The Englishwoman's Review, which published from 1866 to 1910, participated in and recorded a great change in the range of possibilities open to women. The ideal of the magazine was the idea of the emerging emancipated middle-class woman: economic independence from men, choice of occupation, participation in the male enterprises of commerce and government, access to higher education, admittance to the male professions, particularly medicine, and, of course, the power of suffrage equal to that of men. First published in 1979, this thirty-first volume contains issues from 1899. With an informative introduction by Janet Horowitz Murray and Myra Stark, and an index compiled by Anna Clark, this set is an invaluable resource to those studying nineteenth and early twentieth-century feminism and the women's movement in Britain.

Daisetz Teitaro Suzuki's *The Training of the Zen Buddhist Monk* invites you to step inside the mysterious world of the Zendo, where monks live their lives in simplicity. This is perhaps the best introduction to Zen and the life of the Zen monk. By means of a direct and succinct description of the training that a Zen Buddhist monk undergoes, Dr. Suzuki has given us the most precise picture possible of Zen in life. The forty-three illustrations give a unique value to the book. The artist, Zenchu Sato has depicted here the record of his own experiences in going through all the disciplinary measures pertaining to the life of Zen. As author, Dr. Suzuki said, "Zen ought to be studied not only in its theoretical aspects, as a unique product of the Oriental mind, but in its practical aspect as it is to be seen in the Zendo

life. This is the chief motive for my writing this book."

Daisetz Teitaro Suzuki was a remarkable man. Throughout his long life he worked untiringly to bring the message of Zen, and Buddhism in general, to the West, and his reputation as a scholar and gifted teacher was internationally recognized. Above and beyond his scholarship, however, Suzuki touched in some special way

everyone who met him. He embodied the satori—awakening—that he had experienced while still a young man studying with his own Zen master; his simplicity in the midst of complexity and his utter lack of intellectual snobbery combined to create an extraordinary impression of warmth, yet quiet authority. And indeed, he touched the lives of many—from theologians and philosophers to psychologists, poets, musicians, and artists the world over; thinkers as diverse as Thomas Merton, Paul Tillich, Carl Jung, Erich Fromm, Dr. Hu Shi, Allen Ginsberg, and Bernard Leach—to name a few. A Zen Life: D.

T. Suzuki Remembered is a heartfelt tribute to this man. A very personal collection of essays, it provides an intimate view of what Suzuki meant to those who knew him. In the present volume Masao Abe, in collaboration with photographer Francis Haar, brings together some of the many accolades paid to Dr. Suzuki after his death in 1966. Several contributions were written especially for this volume, or appear here for the first time in English; these include the reminiscences of Mihoko Okamura, Suzuki's assistant and traveling companion for many years, as well as autobiographical essays of great interest by Suzuki. Most important, all the pieces, old and new, are now available in this volume for the broader reading public Suzuki deserves. In all the contributions one thing shines through—the sheer presence of D. T. Suzuki. Francis Haar's sensitive photographic portraits, counterpoised to the text, make this book one to treasure if you are already acquainted with Suzuki's life and work and a wonderful place to start, if you are not.

 Daisetsu Teitar Suzuki was a key

figure in the introduction of Buddhism to the non-Asian world. Many outside Japan encountered Buddhism for the first time through his writings and teaching, and for nearly a century his work and legacy have contributed to the ongoing religious and cultural interchange between Japan and the rest of the world, particularly the United States and Europe. This fourth volume of Selected Works of D. T. Suzuki brings together a range of Suzuki's writings in the area of Buddhist studies. Based on his text-critical work in the Chinese canon, these essays reflect his commitment to clarifying Mahāyāna Buddhist doctrines in Indian, Chinese, and Japanese historical contexts. Many of these innovative writings reflect Buddhological discourse in contemporary Japan and the West's pre-war ignorance of Mahāyāna thought. Included is a

translation into English for the first time of his "Mahāyāna Was Not Preached by Buddha." In addition to editing the essays and contributing the translation, Mark L. Blum presents an introduction that examines how Suzuki understood Mahāyāna discourse via Chinese sources and analyzes his problematic use of Sanskrit.

Gibbon Sengai (1750 – 1837) was known for his humor and unorthodox teaching style. A Zen master of the Rinzai school, he was also one of the most illustrious artists Japan has ever produced, known throughout the world for his calligraphies and paintings. Sengai went through years of hard monastery training before being elected abbot of Shofukuji, Japan's oldest Zen temple. Calligraphy and drawing became his primary modes of teaching and expression. Here are one hundred twenty-eight black-and-white reproductions of his work, selected and explained by the Zen scholar D. T. Suzuki. The commentary explains each

piece of art, its context, and the Zen teaching it exemplifies. First appearing posthumously in 1971 (New York Graphic Society edition), Sengai is Dr. Suzuki's last published book—and it is said that he considered it to be the culmination of his work.
