Dappled Glory Xist Publishing

A child compares pets in this silly look at cats and dogs. "My cat can sleep. My dog can sleep. My cat can sleep on top of my dog."

Simple sentences and whimsical illustrations are ideal for toddlers, preschoolers, and beginning readers.

Turner/McKeague Rj Communications

Don Newman's first volume of Savannah centric poetry reflects the close personal relationship between poet and subject often found in work dedicated to a particular place. Such intimate subjectivity may seem lofty at times. But this

Savannah native has a way of bringing grandiose notions of his hometown down to earth. Here, the author's regional sensibilities-together with his stretch toward the universal-offer the reader a unique perspective and a tour of Savannah unattainable during a typical day of sightseeing. While by no means a comprehensive poetic look at the city, Newman's Little Poetry Book of Savannah will surely augment the traveler's backpack, give visitors a distinctive literary keepsake, and make the perfect gift for those back home who would like an authentic little piece of Savannah. Meditative, descriptive, fun, quirky, and enjoyably honest, Newman bares parts of his soul in this down-to-earth, head-in-the-clouds "poetry for everyone." For a slightly smaller, less expensive Black & White Edition go here: <https://www.create space.com/3909405>

Instructor's Guide Mythos Press

DIANE Publishing

Note: This is the 3rd edition. If you need the 2nd edition for a course you are taking, it can be found as a "other format" on amazon, or by searching its isbn: 1534970746 This gentle introduction to discrete

mathematics is written for first and second year math majors, especially those who intend to teach. The text began as a set of lecture notes for the discrete mathematics course at the University of Northern Colorado. This course serves both as an introduction to topics in discrete math and as the "introduction to proof" course for math majors. The course is usually taught with a large amount of student inquiry, and this text is written to help facilitate this. Four main topics are covered: counting, sequences, logic, and graph theory. Along the way proofs are introduced, including proofs by contradiction, proofs by induction, and combinatorial proofs. The book contains over 470 exercises, including 275 with solutions and over 100 with hints. There are also Investigate! activities throughout the text to support active, inquiry based learning. While there are many fine discrete math textbooks available, this text has the following advantages: It is written to be used in an inquiry rich course. It is written to be used in a course for future math teachers. It is open source, with low cost print editions and free electronic editions. This third edition brings improved exposition, a new section on trees, and a bunch of new and improved exercises. For a complete list of changes, and to view the free electronic version

of the text, visit the book's website at discrete.openmathbooks.org

The Ethics of Teaching
Cengage Learning
First Contact walks the instructor through the course design and execution process for the Introductory Sociology or the first course in sociology. It is an invaluable resource for new instructors in sociology, graduate students learning how to teach, seasoned professors who want to refresh their courses, but also administrators who review and evaluate these courses.

Can You Sell Me a Pen?
Pearson College Division
Statistics and Probability with Applications, Third Edition is the only introductory statistics text written by high school teachers for high school teachers and students. Daren Starnes, Josh Tabor, and the extended team of contributors bring their in-depth understanding of statistics and the challenges faced by high school students and teachers to development of the text and its accompanying suite of print and interactive resources for learning and instruction. A complete re-envisioning of the authors' Statistics Through Applications, this new text covers the core content for the course in a series of brief, manageable lessons, making it easy for students and teachers to stay on pace. Throughout, new pedagogical tools and

lively real-life examples help captivate students and prepare them to use statistics in college courses and in any career.

Scattered All Over the Earth CreateSpace

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the

planet.

How to Get Your Book Into Schools and Double Your Income with Volume Sales

Wheatmark, Inc.

Amethyst Eyes Psychology Press

This ILT Series course teaches students about using the telephone for professional selling. Students will learn how to prepare scripts, manage calls, implement components of an effective voice, listen to feedback, and ask questions to increase sales. Course activities also cover finding prospects, discussing the type of information to leave on prospects' voice mail, maintaining a positive attitude, identifying the components of the soft sell, and building and maintaining relationships with prospects. Students will also learn about gaining feedback from customers, addressing rejection, resolving objections, and closing a sale. This instructor's edition is designed for quick scanning in the classroom, and filled with interactive exercises. Comes with a companion CBT program.

Writing and Developing Your College Textbook Rowman & Littlefield Publishers

Surprise! You've just been laid off from the teaching position in which you have so passionately invested your time, talents and heart for years! What now? Hundreds of

thousands of American teachers have been laid off in the last four years as a result of the long term recession that continues to challenge the country's economy. In this book, one of those teachers shares what that experience was like for her, how she coped with unexpected unemployment, and what she learned about finding her way as a teacher without a classroom. Full of not only truthful reflection and encouragement for teachers facing similar situations, this book also offers practical tips for how to handle lay-off and unemployment, and how to prepare yourself as an education professional to expand your career outside your classroom. These are uncertain times, but teachers don't need to feel uncertain about their careers. There IS life as an education professional after lay-off!

