Allen Ginsberg Cambridge Scholars Publishing

Visionary poet Allen Ginsberg was one of the most influential cultural and literary figures of the 20th century, his face and political causes familiar to millions who had never even read his poetry.

And yet he is a figure that remains little understood, especially how a troubled young man became one of the intellectual and artistic giants of the postwar era. He never published an autobiography or memoirs, believing that his body of work should suffice. The *Essential Ginsberg* attempts a more intimate and rounded portrait of this iconic poet by bringing together for the first time his most memorable poetry but also journals, music, photographs and letters, much of it never before published.

**The Oxford Book of American Poetry** David R. Godine Publisher

This book draws out connections between ideas of space in cultural and social

contemporary poetry. Studying the works of poets from the UK and USA we explore relationships between the texts, ideas of globalization and issues of nationality, identity, language and geography.

Twentieth-Century Metapoetry and the Lyric Tradition Scarecrow Press

*Nordic Literature: A comparative history* is a multi-volume comparative analysis of the literature of the Nordic region. Bringing together the literature of Finland, continental Scandinavia (Sweden, Norway, Denmark, and Sápmi), and the insular region (Iceland, Greenland, and the Faroe Islands), each volume of this three-volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice. This first volume, *Spatial nodes*, devotes its attention to the changing

---

literary figurations of space by Nordic writers from medieval to contemporary times. Organized around the depiction of various “scapes” and spatial practices at home and abroad, this approach to Nordic literature stretches existing notions of temporally linear, nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly. The productive historical contingency of the “North” as a literary space becomes clear in this close analysis of its literary texts and practices.

Ideas of Space in Contemporary Poetry

Harper Collins

Whether criticizing the American government, protesting the war in Vietnam, or denouncing capitalism, Ginsberg gave voice to the moral

conscience of the nation. His personal essays on Jean Genet, Andy Warhol, Philip Glass, and others, give us compelling portraits of his fellow artists. And his views on poetry, free speech, Buddhism, and the Beats reflect the concerns of the postwar American culture he helped shape. Provocative, playful, eloquent, and of the moment, these essays offer a social history of modern America that remind us of the events and issues that preoccupied the minds of a nation -- and one of its most influential citizens -- in the postwar years.

Selected Poems 1947-1995

Cambridge University Press

Here is the eagerly awaited new edition of The Oxford Book of American Poetry brought completely up to date and dramatically expanded by poet David

---

Lehman. It is a rich, capacious volume, featuring the work of more than 200 poets-almost three times as many as the 1976 edition. With a succinct and often witty head note introducing each author, it is certain to become the definitive anthology of American poetry for our time. Lehman has gathered together all the works one would expect to find in a landmark collection of American poetry, from Whitman's Crossing Brooklyn Ferry to Stevens's The Idea of Order at Key West, and from Eliot's The Waste Land to Ashbery's Self-Portrait in a Convex Mirror. But equally important, the editor has significantly expanded the range of the anthology. The book includes not only writers born since the previous edition, but also

many fine poets overlooked in earlier editions or little known in the past but highly deserving of attention. The anthology confers legitimacy on the Objectivist poets; the so-called Proletariat poets of the 1930s; famous poets who fell into neglect or were the victims of critical backlash (Edna St. Vincent Millay); poets whose true worth has only become clear with the passing of time (Weldon Kees). Among poets missing from Richard Ellmann's 1976 volume but published here are W. H. Auden, Charles Bukowski, Donald Justice, Carolyn Kizer, Kenneth Koch, Stanley Kunitz, Emma Lazarus, Mina Loy, Howard Moss, Lorine Niedecker, George Oppen, James Schuyler, Elinor Wylie, and Louis Zukosky. Many more women are represented:

---

outstanding poets such as Josephine Jacobsen, Josephine Miles, May Swenson. Numerous African-American poets receive their due, and unexpected figures such as the musicians Bob Dylan, Patti Smith and Robert Johnson have a place in this important work. This stunning collection redefines the great canon of American poetry from its origins in the 17th century right up to the present. It is a must-have anthology for anyone interested in American literature and a book that is sure to be consulted, debated, and treasured for years to come.

