Set your pulse racing with this stunning visual guide to over 1000 pin-up machines - iconic symbols of wanderlust, speed, and the open road. From Gottlieb Daimler's gas-powered "engine on a bicycle" which set fire to the seat on its first outing, to superbikes such as the Ducati 916, The Motorbike Book takes you on an enthralling tour of the bike's history. It shows you bikes that appeal to the head - practical forms of transport - and to the heart - a parade of classic pin-ups including cult machines such as the Honda RC30, the Triumph Bonneville and the Harley-Davidson XR750. The Motorbike Book shows the brilliance and impracticality of different designs and features detailed cross-sections of engines such as the air-cooled two-stroke. It explains how the great marques such as the Royal Enfield, the "legendary" Indian Scout, Vespa, and Norton all became household names. Whether you are a hardcore enthusiast, or looking forward to your first machine, this is one title you cannot be without.

Ford F-series Pickup Owner's Bible Chilton Book Company

A survival guide for writers in the real-world, Writing and Designing Manuals, Third Edition has become a standard reference for technical writers and editors. Readable and practical, it addresses all aspects of manual development from choosing a format to writing effective warnings. Not limited to text elements, the manual also provides guidance for designing illustrations to complement the text and underscore the safety warnings. The completely revised and updated Third Edition includes: P Current materials on desktop publishing P Alternative media such as videos, CD-ROMs, and on-line help P The impact of new technology such as CD-ROMs and digital cameras on manual design and production P New regulations for products sold overseas P Impact of the Internet on manual design Gone are the days when a manual might be a few pages of typewritten text. Thanks to the advances in computer technology, even tiny companies can produce slick, professional publications. Writing and Designing Manuals, Third Edition guides you through the messy, complex,

---

frustrating, and fascinating business of producing manuals.

Chilton's General Motors Chevy Mid-size Cars, 1964-88 Repair Manual  
Haynes Publishing
