Delacorte Press

Selfishness is essential to capitalism—or so both advocates and opponents claim. In *Infinite Greed*, Adrian Johnston argues that this consensus is mistaken. Through a novel synthesis of Marxism and psychoanalysis, he reveals how the relentless pursuit of profits is not fundamentally animated by human acquisitiveness. Instead, capitalism's strange "infinite greed" demands that individuals sacrifice their pleasures, their well-being, and even themselves to serve inhuman capital. Johnston traces the mechanisms that compel capitalist subjects to obey

the cold imperative to accumulate in perpetuity and without limits—and also without regard for the consequences for everyone and everything else. Facing crises such as spiraling wealth inequality and the profit-driven prospect of a looming ecological apocalypse, the rational self-interest of the majority would seem to dictate putting a stop to capitalist accumulation. By bringing together the Marxian critique of political economy with psychoanalytic metapsychology, Johnston shows why and how capitalism, rather than being responsive to people's rationally selfish interests, disregards and overrides them instead. Unlike previous syntheses of Marxism and psychoanalysis, *Infinite Greed* pairs Freudian and Lacanian concepts with the economic heart of Marx's historical materialism. In so doing, Johnston brings to light the

complex intertwining of political and libidinal economies keeping us invested and complicit in perpetuating capitalism and its ills.

*English as We Speak it in Ireland* Farrar, Straus and Giroux  
An often hilarious and always relevant memoir about one teen boy's battle with brain cancer and his Starlight Children's Foundation wish: to meet Mikhail Gorbachev in Russia and plead for nuclear disarmament and world peace. It's 1986, and Jeff is an average fifteen-year-old: he thinks a lot about dating, he bounces around with his friends, and he's trying his hardest to get a car. Conversely, the world around him feels crazy: the United States and the Soviet Union are at glaring odds, with their leaders in a standoff, and that

---

awful word, "nuclear," is on everyone's mind. Then, boom--Jeff learns that he has brain cancer and it's likely terminal. Well, that puts a damper on his summer plans and romantic prospects, doesn't it? Jeff's family rallies around him, but they are fiercely complicated--especially Jeff's father, a man who can't say "I love you" even during the worst of Jeff's treatment. So when the Starlight Children's Foundation offers to grant Jeff a wish, he makes one certain to earn his father's respect: he asks to travel to Moscow and meet with Mikhail Gorbachev to discuss nuclear disarmament and ending the Cold War. Nothing like achieving world peace to impress a distant father, right? Jeff has always been one to aim high. Jeff's story is dark, but it's also funny, romantic, and surprising. As his life swings from incredibly ordinary to absolutely incredible, he grapples with the big questions of mortality, war, love, hope, and miracles. "A sweet but unsentimental account of a truly fascinating nuclear childhood.

Henigson had me at 'Gorbachev.'" --Gary Shteyngart, New York Times bestselling author of *Little Failure* and *Lake Success* "It's a tale well-told--always gripping, often heartbreaking, and ultimately uplifting." --Booklist

All that is Solid Melts Into Air  
University of Texas Press  
#1 New York Times bestseller and winner of the Carnegie Medal! "A superlative novel . . . masterfully crafted."--The Wall Street Journal  
Based on "the forgotten tragedy that was six times deadlier than the Titanic."--Time  
Winter 1945. WWII. Four refugees. Four stories. Each one born of a different homeland; each one hunted, and haunted, by tragedy, lies, war. As thousands desperately flock to the coast in the midst of a Soviet advance, four paths converge, vying for passage aboard the Wilhelm Gustloff, a ship that promises safety and freedom. But not all promises can be kept . . . This paperback edition includes book club questions and exclusive interviews with Wilhelm Gustloff survivors and experts.

The Digital Dialectic Wellred Books  
This book traces the development of Dialectical Logic within the history of modern western philosophy, culminating in Marx's materialist dialectics. It brings out the essential contours of Logic through a detailed

exposition of the ontological and epistem

Sophie's World DigiCat  
A central figure for anti-authoritarian Marxists and radicals who see the working class as an autonomous force, capable of acting independently and not simply reacting to the depredations of capitalism, Harry Cleaver brings this vision up to date, interpreting capitalism's latest crises and demonstrating how ordinary people can, and do, rupture the smooth functioning of the system that exploits them.

