Orange Prize winner and shortlisted for the Man Booker Prize 2008, Linda Grant has created an enchanting portrait of a woman who, having endured unbearable loss, finds solace in the family secrets her estranged uncle reveals. In vivid and supple prose, Grant subtly constructs a powerful story of family, love, and the hold the past has on the present. Vivien Kovacs, a sensitive, bookish girl grows up sealed off from the world by her timid Hungarian refugee parents, who conceal the details of their history and shy away from any encounter

with the outside world. She learns how to navigate British society from an eccentric cast of neighbors -- including a fading ballerina, a cartoonist, and a sad woman who wanders the city and teaches Vivien to be beautiful. She loses herself in books and reinvents herself according to her favorite characters, but it is through clothes that she ultimately defines herself. Against her father's wishes, she forges a relationship with her uncle, a notorious criminal and slum landlord, who, in his old age, wants to share his life story. As he exposes the truth about her family's past Vivien learns how to be comfortable in her own skin and how to be alive in the world. Grant is a spectacularly humanizing writer whose morally complex characters explore the line between selfishness and self-preservation.

After World War II, two concentration camp survivors begin a battle for love in this heartwarming, historical novel based on a true story. It's 1945, and Miklós is looking for a wife. The fact that he has six months left to live doesn't discourage him—he isn't one to let small problems like that stand in the way, especially not after he's survived a concentration camp. Currently marooned in an all-male sanatorium in Sweden, and desperate to get out, he acquires the names of the 117 Hungarian women also recovering in Sweden and writes each of them a letter in his beautiful cursive hand. Luckily for him, Lili decides to write back... Drawn from the real-life letters of Péter Gárdos's parents, and reminiscent of the film *Life Is Beautiful*, *Fever at Dawn* is a vibrant, ribald, and unforgettable tale, showing the death-defying power of the human will to live and to love. “*Fever at Dawn* has the

sweetness of *The Rosie Project* and the pathos of *The Fault in Our Stars*...A book to fall in love with.” —The Herald Sun “At once heartrending and lighthearted, this romance covers enormous ground in love and war, joy and tragedy.” —Shelf Awareness, starred review “A riveting and high-spirited journey from the brink of death toward life, [*Fever at Dawn*] asserts the power of love.” —Julie Orringer, author of *The Invisible Bridge*

Reggie isn't really a romantic: she's been hurt too often, and doesn't let people in as a rule. Plus, when you're dealing with the *Three Stages of Depression*, it's hard to feel warm and fuzzy. When Reggie meets Snake, though, he doesn't give her much of a choice. Snake has a neck tattoo, a Twizzler habit, and a fair share of arrogance, but he's funny, charming, and interested in Reggie. Snake also has an ex-girlfriend who's seven months pregnant. Good thing Reggie isn't a romantic. *Definitions of Indefinable Things* follows three teens as they struggle to comprehend love, friendship, and depression—and realize one definition doesn't always cover it.

Until recently, policy-makers and academics generally saw religion as something that would disappear as countries made economic progress. But we now know that this rarely happens in fact. People in most countries continue to look at the world through the prism of religion even when they develop modern lifestyles. Religion and Development looks at the ways in which a religious worldview influences processes of development. Its great originality is that it does not concentrate primarily on religious institutions and organisations but on religious ideas themselves. In the final resort, it is people's ideas that motivate them. Their worldview stimulates them to act in specific ways. Religion is a dimension of life that often lies behind qualities such as social trust and cohesion that are vital to development. This is of growing importance in a world where technocratic visions of development have lost their way. For communities where religious belief is accepted as a fact of everyday life, religion constitutes a major resource. It can be employed by people who want to destroy society as well as those who want to build it. The contributors to this book explore how religious resources can be harnessed for development. Many of the world's people believe that the material advancement of both individuals and communities is inseparable from their spiritual improvement. The essays in

this volume take this point of view seriously.
