A teacher is a person who not only teaches but also guides his/her student in building a successful career. The future of a nation lies upon the level of knowledge the people in the country are having. Thus, the responsibility of a teacher goes far beyond what we think of it at an individual level. We have seen people are interested in making their career in many other professions but teaching as a profession is not the first choice in most cases. Nevertheless, teaching is one of the most interesting professions as it involves a continuous learning exercise and at the same time making others learned by delivering the knowledge one is having. The teachers assess their students but at first, they also get assessed under UGC NET conducted by the National Testing Agency. The National

Eligibility Test (NET), also known as UGC NET or NTA-UGC-NET, is the test for determining the eligibility for the post of Assistant Professor and/or Junior Research Fellowship (JRF) award in Indian universities and colleges. UGC NET is considered as one of the toughest exams in India, with success ratio of merely 6%. Previously, the passing ratio was around 3% - 4%. Assistant Professors in private colleges may or may not be NET qualified but NET qualification is mandatory for universities & government colleges.

UPSC IAS Prelims 2020 Solved Test Paper 1-40 The UPSC IAS Preliminary Test is by far the most challenging stage of the Civil Services Examination with nearly 5 lakh candidates taking the test each year. After GS Paper 2 – CSAT was made qualifying in 2015, the GS Paper- 1 has assumed greater significance in deciding the success of a candidate in the Preliminary Test which seeks to eliminate non-serious candidates from entering the Main Examination. With mere 100 questions deciding your entry into the Main Examination, the room for error in this stage is minuscule. In addition to changes in the pattern of Preliminary Test, GS Paper 1 is subjected to frequent changes in terms of the nature of the questions that appear in it. While the GS 1 paper from 2010-2014 focused on the conceptual understanding in

---

conventional areas, in 2015 and 2016 the emphasis was on factual current events. On the other hand, the 2017, 2018 and 2019 papers tested the creative intelligence and problem solving skills of the candidates. The GS Paper 1 from 2017-19 was an interesting mix of questions ranging from epistemological understanding of important political underpinnings like liberty, equality etc to most contemporary issues like Google tax, AI, Block chain technology, UPI etc. Keeping in view the web of complexities the Exam can throw at you, we are striving to keep abreast with the dynamics of the Preliminary Test.
