wants to learn how to service their car. The text is large, the pictures are in color and the procedures are demonstrated in YouTube videos. The book is intended to be a guide and although it is not a shop manual, it was designed to be comprehensive without getting to the technical level of wiring diagrams and engine rebuild procedures. It's for everyday people who want a well-rounded complete guide to show them how to take care of their car. This book will guide you in learning how to perform money saving services on your car. Written in large text, illustrated in full color, and supported by YouTube videos, it covers car safety, car systems, and car

service Here are a few examples of recommended minimum safety practices \* let someone know whenever you plan to work under a vehicle \* wear Safety glasses, \* always using wheel chocks \* and always use jack stands whenever you raise a vehicle We also explain how the primary systems in a car work, such as: \* the ignition system \* the cooling system and \* the fuel system There are step-by-step demonstrations that show you how to perform many service procedures, including: \* how to change your oil \* how to perform a tune-up \* how to do a brake job \* and many more
