How to read photographs: the new essential primer In 1973, John Szarkowski, the revered director of photography at the Museum of Modern Art, New York, published his classic volume Looking at Photographs: 100 Pictures from the Collection of The Museum of Modern Art, offering a wide-ranging and accessible history of photography and an engaging primer. Now, American photographer and educator Stephen Frailey has borrowed Szarkowski's concept and format for his new book, Looking at Photography: 100 great images and a page of text for each. Frailey picks up where Szarkowski left off, updating the project to take stock of significant photographs from the early 1980s to the present day. Through a focused discussion on each individual work, Frailey articulates the themes and emerging sensibility of contemporary photography. Artists featured in this volume include Tina Barney, Jeff Wall, Steven Meisel, Nan Goldin, Helmut Newton, Martin Parr, Tim Walker and Wolfgang Tillmans, among others. Stephen Frailey (born 1957) is a photographer, writer, curator, editor and educator. His work has been shown, published and collected internationally. He served as the Chair of Photography at the School of Visual Arts in New York from 1998 to 2018, and is the co-chair of its MPS Fashion Photography Program. In 2003 he founded the Auction for Photographic Education in Afghanistan to create a photography department at Kabul University. In 2007 he founded the photography magazine Dear Dave, and is its Editor in Chief. He is currently the Director of Education at Red Hook Labs.

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.