Encyclopedia of American Poetry: The Twentieth Century  
John Wiley & Sons

This book reveals the ideas behind the Beat vision which influenced the Beat sound of the songwriters who followed on from them. Having explored the

thinking of Alan Watts, who coined the term ' Beat Zen ', and who influenced the counterculture which emerged out of the Beat movement, it celebrates Jack Kerouac as a writer in pursuit of a ' beatific ' vision. On this basis, the book goes on to explain the relevance of Kerouac and his friends Allen Ginsberg and Gary Snyder to songwriters who emerged in the 1960s. Not only are new, detailed readings of the lyrics of the Beatles and of Dylan given, but the range and depth of the Beat legacy within popular song is indicated by way of an overview of some important innovators: Jim Morrison, Joni Mitchell, Leonard Cohen, Donovan, the Incredible String Band, Van Morrison and Nick Drake. No Nature Penguin UK  
Andrei Codrescu's infamous anti-literary magazine Exquisite Corpse became a prime site of engaged dialogue in the stormy decade of its existence. Taking its name from Surrealism, the Corpse became the home of rebellion, passion, polemic, black humor, sedition, and all points

---

between the front lines and back alleys of contemporary culture. In this text, Codrescu and Rosenthal resurrect the best essays and poems from Carl Rakosi, James Purdy, Joel Oppenheimer, Robert Creeley, Tom Clark and other members of America's vibrant and eclectic avant-garde.

Haiku in English: The First Hundred Years Harper

This book brings together a distinguished group of expert scholars from the Elie Wiesel Center for Judaic Studies at Boston University on the main areas of American Jewish life, from colonial Jewish experience to images of Jews in contemporary films. This volume represents the fruit of this collective reflection and interrogation.

White Shroud Selected Poems 1947-1995

The Encyclopedia of American Poetry: The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems, along with many articles devoted to topics, schools, or periods of American verse in the century. Entries fall

into three main categories: poet entries, which provide biographical and cultural contexts for the author's career; entries on individual works, which offer closer explication of the most resonant poems in the 20th-century canon; and topical entries, which offer analyses of a given period of literary production, school, thematically constructed category, or other verse tradition that historically has been in dialogue with the poetry of the United States.

100 Years of the American Dream Everyman's Library

New York City was the site of a remarkable cultural and artistic renaissance during the 1950s and '60s. In the first monograph to treat all five major poets of the New York School—John Ashbery, Barbara Guest, Kenneth Koch, Frank O'Hara, and James Schuyler—Mark Silverberg examines this rich period of cross-fertilization between the arts. Silverberg uses the term 'neo-avant-garde' to describe New York School Poetry, Pop Art, Conceptual Art, Happenings, and other movements intended

---

to revive and revise the achievements of the historical avant-garde, while remaining keenly aware of the new problems facing avant-gardists in the age of late capitalism. Silverberg highlights the family resemblances among the New York School poets, identifying the aesthetic concerns and ideological assumptions they shared with one another and with artists from the visual and performing arts. A unique feature of the book is Silverberg's annotated catalogue of collaborative works by the five poets and other artists. To comprehend the coherence of the New York School, Silverberg demonstrates, one must understand their shared commitment to a reconceptualized idea of the avant-garde specific to the United States in the 1950s and '60s, when the adversary culture of the Beats was being appropriated and repackaged as popular culture. Silverberg's detailed analysis of the strategies the New York School poets used to confront the problem of appropriation tells us much about the politics of taste

and gender during the period, and suggests new ways of understanding succeeding generations of artists and poets.

