This book chronicles the divergent growth trends in car production in Belgium and Spain. It delves into how European integration, high wages, and the demise of GM and Ford led to plant closings in Belgium. Next, it investigates how lower wages and the expansion strategies of Western European automakers stimulated expansion in the Spanish auto industry. Finally, it offers three alternate scenarios regarding how further EU expansion and Brexit may potentially reshape the geographic footprint of European car production over the next ten years. In sum, this book utilizes history to help expand the knowledge of scholars and policymakers regarding how European integration and Brexit may impact future auto industry investment for all EU nations.

The automobile industry is evolving rapidly on a worldwide basis. Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel steer millions of car buyers toward specific dealers while the same sites deliver competing bids for cars, insurance and financing in a manner that lowers costs and improves satisfaction among consumers. Meanwhile, auto makers are using the latest in e-commerce methods to manage their supply chains and replenish their inventories. This exciting new book (which includes a database on CD-ROM) is a complete reference tool for everything you need to know about the car, truck and specialty vehicles business, including: Automotive industry trends and market research; Mergers, acquisitions, globalization; Automobile manufacturers; Truck makers; Makers of specialty vehicles such as RVs; Automobile loans, insurance and other financial services; Dealerships; Components manufacturers; Retail auto parts stores; E-commerce; and much, much more. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. This book also includes statistical tables, an automobile industry glossary, industry contacts and thorough indexes. The corporate profile section of the book includes our proprietary, in-depth profiles of the 400 leading companies in all facets of the automobile industry. Purchasers may also receive a free copy of the company profiles database on CD-ROM.

The decapitated body of a thirteen-year-old girl turns up at a coastal location in Mar Menor. Not far from the place, the Police finds a sleeping young man wearing a bloody t-shirt and displaying clear signs of alcoholic intoxication. The solution of the case seems so evident, that the Captain of the precinct where the events occur, assigns it to a rookie inspector thinking that this would be a good way to get the new cop's feet wet in investigative procedure. Chief De la Mata expects the case to be closed promptly. That is how, from one day to the next, Juanito Proaza finds himself partnering veteran policeman Paco Garrido, who likes to use unorthodox methods, and working closely with Doctor Luzon, a brilliant pathologist and a great master at presenting his findings with great dramatic flair. Juanito heads an investigation that gets complicated by the minute and eventually results in the uncovering of a sordid net with multiple tentacles, among these a mysterious literary society dedicated to paying cult to...angels.

La contabilit  dei costi del personale Maggioli Editore

La contabilizzazione dei costi del personale rappresenta, anche per gli addetti ai lavori, un'operazione non sempre facile e spesso fonte di dubbi: la presente guida ha l'obiettivo di illustrare, in maniera semplice e mediante l'ausilio di esempi pratici, come contabilizzare il costo del personale, evitando problematiche legate al non corretto appostamento delle voci nel bilancio di esercizio – soprattutto in presenza di eventi particolari, come la malattia, gli infortuni e cos'è via – e alle conseguenti ripercussioni, in termini di imposizione fiscale. In virtù di questa considerazione, al fine di appostare correttamente tutte quelle voci di bilancio utili al calcolo delle imposte, è necessario valutare gli aspetti relativi agli oneri contributivi ed assicurativi, al fine dell'eventuale deduzione dalla base imponibile IRAP. La disamina, alle cui fondamenta soggiacciono i principi contabili, si caratterizza per il gran numero di esempi – che, di fatto, rappresentano una sintesi delle casistiche più comuni che possono incontrarsi in azienda – volti a consentire un rapido approccio al lettore, soprattutto in quelle situazioni di particolare urgenza, come nel caso di dover calcolare il costo per esigenze di budget. Viene, infine, proposto un caso concreto di contabilizzazione del costo, partendo dal cosiddetto “cedolone”, vale a dire il riassunto avvenuto nel periodo di lavoro considerato. The car - once everybody's dream and a key status symbol in most countries and cultures - has been extensively questioned in the last decades and in the last few years particularly. Urbanisation, traffic congestion, pollution problems, heavy reliance on scarce oil supplies, safety issues and ever-growing competition, have all provided significant business challenges for the automotive industry. Many car manufacturers have had to fundamentally rethink their design, brand and marketing strategies to thrive in a savvy, consumer-led culture, and markets that are becoming increasingly restrictive in size and opportunity. Auto Brand provides a roadmap to branding and marketing success in the automotive industry from a leading industry expert and features:

- Case studies on major car brands personally conducted by the author including: Audi, BMW, Holden, Mercedes-Benz, Opel, Porsche, Saab, Seat, Skoda, Vauxhall, Volkswagen, and Volvo
- The findings from 100 interviews conducted with CEOs, marketing managers, sales managers, sales people, after sales managers at all levels from the manufacturer level to small rural dealers, as well as industry experts, policy makers, free-stranding repair shops and professional organizations
- The results of a new international study on car buyer behaviour based on 4,700 survey answers

Auto Brand is essential reading for marketing managers, sales managers, CEOs, development managers and dealers in all types of companies in the car industry including: manufacturers, national sales companies/importers, dealers, finance companies, insurance companies, free-standing repair shop channels and more. The first book to specifically address how to deal with the challenges facing the automotive industry it illustrates how companies can take advantage of new technologies, adapt to emerging trends in consumer behaviour, improve profitability and build even more successful brands in the future.

For more than a decade, Richard John 's monthly columns in " Conference News " have been the first port of call for readers around the world. Now, for the first time, the best of those columns are available in one place. " Since Richard John has been writing for " Conference News " his work has been entertaining, insightful and, sometimes (for some) upsetting. His remarkable insights into the UK events industry, coupled with a cutting edge sense of irony, make his articles the first point of call for many readers Richard's reach is broader than CN magazine, of course, and woe betide any peddlers of falsehoods, smoke and mirrors merchants or conference snake oil salespeople. Be afraid, be very afraid, the RJ sting is very much in the events tale. " Paul Colston Managing Editor, Conference News
