Kinetic Watch / Our  
Everyday Life*

The latest models of  
Seiko Arctura Kinetic  
watches pack a punch  
regarding innovation  
and refinement. The  
bizarre shape of the  
dial inspired by the  
arc sits safely on the  
wrist. The face has a  
scratch-resistant  
sapphire glass that  
makes the watch face  
apparently readable  
with the hour and  
minute hands separated  
from the other dials.
