As featured on *The Today Show*'s Read with Jenna Jr. Book Club Revisiting once again the world of Raymie Nightingale, two-time Newbery Medalist Kate DiCamillo turns her focus to the tough-talking, inescapably tenderhearted Beverly. Beverly put her foot down on the gas. They went faster still. This was what Beverly wanted — what she always wanted. To get away. To get away as fast as she could. To stay away. Beverly Tapinski has run away from home plenty of times, but that was when she was just a kid. By now, she figures, it's not running away. It's leaving. Determined to make it on her own, Beverly finds a job and a place to live and tries to forget about her dog, Buddy, now buried underneath the orange trees back home; her friend Raymie, whom she left without a word; and her mom, Rhonda, who has never cared about anyone but herself. Beverly doesn't want to depend on anyone, and she definitely doesn't want anyone to depend on her. But despite her best efforts, she can't help forming connections with the people around her — and gradually, she learns to see herself through their eyes. In a touching, funny, and fearless conclusion to her sequence of novels about the beloved Three Rancheros, #1 New York Times best-selling author Kate DiCamillo tells the story of a character who will break your heart and put it back together again.

*Merchant Vessels of the United States* D. W. Thorpe

The British Isles have a long, rich and celebrated seafaring history stretching from the earliest times through the victories of Drake and Nelson, the voyages of discovery of Cabot and Cook and the defence of the realm by vessels of all types in the present century. Much of this history is recorded in literature and in museums but reaches its most tangible form in the large number of historical ships that have been preserved and are continually restored as monuments to a proud past. This lavish book explores 20 of the most celebrated and accessible ships and offers a comprehensive history of each vessel's design, construction, active service and subsequent restoration and preservation. Presented in order of each ship's launch date, each entry is written by the acknowledged expert on a particular vessel, gives full specification details and is sumptuously illustrated with contemporary photographs, historical illustrations and a full set of scale plans. In addition to the featured entries, an appendix presents all of the necessary contact details and opening times where applicable. The appendix also lists (and provides details for) other vessels of historical importance including a small number of working replicas such as the *Matthew* and the recently commissioned eighteenth-century frigate *The Grand Turk*, featured in the recent *Hornblower* television series.
