The National Restaurant Association and Pearson have partnered to bring educators the most comprehensive curriculum developed by industry and academic experts.

## The Food Safety Information Handbook Elsevier Health Sciences

HACCP FOOD SAFETY EMPLOYEE MANUAL, 1/e is an easy-to-read text teaches the basics of food safety using the HACCP system, presenting the core knowledge, skills, and abilities that retail foodservice employees need to prevent accidental or deliberate food contamination. The easy-to-understand HACCP Star concept is used throughout to illustrate how HACCP's standard operating procedures and seven principles work together. The text begins by presenting basic food safety and food defense standard operating procedures, and explaining why they are so important. Next, it covers all elements of creating and using an effective HACCP plan, including: conducting hazard analyses, determining critical control points, establishing critical limits monitoring procedures, and corrective actions; verifying that the system works, and keeping records.

HVAC Training 101 is a site visited by over 100,000 enthusiasts monthly, who are

---

interested in becoming HVAC technicians. The site initially began as the passion project of a retired HVAC technician. The site quickly gained popularity, building a strong community of aspiring HVAC technicians. Currently, it is managed by a team of ex-HVAC technicians with decades of experience in the industry. Head over to [HVACTraining101.Com](http://HVACTraining101.Com) to learn more. We began by writing about how to become certified as an HVAC technician. With rules and certifications varying for each state, it was a challenging task. We had a few friends in other states help us out, but for some states, we had to dig really deep to find the information needed. Our audience at the time was very happy with the information we provided. At this point, we started getting many questions about EPA 608 certification. Once you get the education and experience needed to become a technician, prospective employers will ask for certification to handle refrigerants. When we started writing about how to become certified, viewers again requested we write a study guide to help them prepare for the 608 exams. The study guides out there were dense and had much more information than was needed to pass the

test. This inspired us to embark on a journey to write the simplest study guide for the EPA 608 exam, which would still cover all the necessary information. We hope we have achieved our intended objective. The journey to becoming an HVAC technician can be long and arduous. We congratulate you on taking this path and wish you the best in cracking the EPA 608 exam.

**Servsafe Starters (10 Pack) Employee Guide** Prentice Hall

The Bad Bug Book 2nd Edition, released in 2012, provides current information about the major known agents that cause foodborne illness. Each chapter in this book is about a pathogen—a bacterium, virus, or parasite—or a natural toxin that can contaminate food and cause illness. The book contains scientific and technical information about the major pathogens that cause these kinds of illnesses. A separate “consumer box” in each chapter provides non-technical information, in everyday language. The boxes describe plainly what can make you sick and, more important, how to prevent it. The information provided in this handbook is abbreviated and general in nature, and is intended for practical use. It is not intended to be a comprehensive

---

scientific or clinical reference. The Bad Bug Book is published by the Center for Food Safety and Applied Nutrition (CFSAN) of the Food and Drug Administration (FDA), U.S. Department of Health and Human Services. *ServSafe Food Handler Guide Update-10 Pack* Prentice Hall

The leadership solution for food service and retail establishments. This is the advanced book for food handlers and management. This manual builds on the foundational concepts taught in The HACCP Food Safety Employee Manual. In this manual, managers will learn how to complete a HACCP system that includes prerequisite programs, food safety, food defense, standard operating procedures, and the 7 HACCP principles in order to prevent, eliminate, or reduce hazards to serve and/or sell safe food. Instruis has developed the HACCP Star as a training aid that is used to teach these core elements for HACCP. Implementing a Food Safety HACCP plan provides management with the confidence in knowing that they have set up a system for success, allows for monitoring operation practices and procedures to meet legal responsibilities, and creates a food safety culture. The SURE HACCP Food Safety Series provides a proactive approach to Food HACCP by controlling every step in the flow of food to prevent foodborne illness or injury. Also included is a SURE answer sheet that is used to take the HACCP Food Safety Manager examination

Passing the HESI Admission Assessment Exam is the first step on the journey to becoming a successful healthcare professional. Be prepared to pass the exam with the most up-to-date HESI Admission Assessment Exam Review, 5th Edition! From the testing experts at HESI, this user-friendly guide walks you through the topics and question types found on admission exams, including: math, reading comprehension, vocabulary, grammar, biology, chemistry, anatomy and physiology, and physics. The guide includes hundreds of sample questions as well as step-by-step explanations, illustrations, and comprehensive practice exams to help you review various subject areas and improve test-taking skills. Plus, the pre-test and post-test help identify your specific weak areas so study time can be focused where it's needed most. HESI Hints boxes offer valuable test-taking tips, as well as rationales, suggestions, examples, and reminders for specific topics. Step-by-step explanations and sample problems in the math section show you how to work through each and know how to answer. Sample questions in all sections prepare you for the questions you will find on the A2 Exam. A 25-question pre-test at the beginning of the text helps assess your areas of strength and weakness before using the text. A 50-question comprehensive post-test at the back of the text includes rationales for correct and incorrect answers. Easy-to-read format with consistent section features (introduction, key terms, chapter outline, and a bulleted summary) help you organize your review time and understand the information. NEW! Updated, thoroughly reviewed content helps you prepare to pass the HESI Admission Assessment Exam. NEW!

One important element of FAO's work is building the capacity of food control personnel, including government authorities and food industry personnel carrying out food quality and safety assurance programmes. Such programmes should include specific food risk control procedures such as the Hazard Analysis and Critical Control Point (HACCP) system. FAO has prepared this manual in an effort to harmonize the approach to training in the HACCP system based on the already harmonized texts and guidelines of the Codex Alimentarius Commission. The manual is structured to provide essential information in a standardized, logical and systematic manner while adhering to effective teaching and learning strategies. Also published in English, Russian and Spanish.
