Meaning & Causes

SERVICE ENGINE SOON. If the malfunction indicator lamp (MIL) comes on steady or blinks while the engine is running,

it may indicate a potential emission control malfunction. The malfunction indicator lamp may also come on steady if the fuel filler cap is loose or missing, or if the vehicle runs out of fuel. Check to make sure the fuel filler cap is installed and closed tightly, and that the vehicle has at least 3 US gallons (14 liters) of fuel in the fuel tank.

Mini R50 R52 R53 Car Warning Lights - Diagnostic World

The "service engine soon" warning lights up on your car dashboard to alert you to a problem with your car. You or your mechanic can use a specialized computer scanner or code reader to diagnose the issue. Generally, if the light stays lit for at least several minutes at a time, this means you need to schedule a checkup for your

car.

What Does the Service Engine Soon Light
Mean on a Nissan ...

The service engine soon light is often
mistaken for the check engine light. The
check engine light is a light to warn you to a
possible issue with your exhaust system or
emissions system. The service engine soon
light can come on for minor issues like a
loose gas cap, or for more major problems
such as possible engine failure.

What the 'Service Vehicle Soon' Warning
Light Means

The Service Engine Soon (SES) Light indicates
many other things that could range from a
loose connection somewhere or a serious
problem. Since the introduction of on-board
computers that are meant to keep track of every
function of the engine, diagnosing engine

problems has been much easier because these computers relay error codes that are associated with certain engine problems.
