13 says that we are more than conquerors, and thankfully, God is a god of do-overs!

This third edition of the famous introductory physics text has been thoroughly revised and updated. The new edition contains two entirely new chapters: "Relativity" as the concluding chapter of the regular version, and "Particles and the Cosmos" as the concluding chapter of the extended version. New also are 16 essays, distributed throughout the text, on

applications of physics to "real world" topics of student interest. Each essay is self-contained and is written by an expert in the topic. The body of the text contains more help in problem-solving and the chapter sections are shorter, making the material more accessible. There are more photos and diagrams than before, including attention-getting chapter-head photos and captions. The number of worked examples has been increased, as has the number of questions, exercises, and problems. In addition, a thread of ideas from relativistic and quantum physics is weaved through the earlier chapters, preparing the way for the later chapters.

When a bad day at work culminates in losing out on a promotion, Jim Sanders shifts into his animal form to let off steam. Then his bad day turns into a bad night-while prowling his Atlantic City neighborhood as a large gray house cat, he's caught in a torrential downpour. What little luck he has washes down the gutter when his new boss, Andrew Wright, catches him taking shelter on his porch, brings him inside, and starts calling him Mr. Frosty. As a feline, Jim becomes the inadvertent confessor for his boss's lonely son, Tony, a victim of schoolyard bullying. As a human, he feels drawn to Andrew, a man he wanted to resent. Finding love was never part of Jim's plan for the future-not with his bizarre secret-yet suddenly he finds himself navigating that minefield anyway. But not everything is easy, especially for an interracial gay couple dealing with prejudice in the workplace, at Tony's school, and even within their own families.

brings her trademark blend of funny and sexy to this second contemporary romance in the brand-new Hudson Valley series! Manhattan 's It Girl, Natalie Grayson, has it all: she 's a hot exec at a leading advertising firm, known industry-wide for her challenging and edgy campaigns. She 's got a large circle of friends, a family that loves her dearly, and her dance card is always full with handsome eligible bachelors. What else could a modern gal-about-town wish for? The answer, of course, is...cheese. Natalie 's favorite part of each week is spending Saturday morning at the Union Square Farmer 's Market, where she indulges her love of all things triple cream. Her favorite booth also indulges her love of all things handsome. Oscar Mendoza, owner of the Bailey Falls Creamery and purveyor of the finest artisanal cheeses the Hudson Valley has to offer, is tall, dark, mysterious, and a bit oblivious. Or so she thinks. But that doesn 't stop Natalie from fantasizing about the size of his, ahem, milk can. Romance is churning, passion is burning, and something incredible is rising to the top. Could it be...love?
