The Middle Ages were a period of tremendous cultural and scientific advancement in the Islamic Empire—ideas and inventions that shaped our world. Did you know that:

- The numbers you use every day (Arabic numerals!) are a Muslim invention?
- The marching band you hear at football games has its roots in the Middle East?
- You are drinking orange juice at breakfast today thanks to Islamic farming innovations?
- The modern city's skyline was made possible by Islamic architecture?

The Muslim world has often been a bridge between East and West, but many of Islam's crucial innovations are

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

A practical guide for robust shar 'ah governance of the Islamic banking industry Debate in the market on the extent of shar 'ah compliance of Islamic banks, their products, and activities has piqued stakeholders' interest. In Foundations of Shar 'ah Governance of Islamic Banks, Karim Ginena and Azhar Hamid explore the depths of shar 'ah governance to unravel its mysterious dimensions, and equip academics and practitioners with a solid understanding of the subject, which has become a serious challenge and thus deserves dedicated attention. The authors

make a strong case for the need to contain the shar 'ah risk that Islamic banks experience, and present a compelling argument for how this should be done. Ginena and Hamid propose a robust shar 'ah governance model that comprehensively tackles this risk, and helps improve the extent of shar 'ah compliance of market players. The authors detail the internal, external, and institutional arrangements needed to promote responsible shar 'ah governance, and critically analyze current laws, regulations, and industry practices on the topic. The chapters of the book do the following: Examine the roots, characteristics and objectives of shar 'ah and its relation to financial dealings; Probe the role of regulators in shar 'ah governance, explore the different approaches adopted by banking supervisors, and provide examples of relevant legal and regulatory measures; Explain to bank directors and management the fiduciary duty they assume with respect to shar 'ah compliance, and detail how they could discharge this responsibility in line with best practices; Elaborate on the purpose of the Shar 'ah Supervisory Board (SSB), its responsibilities, competence criteria, internal regulations, and key governance guidelines; additionally, they explore different SSB models; Describe the internal shar 'ah control system including its six components, and examine the internal shar 'ah audit function as well as different stages of conducting a shar 'ah audit; Clarify the role of a shar 'ah auditor, with guidance on reporting lines, scope of duties, authority, and practical ways on fulfilling tasks, such as a sample shar 'ah risk assessment grid and audit checklists; Discuss the newly emerging external shar 'ah
