Mad Dog Waves of Color

The sorceress of psychological suspense is back with the second book in her highly-anticipated new Nowhere USA series. Ninie Hammon is at her career-best in Mad Dog — a hair-raising tale that will make you jump and whip your flashlight around at small

sounds in the night. Rabies is a terrible way to die. When Nower County veterinarian E.J. Hamilton rescues two little girls from the savage attack of a rabid Great Pyrenees, the beast almost rips his leg off. But worse than the injury is the fact that without the vaccine, E.J. will die of rabies within a week. Unfortunately, he can't get to the hospital because a shimmering mirage called the Jabberwock has locked everyone inside the borders of the county. With E.J. ' s rabies-clock ticking, childhood friends Charlie, Sam, and Malachi are desperate to solve the mystery of the Jabberwock. Is it somehow connected to what happened to Gideon? Maybe it isn ' t just a ghost story that every man, woman, and child in that little town in Fearsome Hollow vanished into a mist one day exactly one hundred years ago? The “ vanishing ” has started happening again — residents of Nower are disappearing and the houses they lived in age a century overnight. If the Jabberwock is gobbling people up, how long before Nower becomes a ghost town? Mad Dog is the second book in Ninie Hammon's new series, Nowhere, USA, a riveting psychological thriller about the residents of a forgotten county that inexplicably sinks through reality to find itself in the middle of Nowhere. Fans of Justified, Under The Dome, and LOST will find themselves right at home in Nowhere, USA.

Three Magical Cozy Mysteries 99 Cent Press (New adult paranormal fantasy with witches, vampires, demons, werewolves) College Bound I grunted from the weight of the suitcase as I heaved it out of the back of the van. What had I packed again? I didn't remember it being this heavy when I loaded it into the twin's car only seven hours ago. Seven long and painful hours. I forced a smile as Esther and Estelle stepped up onto the curb, matching prim skirts and twin sets as much their uniform as their very comfortable looking shoes. They didn't smile back, but through my connection to them from the family magic, I was sure their flat expressions had nothing to do with how they felt about me. Well. Pretty sure. Summer is over, and Syd is finally off to Harvard to take her witch training, leaving things back in Wilding Springs in her grandmother's crazy but capable hands. The rush of excitement about her new beginning is quickly doused when Syd stumbles on a secret club taking advantage of normal students, including her friend Simon. An unhappy roommate, troubles with Quaid and his Enforcer friends and Liam's sudden protectiveness makes it hard for Syd to fit in, let alone get to the bottom of what's happening on campus. If only her Council Leader mother would listen... This groundbreaking work examines the role of women in the Western healing traditions. Drawing on the disciplines of history, anthropology, botany, archaeology, and the behavioral sciences, Jeanne Achterberg discusses the ancient cultures in which women worked as independent and honored healers; the persecution of women healers in the witch hunts of the Middle Ages; the development of midwifery and nursing as women's professions in the nineteenth century; and the current role of women and the state of the healing arts, as a time of crisis in the health-care professions coincides with the reemergence of feminine values.

Not the afterlife this girl had planned. Waking up thin is one thing. But waking up gaunt, hangry, and undead makes for a very bad day. Mallory's killer better hide, because she's just discovered blood, meat, and dairy don't agree with her, and a future with no cheese is grim

indeed. She's out to find her killer...and maybe a vegan cheese that doesn't melt her nose hairs. Night Shift Witch Funeral homes and dead bodies... Funeral parlors and corpses go together like salt and pepper. But what happens when one of the dearly departed doesn't belong? Less than a day on the job as makeup artist to the dead, and Star discovers one of their accidental death clients didn't die accidentally. Before she knows it, she's neck-deep in paranormal intrigue. Star, her ex-boyfriend, and her new boss untangle the mystery of a magical murder in the most unexpected of places. Death Retires Death's not taking a holiday; he's retired. Or he was, until murder intrudes on his quiet retirement plans. Geoff's stalked by ghosts, and his former bosses have saddled him with the care of a possessed bobcat. With his beautiful neighbor Sylvie and his cat's help, can he solve a fiendish crime? The Judge of Ages Montana Publishing Most people have heard of Lady Godiva and her horseback tax protest in the 11th century and Joan of Arc who in the 15th century fought against the English for the French gaining sainthood in 1920. Many know of Eleanor of Aquitaine, 12th century Queen of France and England, and powerful manipulator and protector of kings. Some know of Hildegard and Beatrice and Blanche and Clare. There are many famous women of the Middle Ages whose lives and leadership brought important changes to history. This encyclopedia contains several hundred entries on the culture, history and circumstances of women in the Middle Ages, from the years 500 to 1500 C.E. The geographical scope of this work is wide, with entries on women from England, France, Germany, Japan, and other nations around the world. There are entries on queens, empresses, and other women in positions of leadership as well as entries on topics such as work, marriage and family, households, employment, religion, and various other aspects of women's lives in the Middle Ages. Genealogies of queens and empresses accompany the text in an appendix.