Presents selections from the author's eight previous collections of poetry, as well as previously unpublished works  
The Bohemian Ethos Random House

Allen Ginsberg (1926 – 1997) was one of twentieth-century literature's most prolific letter-writers. This definitive volume showcases his correspondence with some of the most original and interesting artists of his time, including Jack Kerouac, William S. Burroughs, Gregory Corso, Neal Cassady, Lionel Trilling, Charles Olson, Lawrence Ferlinghetti, Philip Whalen, Peter Orlovsky, Philip Glass, Arthur Miller, Ken Kesey, and hundreds of others. Through his letter writing, Ginsberg coordinated the efforts of his literary circle and kept everyone informed about what everyone else was doing. He also preached the gospel of the Beat movement by addressing political and social issues in countless letters to publishers, editors, and the news media, devising an entirely new way to educate readers and

disseminate information. Drawing from numerous sources, this collection is both a riveting life in letters and an intimate guide to understanding an entire creative generation.

Against Oblivion Harper Collins 'Shows Ginsberg to be not only a legendary protest writer but also a lyric poet preoccupied with passion, place and fate' The New York Times This is the only volume to bring together all of Allen Ginsberg's published verse in its entirety, celebrating half a century of brilliant work from one of America's greatest poets. Presented chronologically, it sets Ginsberg's verse against the story of his extraordinary life: from his most famous landmark works 'Howl' and 'Kaddish' to the poems White Shroud and Cosmopolitan Greetings, and on to his later writings such as the caustically funny 'Death and Fame', the provocative 'New Democracy Wish List' and the elegiac 'Things I'll Not Do (Nostalgias)'. Ginsberg, as chief figure among the Beats, was at the centre of a social and political revolution, yet his

---

groundbreaking verse also changed the course of American poetry with its freewheeling spontaneity, rawness, honesty and energy. Also containing illustrations by Ginsberg's artist friends, illuminating notes to the poems, original prefaces and photographs, this is the essential record of one of the most influential voices in twentieth century poetry

Not One of Them in Place Univ.

Press of Mississippi

The iconoclastic ingenuity of bohemians, from Gerard de Nerval to Allen Ginsberg, continually captivates the popular imagination; the worlds of fashion, advertising, and even real estate all capitalize on the alternative appeal of bohemian style. Persistently overlooked, however, is bohemians' distinctive relationship to work. In this book, sociologist Judith R. Halasz examines the fascinating junctures between bohemian labor and life. Weaving together historiography, ethnography, and personal experiences of having been raised amidst downtown New York's bohemian

communities, Halasz deciphers bohemians' unconventional behaviors and attitudes towards employment and the broader work world. From the nineteenth-century harbingers on Paris' Left Bank to the Beats, Underground, and more recent bohemian outcroppings on New York's Lower East Side, *The Bohemian Ethos* traces the embodiment of a politically charged yet increasingly precarious form of cultural resistance to hegemonic social and economic imperatives. *The Essential Ginsberg* Harper Perennial

The Beat Movement was and is a literary and arts movement, the most radical and innovative of the 20th century, and because it was so open to new ideas of poetics and aesthetics, it has adapted from decade to decade. The history of the Beat Movement is still being written in the early years of the 21st century. Unlike other kinds of literary and artistic the Beat Movement is self-perpetuating. After the 1950s generation, a new generation arose in the 1960s led by writers such as

---

Diane Wakowski, Anne Waldman, and poets from the East Side Scene. In the 1970s and 1980s writers from the Poetry Project at St. Mark's Church and contributors to *World* magazine continued the movement. The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics. Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement. It is now a postmodern movement and probably would be unrecognizable to the earliest Beats. It may even be in the process of finally shedding the name Beat. But the Movement continues. The *Historical Dictionary of the Beat Movement* covers the movement's history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on significant people, themes, critical issues, and the most significant

novels, poems, and volumes of poetry and prose that have formed the Beat canon. This book is a vital reference tool for any researcher interested in learning more about the Beat Movement.
