Efficacy of Raja Yoga was written in the 1940s, today it is still a pioneering treatise for any seeker of the Truth. Ram Chandra brings Raja Yoga into the modern world through the simple practices of Sahaj Marg, and explains the central role of meditation in human evolution. For the first time in written history we find precise and scientific explanations of the three aspects of human existence: the Heart Region, which relates to life in this physical plane; the Mind Region, which relates to our subtle existence, especially the process of transcending ego; and the Central Region, which goes beyond the mind to the realm of the soul. Efficacy of Raja Yoga is a book to re-read along with one's spiritual practice, as with each reading it as if another layer of ignorance has been peeled off, revealing more of our potential.

Reality at Dawn The Heartfulness Store

Reality at Dawn Is one of the greatest yogic texts of the modern era. Written in the 1940s by Ram Chandra of Shahjahanpur , known as Babuji, it lights the path for seekers to explore Realisation and further onwards to the Centre of existence itself. Babuji writes in simple language, unravelling the most profound principles and wisdom, and it is from this deep wisdom that the practices of Heartfulness emerged. "Babuji has laid out the practical steps to reach the highest spiritual state available to human beings. He has also made this possibility available to all, no matter their current level of attainment, culture, education or background. In doing so, he has demystified spirituality and given it to the people."
