White Fragility Yearling

Teachers facing the challenge of meeting the diverse reading needs of students will find the structure and tools they need in Jan Richardson's powerful approach to guided reading. Richardson has identified the essential components of an effective guided reading lesson: targeted assessments, data analysis that pinpoints specific strategies students need, and the use of guided writing to support the reading process. Each chapter contains planning sheets to help teachers analyze assessments in order to group students and select a teaching focus Includes detailed, ready-to-go lesson plans for all stages of reading: emergent, early, transitional, and fluent

Fahrenheit 451 Heinemann Educational Books

The horror of Hurricane Katrina is brought vividly to life in this fictional account of a boy, a dog, and the storm of the century. Barry's family tries to evacuate before Hurricane Katrina hits their home in New Orleans. But when Barry's little sister gets terribly sick, they're forced to stay home and wait out the storm. At first, Katrina doesn't seem to be as bad as predicted. But overnight the levees break, and Barry's world is literally torn apart. He's swept away by the floodwaters, away from his family. Can he survive the storm of the century -- alone?

A German Printer Peter Bedrick Books

Much has been written on the topic of guided reading over the last twenty years, but no other leaders in literacy education have championed the topic with such depth and breadth as Irene Fountas and Gay Su Pinnell. In the highly anticipated second edition of *Guided Reading*, Fountas and Pinnell remind you of guided reading's critical value within a comprehensive literacy system, and the reflective, responsive teaching required to realize its full potential. Now with *Guided Reading, Second Edition*, (re)discover the essential elements of guided reading through: a wider and more comprehensive look at its place within a coherent literacy system a refined and deeper understanding of its complexity an examination of the steps in implementation- from observing and assessing literacy behaviors, to grouping in a thoughtful and dynamic way, to analyzing texts, to teaching the lesson the teaching for systems of strategic actions a rich text base that can support and extend student learning the re-emerging role of shared reading as a way to lead guided and independent reading forward the development of managed independent learning across the grades an in-depth exploration of responsive teaching the role of facilitative language in supporting change over time in students' processing systems the identification of high-priority shifts in learning to focus on at each text level the creation of a learning environment within which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts. Also check out our new on-demand mini-course:

Introducing Texts Effectively in Guided Reading Lessons

Guided Reading the Four-Blocks® Way, Grades 1 - 3 Turtleback

" My favorite historical novel . . . a superb re-creation of the Battle of Gettysburg, but its real importance is its insight into what the war was about, and what it meant. " —James M. McPherson In the four most bloody and courageous days of our nation's history, two armies fought for two conflicting dreams. One dreamed of freedom, the other of a way of life. Far more than rifles and bullets were carried into battle. There were memories. There were promises. There was love. And far more than men fell on those Pennsylvania fields. Bright futures, untested innocence, and pristine beauty were also the casualties of war. Michael Shaara's Pulitzer Prize – winning masterpiece is unique, sweeping, unforgettable—the dramatic story of the battleground for America's destiny.

Describes what is necessary to have a quality literacy program in the upper elementary grades.

Interactive Writing Heinemann Educational Books

#1 NEW YORK TIMES BESTSELLER • From the National Book Award – winning author of *Stamped from the Beginning* comes a “ groundbreaking ” (Time) approach to understanding and uprooting racism and inequality in our society—and in ourselves. “ The most courageous book to date on the problem of race in the Western mind. ” —The New York Times **NAMED ONE OF THE BEST BOOKS OF THE YEAR** BY The New York Times Book Review • Time • NPR • The Washington Post • Shelf Awareness • Library Journal • Publishers Weekly • Kirkus Reviews *Antiracism* is a transformative concept that reorients and reenergizes the conversation about racism—and, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In *How to Be an Antiracist*, Kendi takes readers through a widening circle of antiracist ideas—from the most basic concepts to visionary possibilities—that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for *How to Be an Antiracist* “ Ibram X. Kendi ’ s new book, *How to Be an Antiracist*, couldn ’ t come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author ’ s own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . *How to Be an Antiracist* gives us a clear and compelling way to approach, as Kendi puts it in his introduction, ‘ the basic struggle we ’ re all in, the struggle to be fully human and to see that others are fully human. ’ ” —NPR “ Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. *How to Be an Antiracist* punctures the myths of a post-racial America, examining what racism really is—and what we should do about it. ” —Time
