LexisNexis Practice Guide: Illinois Contract Litigation covers basic principles of contract litigation in Illinois, using a task-oriented structure and concise, straight-forward language to direct practitioners to the answers to their contract litigation questions. Includes checklists and sample forms. Created under the guidance of Editorial Consultants Bradley C. Graveline and Kenneth E. Rechteris from the

Chicago office of the law firm Sheppard, Mullin, Richter & Hampton LLP, and Daniel G. Rosenberg from the James McHugh Construction Company, LexisNexis Practice Guide: Illinois Contract Litigation provides practical, step-by-step guidance on all phases of contract litigation in Illinois. The task-based format guides you through all potential claims, defenses, and other issues that might arise in an action arising out of cases involving contract claims, including the potential causes of actions, remedies, and defenses for a contract claim. This guide simplifies the process of litigating a contract case by identifying the essential elements and setting

them out in a comprehensive yet easy to understand way. Insights from Illinois experts are reflected throughout, with strategic points, warnings, traps, and other types of practice tips targeting issues of particular interest. Each chapter contains:

- A task-based organization that takes user through each topic in a logical style designed to facilitate a clear understanding of the contract litigation process.
- Clear, concise analysis explaining the litigation process in a practical and easy-to-understand style.
- Dozens of litigation forms with the types of filings that attorneys are most likely to use in a contract litigation case – saving hours of drafting time.
- Practice tips and

pointers from Illinois practitioners – providing a real world perspective on the Illinois litigation process. • Checklists outlining important procedural steps and considerations. "Build an entertainment center without having to attend night classes or buy six new machines." - Andy Schultz

As the home entertainment field explodes, so too does the need for decorative and functional furniture to organize and display your VCRs, stereos, computers and more. And because commercially available entertainment centers are often outrageously expensive or shoddily built (or both), you've probably

considered trying to build your own.

Now you can?

In *Build Your Own Entertainment Centers*, Andy Shultz has put together a one-volume course on entertainment center construction, offering plenty of size and design options so you can produce exactly what is best suited to your room, your home entertainment equipment, and your tools and skills. Your tastes might be Mission-style or Shaker, and you might be used to working with plywood or fine cherry. No matter, you'll find options clearly described, your questions answered in advance, and your worries

forces that will help make it better.
