Engine soon Light on a 2009 Nissan Altima..... What Does Service Engine Soon Mean? | It Still Runs

Check Engine Light. One issue with understanding what the Service Engine Soon light means is that it is often used interchangeably with the Check Engine light. This happens when a vehicle has one or the other indicator light, but not both. For instance, if you have a Nissan, the " Service Engine Soon " and " Check Engine " light mean the same thing. If this is the case, then they both have the same meaning.

What Does the Service Engine Soon Light Mean on a Nissan ...

A flashing service engine soon light is telling you that something needs immediate attention. If your service engine soon light is on, you ' ll need to pull these trouble codes to see what is wrong with your Escape. The trouble codes don ' t even necessarily mean that there is an engine problem.

The Service Engine Soon Light - What it is, What it Means ...

The Check Engine light or Service Engine soon light is one of the most misunderstood warning lights on a vehicle dashboard. It could come on from something as simple as a loose or cracked gas cap to a more complex issue, like a problem with the catalytic converter.

Service Engine Soon light came on dash.
Not yet got to get ...

Some vehicles will have a "Service Engine Soon" Light, as well as a "Check Engine" Light. For these vehicles, the meaning of the Service Engine Soon light will differ greatly from the Check Engine Light. The Service Engine Soon Light could mean: It is time for scheduled maintenance-the light will illuminate according to the car ' s mileage and predetermined maintenance schedule. There is a minor problem, such as low oil levels. The Check Engine Light could mean:

The service engine light comes on in your

vehicle because the computer has diagnosed that something isn ' t quite right. When the light comes on, a code is stored as the reason for triggering the light. When you take your car in to get it checked out, the mechanic hooks up a little diagnostic computer to your vehicle ' s computer.