Critical Models NYU Press  
Often regarded as an artistic movement of interwar Paris, Surrealism comprised an international community of artists, writers, and intellectuals who have aspired to change the conditions of life itself over the course of the past century. Consisting of a wide range of dedicated case studies from the 1920s to the 1970s, this book highlights the international dimensions of the Surrealist Movement, and the radical chains of thought that linked its followers across the globe: from France to Romania,

---

and from Canada to the former Czechoslovakia. From very early on, the surrealists approached magic as a means of bypassing, discrediting, and combatting rationalism, capitalism, and other institutionalized systems and values that they saw to be constraining influences upon modern life. Surrealist Sorcery maps out how this interest in magic developed into a major area of surrealist research that led not only to theoretical but also practical explorations of the subject. Taking an international perspective, Atkin surveys this important quality of the movement and how it's remained an important element in the surrealist project and its ongoing legacy.

Reason in Revolt Columbia University Press

Taking to heart Ralph Ellison's remark that much in American life is "jazz-shaped," *The Jazz Cadence of American Culture* offers a wide range of eloquent statements about the influence of this art form. Robert G. O'Meally has gathered a comprehensive collection of important essays, speeches, and interviews on the impact of jazz on other arts, on politics, and on the rhythm of everyday life. Focusing mainly on American artistic expression from 1920 to 1970, O'Meally confronts a long era of political and

artistic turbulence and change in which American art forms influenced one another in unexpected ways. Organized thematically, these provocative pieces include an essay considering poet and novelist James Weldon Johnson as a cultural critic, an interview with Wynton Marsalis, a speech on the heroic image in jazz, and a newspaper review of a recent melding of jazz music and dance, *Bring in 'Da Noise, Bring in 'Da Funk*. From Stanley Crouch to August Wilson to Jacqui Malone, the plurality of voices gathered here reflects the variety of expression within jazz. The book's opening section sketches the overall place of jazz in America. Alan P. Merriam and Fradley H. Garner unpack the word jazz and its register, Albert Murray considers improvisation in music and life, Amiri Baraka argues that white critics misunderstand jazz, and Stanley Crouch cogently dissects the intersections of jazz and mainstream American democratic institutions. After this, the book takes an interdisciplinary approach, exploring jazz and the visual arts, dance, sports, history, memory, and literature. Ann Douglas writes on jazz's influence on the design and construction of skyscrapers in the 1920s and '30s, Zora Neale Hurston considers

the significance of African-American dance, Michael Eric Dyson looks at the jazz of Michael Jordan's basketball game, and Hazel Carby takes on the sexual politics of Ma Rainey and Bessie Smith's blues. *The Jazz Cadence* offers a wealth of insight and information for scholars, students, jazz aficionados, and any reader wishing to know more about this music form that has put its stamp on American culture more profoundly than any other in the twentieth century.

### Le Deuxième Sexe

Penguin

The newest Oprah's Book Club 2.0 selection: this special eBook edition of *The Invention of Wings* by Sue Monk Kidd features exclusive content, including Oprah's personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty "Handful" Grimke, an urban slave in early nineteenth century Charleston, yearns for life beyond

---

the suffocating walls that enclose her within the wealthy Grimke household. The Grimke's daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd's sweeping novel is set in motion on Sarah's eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other's destinies and forming a complex relationship marked by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to

find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. Please note there is another digital edition available without Oprah's notes. Adorno's most important postwar works - 'Interventions' and 'Catchwords'--And addresses issues such as the dangers of ideological conformity, the fragility of democracy, educational reform, the influence of television and radio and the aftermath and continuity of racism. The Secret Life of Bees Simon and Schuster The groundbreaking National Book Award Finalist and Michael L. Printz Honor Book with more than 3.5 million copies sold, Speak is a bestselling modern classic about consent, healing, and finding your voice. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big lie, part of the nonsense of high school. She is friendless, an outcast, because she busted an end-of-summer party by calling the cops. Now nobody will talk to her, let alone listen to

her. As time passes, Melinda becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back—and refuses to be silent. From Astrid Lindgren Memorial Award laureate Laurie Halse Anderson comes the extraordinary landmark novel that has spoken to millions of readers. Powerful and utterly unforgettable, Speak has been translated into 35 languages, was the basis for the major motion picture starring Kristen Stewart, and is now a stunning graphic novel adapted by Laurie Halse Anderson herself, with artwork from

