Poetry. In his newest collection of prose poems, *Trouble with the Machine*, Christopher Kennedy again takes us on a tour of his brilliantly odd-ball world, a world where town hall meetings turn into blood-baths, where God calls on the telephone to check in with mortals who are calmly ironing their souls in the kitchen, where wounds aren't merely worn on the sleeve but actually attend parties to pick fights with the other guests. Kennedy's poetry is fiercely comic, deliciously irreverent, and a welcome oasis in the dry landscape of modern poetry. Christopher Kennedy's writing has appeared or will appear in many journals and magazines, including *Grand Street*, *Ploughshares*, *McSweeney's*, and *Mississippi Review*. He received a poetry fellowship from the New York Foundation for the Arts in 1999 and a Constance Saltonstall Foundation for the Arts grant in 1997.

An aging California vintner is determined to protect her empire from a hostile family takeover and the dark secrets that could destroy everything she loves. At age seventy-four, Assaria "Sari" LeBaron is still a force to be reckoned with. For decades, she has run the Baronet Vineyards, one of California's largest and most successful wine producers, maintaining sole control even after a suspicious accident left her permanently crippled. And now, in her golden years, the formidable Sari refuses to relinquish power to her own children, a decision that has only served to increase tensions among her already emotionally damaged family members. But Sari's ambitious son, Eric, is no longer willing to play a subservient role, and has begun working behind the scenes to take over the business, forming alliances within and outside the family in his effort to dethrone the unyielding matriarch. The most difficult fight of Sari LeBaron's long and eventful life has begun; a heartbreaking struggle that will pit loved one against loved one and expose long-hidden secrets that could destroy both Sari's business and her family. *The LeBaron Secret* is another riveting excursion into a world of privilege that Stephen Birmingham knows intimately. It is a breathtaking tale of secrets and lies, shady double-dealings, family skeletons, and the

inner turmoil of the fabulously wealthy as only the bestselling author of "Our Crowd" and *The Auerbach Will* could tell it.

This book is written with the sincere conviction that it will convey a message other than the one we have been led to accept about Biblical and other ancient texts. It may change your experience in the way you view life and the concept of God and religion, as well as your relationship with those beliefs. This book is about ancient principles contained in the Bible and many other documents inscribed long ago, such as the Nag Hammadi Library and the Dead Sea Scrolls. Words paint mental pictures that enfold in our minds, and we call this "getting answers." At times, we take these images as the only truth there is, since we can see or imagine it. We base this personally conceived truth on what we learn in life. Should we not ask ourselves: what if all

this is based on falsehoods? These mental illustrations - that we call "thoughts" - are founded solely on what we have seen or read. Most of the time, we compare them, and in this fashion, we develop personal beliefs according to our choices. This practice is not specifically reserved for the individual. It spreads throughout our society, when each and every human experiences the same event or feeling, or reads a similar book. As a result, the collective mindset - sometimes called the "over mind" - now generates large-scale belief systems that, in time, we have termed as "religion." Entire nations have been known to bond in the same creed. Even when founded with the best of intentions, these systems tend to bind us as a group, with one mindset going in one direction, while offering no other alternatives. In some respects, this direction may not necessarily be the best or ideal goal toward which we can journey. It does limit us in the centuries-old matter pertaining to God or the God Head, and it affects our individual experience. It also influences what we know about the ancient teachers and prophets of long ago.