Statistics and Probability with Applications (High School) Penguin

The first edition of Percorsi quickly became one of the best-selling elementary Italian texts. The new second edition features a new design, more focus on skills-development, updated cultural information and a full version of MyItalianLab. Percorsi is an introductory program that promotes the acquisition of Italian language and culture through

the integration of the “5 Cs” principles of the National Standards for Foreign Language Education. Percorsi is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skills—listening, speaking, reading, and writing—as they acquire familiarity with Italian culture. All of the features in Percorsi have been carefully thought out to support the two key aspects of the language acquisition process: language comprehension and language production. From the start, carefully structured communicative activities based on authentic materials and texts encourage students to use Italian in everyday situations. Generous use of authentic content also offers students a chance to develop reading skills while gaining cultural awareness and understanding of Italian communities and traditions throughout the world. In addition, each chapter explicitly promotes cultural exploration through illustrated presentations that are followed by activities facilitating comprehension and highlighting cultural comparisons. Students are encouraged to analyze and

compare extremely varied aspects of Italian culture while making connections to their own experiences. MyItalianLab will be available for Fall 2011 courses.

An Open Introduction Macmillan Higher Education

Sales Process Training By reading this book you will learn quickly and easily a proven sales process. You will immediately increase your selling skills and the earning potential naturally associated with those new skills. There are no bounds to what you can sell and your ability to earn a great income will be guaranteed. Having a great sales process is like using a good map, it takes you exactly to your final destination. extra pages at the back for making notes on ideas for your next book. Keep all your book information in one handy place. Journal size 7x10 inches.

Statutes of California and Digests of Measures DIANE Publishing

The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? *Unopened Books* explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, *Unopened Books* provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the

number of Black men in the classroom.

How I Learned the Secrets of Success in Advertising
AuthorHouse
1 hour introductory course with live one-on-one instructors: (eBay and Amazon selling secrets aren't secrets for long if they are sold for just \$10 and hundreds of people already bought them. The worst mistake you can make is purchase a \$10 "How to Sell on eBay or Amazon" book that everyone bought. You are not going to be successful doing what everyone else is doing. Just remember that in the end, you really just get what you paid for.) This is our 1 hour introductory course to successfully sell on eBay or Amazon. The course will be taught by a live instructor via phone and using online platforms such as GoToMeeting or Zoom. The introductory course will give you a quick overview of all our listing tips and strategies.

Course description: In this 1 hour course, one of our trained instructors will describe to you our listing tips and strategies. If we are not successful in increasing your sales, we will refund 100% of your money!

!Full resell rights: After you complete the course, we will give you full rights to all written material so you may resell it or use it to create your own training courses for other eBay sellers. Many of our

trainees have gone on to sponsor their own successful eBay training seminars. 4 week training courses for Certified eBay Instructor Certificate: We do also offer 4 week training courses. The 4 week course is much more comprehensive and will give you the training needed to teach other sellers how to succeed on eBay. After completion of the 4 week course, you will be a Certified eBay Instructor and we will offer you the opportunity to teach our clients how to successfully sell on eBay. You may also list your services on your own eBay account and get paid directly by your own clients. Who needs our courses and training? There are hundreds of millions of eBay sellers and many are unsuccessful because they do not know many of the listing tips and strategies we will be teaching you. They need well trained instructors to help them successfully sell. The more sellers we have on eBay, the more products will be available. More products will attract more buyers and then more buyers will attract more sellers. This is the key to Amazon's success and we would like to apply it to eBay as well. Free lifetime support: We offer full money back guarantees if you are not 100% satisfied. Tips and Strategies to Successfully Sell on eBay and Amazon: eBay and Amazon is Always Changing Because eBay and

Amazon are constantly changing, strategies that may work today will not work tomorrow. Many sellers do not understand that and do not make the proper adjustments to their listings. We can help any seller adapt to this new world of online selling. Just recently eBay and Amazon changed their search algorithm again and many sellers have seen drastic decreases in sales because they did not understand the algorithm. eBay and Amazon fail to understand that if more and more sellers drop out and there are less and less products on their sites, buyers will just move on to some other venue. We understand that as well and want to make sure eBay and Amazon has a diverse group of sellers who continues to offer great products. What is the item's value? There are many more recommendations we can offer you but to sell anything on eBay or Amazon, the buyer first needs to easily put a value on what you are trying to sell. Once a value is assigned to your item, then we can help you strategize how to effectively list it on eBay or Amazon. We can help buyer's value your item in such a way that they will buy it at the price you would like to sell. We offer recommendations and strategies to help increase your sales. If you are already a seller, please email us 2 to 3 listings you would like us to look at. We will then send you our

recommendations. Thousands of sellers have found our recommendations very useful and applied them to their listings.

100's of Secret Tips and Strategies: EBay and Amazon Selling Secrets Aren't Secrets for Long If They are Sold for Just \$10.