Eisner-Award winner Emily Carroll. Awards and Accolades for Speak: A New York Times Bestseller A National Book Award Finalist for Young People 's Literature A Michael L. Printz Honor Book An Edgar Allan Poe Award Finalist A Los Angeles Times Book Prize Finalist A TIME Magazine Best YA Book of All Time A Cosmopolitan Magazine Best YA Books Everyone Should Read, Regardless of Age Valences of the Dialectic Edinburgh University Press A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's Sophie's World has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course,

---

covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

### Salt to the Sea Penguin

Philosopher, sociologist and urban theorist, Henri Lefebvre is one of the great social theorists of the twentieth century. This accessible and innovative introduction to the work of Lefebvre combines biography and theory in a critical assessment of the dynamics of Lefebvre's character, thought, and times. Exploring key Lefebvrian concepts, Andy Merrifield demonstrates the evolution of Lefebvre's philosophy, while stressing the way his long and adventurous life of ideas and political engagement live on as an enduring and inspiring interrelated whole.

### Laws New Harbinger Publications

Millions of people have read, discussed, debated, cried, and cheered with Little Bee, a Nigerian refugee girl whose violent and courageous journey puts a stunning face on the worldwide refugee crisis. "Little Bee will blow you away." —The Washington

Post The lives of a sixteen-year-old Nigerian orphan and a well-off British woman collide in this page-turning #1 New York Times bestseller, book club favorite, and "affecting story of human triumph" (The New York Times Book Review) from Chris Cleave, author of *Gold* and *Everyone Brave Is Forgiven*. We don't want to tell you too much about this book. It is a truly special story and we don't want to spoil it. Nevertheless, you need to know something, so we will just say this: It is extremely funny, but the African beach scene is horrific. The story starts there, but the book doesn't. And it's what happens afterward that is most important. Once you have read it, you'll want to tell everyone about it. When you do, please don't tell them what happens either. The magic is in how it unfolds.

*Differentiating Instruction for Gifted Learners* Algonquin Books  
*Differentiating Instruction for Gifted Learners* allows educators and stakeholders to examine issues related to differentiating curriculum and instruction in a variety of contexts. The case studies in this rich resource analyze various differentiation strategies and their benefits to promote classrooms where every student belongs, every student is valued,

and every student is nurtured. The cases facilitate conversations about children and their unique needs by situating learning in authentic and meaningful contexts, with the goal of helping educators improve services and programs for gifted and talented students. "Things to Consider" guide the reader's thinking without imparting an explicit action, recommendation, or solution. Discussion questions, activities, extensions, and suggestions for additional readings support the standards of excellence set forth in the revised NAGC-CEC Teacher Preparation Standards in Gifted and Talented Education and the NAGC-CEC Advanced Standards in Gifted Education Teacher Preparation. Little Bee MIT Press Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo."

Marx's Ecology Routledge  
 The Laws is Plato's last, longest, and perhaps, most famous work. It presents a conversation on political philosophy between three elderly men: an unnamed Athenian, a Spartan named Megillus, and a Cretan named Clinias. They worked to create a constitution for Magnesia, a new Cretan colony that would make all of its citizens happy and virtuous. In this work, Plato combines political philosophy with applied legislation, going into great detail concerning what laws and procedures should be in the state. For example, they consider whether drunkenness should be allowed in the city, how citizens should hunt, and how to punish suicide. The principles of this book have entered the legislation of many modern countries and provoke a great interest of philosophers even in the 21st century.
