Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love.

Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God." Home for the Haunting Penguin Evelyn Waugh's beloved masterpiece, with an introduction by Paula Byrne The most nostalgic and reflective of Evelyn Waugh's novels, *Brideshead Revisited* looks back to the golden age before the Second World War. It tells the story of

Charles Ryder's infatuation with the Marchmains and the rapidly disappearing world of privilege they inhabit. Enchanted first by Sebastian Flyte at Oxford, then by his doomed Catholic family, in particular his remote sister, Julia, Charles comes finally to recognise his spiritual and social distance from them. In the latest Haunted Home Renovation mystery from New York Times bestselling author Juliet Blackwell,

San Francisco contractor—and reluctant ghostbuster—Mel Turner gets hired for a job that's to die for. Lately, Mel has been worried about finding enough historic renovation work to pay the bills. But while Turner Construction is in need of a project, Mel's boyfriend, Graham, has his hands full managing the reconstruction of an ancient building shipped over from Scotland. With the job plagued by rumors that the stones are cursed, Graham brings in Mel to look for paranormal activity. And while

the ghost of a charming Scottish clansman does seem to be hanging around the site, the real shock comes when they stumble upon a body. When the original construction crew starts running scared, Mel brings in her team to finish the job. Now all she has to do is nail down the killer, and put the spirits to rest, before anyone else winds up heading for the highlands... The Four Loves DigiCat This celebrated study of witchcraft in Europe traces the worship of

the pre-Christian thought of as and prehistoric Horned God from paleolithic times to the medieval period. Murray, the first to turn a scholarly eye on the mysteries of witchcraft, enables us to see its existence in the Middle Ages not as an isolated and terrifying phenomenon, but as the survival of a religion nearly as old as humankind itself, whose devotees held passionately to a view of life threatened by an alien creed. The findings she sets forth, once

provocative and implausible, are now regarded as irrefutable by folklorists and scholars in related fields. Exploring the rites and ceremonies associated with witchcraft, Murray establishes the concept of the "dying god"--the priest-king who was ritually killed to ensure the country and its people a continuity of fertility and strength. In this light, she considers such figures as Thomas a Becket, Joan of

Arc, and Gilles de Rais as spiritual leaders whose deaths were ritually imposed. Truly a classic work of anthropology, and written in a clear, accessible style that anyone can enjoy, *The God of the Witches* forces us to reevaluate our thoughts about an ancient and vital religion. *Murder on the House Penguin* In the third *Magical Cats* mystery, small town librarian Kathleen Paulson and her very special cats

must go on the hunt to find a clever killer... It's been raining cats and dogs in Mayville Heights. The small town's been deluged, and now the local artists' co-op is on the verge of flooding. Kathleen has been up all night helping her friends move their creations to the safety of the upstairs studio. The artwork survives, but when controversial mask maker

Jaeger Merrill is found drowned in the co-op basement, Kathleen questions whether the death was accidental. After she co-discovers the artist was using an assumed name, she realizes she can't actually assume anything about him. With the help of handsome detective Marcus Gordon—and Owen and Hercules's extraordinary

powers of feline detection—it's up to Kathleen to unmask a killer.
