Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The human presence that animates the personal essay is surely one of the most beguiling of literary phenomena, for it comes across in so familiar a voice that it 's easy to believe we are listening to the author rather than a textual stand-in. But the " person " in a personal essay is always a written construct, a fabricated character, its confessions and reminiscences as rehearsed as those of any novelist. In this first book-length study of the personal essay, Carl Klaus unpacks this made-up self and the manifold ways in which a wide range of essayists and essays have brought it to life. By reconceiving the most fundamental aspect of the personal essay—the I of the essayist—Klaus demonstrates that this seemingly uncontrived form of writing is inherently problematic, not willfully

devious but bordering upon the world of fiction. He develops this key idea by explaining how structure, style, and voice determine the nature of a persona and our perception of it in the works of such essayists as Michel de Montaigne, Charles Lamb, E. B. White, and Virginia Woolf. Realizing that this persona is shaped by the force of culture and the impress of personal experience, he explores the effects of both upon the point of view, content, and voice of such essayists as George Orwell, Nancy Mairs, Richard Rodriguez, and Alice Walker. Throughout, in full command of the history of the essay, he calls up numerous passages in which essayists themselves acknowledge the element of impersonation in their work, drawing upon the perspectives of Joan Didion, Edward Hoagland, Joyce Carol Oates, Leslie Marmon Silko, Scott Russell Sanders, Annie Dillard, Vivian Gornick, Loren Eiseley, James Baldwin, and a host of other literary guides. Finally, adding yet another layer to the made-up self, Klaus succumbs to his addiction to the personal essay by placing some of the different selves that various essayists have called forth in him within the essays that he has crafted so carefully for this book. Making his way from one essay to the next with a persona variously learned, whimsical, and poignant, he enacts the palimpsest of ways in which the made-up self comes to life in the work of a single essayist. Thus over the course of this highly original, beautifully structured study, the personal essay is revealed to be more complex than many readers have supposed. With its lively analyses and illuminating examples, *The Made-Up Self* will speak to anyone who wishes to understand—or to write—personal essays.

Once a child writing prodigy, Jessica finds herself all grown up and desperate to be considered one of the greatest writers of all time. So when a major Hollywood studio hires her to rewrite "Harry Potter," one of the most popular sagas of all time, she sees no better way. But first, convinced that her "abnormal" background might stand in the way of her writing something that "normal" people can relate to, Jessica quickly leaves Hollywood in a quest to immerse herself in how "the other side" lives. It doesn't take long, however, for her to realize that becoming common isn't as simple as she thought it would be. And before she

can write "FADE OUT" she must decide if she is really willing to pay the price to achieve true greatness.

George Orwell was a much-respected English novelist, who wrote some of the finest pieces in literary criticism, fiction. Orwell's work is known for its simplicity and wit. He wrote with smartness on subjects such as anti-fascism, democratic socialism etc. His best works include ANIMAL FARM. It's an allegorical novella. It got published in August 1945. The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on the nature of life on this earth and How any animal is now living. The author has nicely elaborated through these Characters about the animals misery and slavery. Animals complain that despite their hard labour, why then do they continue in the miserable condition? They also complain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. So, remove Man from the scene and the root cause of hunger and overwork will be abolished for ever. The book narrates about the agony of ill-treated farm animals. Then what decision they take and how this Animal Farm born, everything has become very interesting. The ultimate satire on fascism. A must-read book. The "dazzling" and essential portrayal of 1960s America from the author of South and West and The Year of Magical Thinking (The New York Times). Capturing the tumultuous landscape of the United States, and in particular California, during a pivotal era of social change, the first work of nonfiction from one of American literature's most distinctive prose stylists is a modern classic. In twenty razor-sharp essays that redefined the art of journalism, National Book Award-winning author Joan Didion reports on a society gripped by a deep generational divide, from the "misplaced children" dropping acid in San Francisco's Haight-Ashbury district to Hollywood legend John Wayne filming his first picture after a bout with cancer. She paints indelible portraits of reclusive billionaire Howard Hughes and folk singer Joan Baez, "a personality before she was entirely a person," and takes readers on eye-opening journeys to Death Valley, Hawaii, and Las Vegas, "the most extreme and allegorical of American settlements." First published in 1968, Slouching

Towards Bethlehem has been heralded by the New York Times Book Review as "a rare display of some of the best prose written today in this country" and named to Time magazine's list of the one hundred best and most influential nonfiction books. It is the definitive account of a terrifying and transformative decade in American history whose discordant reverberations continue to sound a half-century later.

Jennifer L. Lane's Faith Adventures shows us in her vulnerability before both God and her readers that: 'Our God isn't shallow. Our God doesn't call us shallow, and He knows that sometimes with a phone call, a run stoplight, a routine blood test, or a sonogram, we can be thrown into the deep end.' Through both her experiences and Scriptures, Jennifer reassures us that: 'He is there in the deep end with us.' She shows us that it is precisely in the moments we choose to face our humanity - our anxiety, hurt and fear - leaning into the arms of our mighty God to hold, soothe and protect us, that our greatest faith adventures are birthed. Let Jennifer inspire, challenge and encourage you to step into the exciting Faith Adventures awaiting you. Pick up a copy of her book or gift it to someone you would love to bless this Christmas. The Art of Speculation during Civil War - Sun Tzu Meets Jesse Livermore offers a compelling choice: remain asleep or wake up to the truth; accept whatever major media say or understand how the economy, government, and society are manipulated for the profit of a few and at the expense of the majority. Slavery is dependent upon the consent of the slave. Oppression, to succeed, requires the sanction of the oppressed. No regime, be it democratic, monarchic, socialist, communist, or fascist, can exist for long without the public's consent, irrespective of how that consent is manufactured. If consent is withdrawn, the regime falls. The Art of Speculation during Civil War aims to hasten the day when individuals, communities, countries, and the world withdraw consent from those who would manipulate them for the aggrandizement of their power. This book invites its readers to awaken to the truth and profit from the knowledge and freedom gained. The truth is a solid foundation for any economic activity. Anyone can profit from the truth and extraordinary profits are possible for those who understand why Sun Tzu meets Jesse Livermore.

A prodigiously brilliant thinker who sharply challenged the beliefs of his age, the political and social radical John Stuart Mill was the most influential English-speaking philosopher of the nineteenth century. Regarded as one of the sacred texts of liberalism, his great work On Liberty argues lucidly that any democracy risks becoming a 'tyranny of opinion' in which minority views are suppressed if they do not conform with those of the majority. Written in the

same period as *On Liberty*, shortly after the death of Mill's beloved wife and fellow-thinker Harriet, *The Subjection of Women* stresses the importance of equality for the sexes. Together, the works provide a fascinating testimony to the hopes and anxieties of mid-Victorian England, and offer a compelling consideration of what it truly means to be free.