A Seven Kingdoms Tale 3 99 Cent Press

From bestselling author of She ' s Not There, New York

Times opinion columnist, and human rights activist Jennifer Finney Boylan, Good Boy: My Life in Seven Dogs, a memoir of the transformative power of loving dogs. This is a book about dogs: the love we have for them, and the way that love helps us understand the people we have been. It ' s in the love of dogs, and my love for them, that I can best now take the measure of the child I once was, and the bottomless, unfathomable desires that once haunted me. There are times when it is hard for me to fully remember that love, which was once so fragile, and so fierce. Sometimes it seems to fade before me, like breath on a mirror. But I remember the dogs. In her New York Times opinion column, Jennifer Finney Boylan wrote about her relationship with her beloved dog Indigo, and her wise, funny, heartbreaking piece went viral. In Good Boy, Boylan explores what should be the simplest topic in the world, but never is: finding and giving love. Good Boy is a universal account of a remarkable story: showing how a young boy became a middle-aged woman—accompanied at seven crucial moments of growth and transformation by seven memorable dogs. “ Everything I know about love, ” she writes, “ I learned from dogs. ” Their love enables us to pull off what seem like impossible feats: to find our way home when we are lost, to live our lives with humor and courage, and above all, to best become our true selves.

Divided Heart Shambhala Publications

Examines the realities of unexplained natural phenomenon and provides explanations that push the boundaries of science. • Looks at animal telepathy and the ability of pigeons to home. • Proves the point that "big questions don't need big science". • Noted scientist Rupert Sheldrake is a former research fellow of the Royal Society. • New Edition with an Update on Results. How does your pet "know" when you are coming home? How do pigeons "home"? Can people really feel a "phantom" amputated arm? These questions and more form the basis of Sheldrake's look at the world of contemporary science as he puts some of the most cherished assumptions of established science to the test. What Sheldrake discovers is that certain scientific beliefs are so widely taken for granted that they are no longer regarded as theories but are seen as scientific common sense. In the true spirit of science, Sheldrake examines seven of these beliefs. Refusing to let intellectual dogmatism influence his search for the truth, Sheldrake presents simple experiments that allow the curious and the skeptical to join in his journey of discovery. His experiments look at how scientific research is often biased against unexpected patterns that emerge and how a researcher's expectations can influence the results. He also examines the taboo of taking pets seriously and explores the question of human extrasensory perception. Perhaps

most important, he questions the notion that science must be expensive in order to achieve important results, showing that inexpensive methods can indeed shake the very foundations of science as we know it. In this compelling and intelligent book, Sheldrake offers no preconceived wisdom or easy answers--just an open invitation to explore the unknown, create new science, and perhaps, even change the world.

Right now, there are more pets in America than people, and many count their pets among the most beloved members of their family. However, a surprising number of pet owners are not aware that the lifestyle they provide their companions may not be a healthy one. Gary Null has helped countless Americans improve their diets and their health with his natural approach to healthy living and scepticism of the healthcare and pharmaceutical industries. Now, with Natural Pet Care , he carefully and compassionately lays out the ways we can improve our pets ' health and lives. Natural Pet Care includes "Animals on the Move", which explains the importance of proper exercise, "Everybody in the Tub!", which covers natural bathing and grooming products and techniques, "The Impetuous Pet", which helps in understanding your animal ' s behavior, and appendices for those seeking holistic veterinary care, pet friendly lodgings and animal friendly organizations. Natural Pet Care also provides sources for natural pet foods and products, while scrutinizing the pet food industry. He describes, for instance, that almost any dog owner would be horrified to learn what really goes into most commercial dog foods—even some of the more expensive brands—including "slaughterhouse throwaways" and diseased animal parts. As an alternative, Null offers "The Tao of Chow," in which he recommends countless natural alternatives that can easily be made at home—recipes included—and which can prolong and improve your pet's life. With this book on your reference shelf, you and your spectacular pet will be ready to tackle anything naturally! Natural Pet Care deals extensively with the health of dogs and cats, but also is devoted to other common pets, including birds, rabbits, ferrets, fish, horses, rodents, and snakes. Long overdue, Gary Null's Natural Pet Care will help pet owners provide their furry, feathered, and scaled companions with the healthy lifestyle they need and deserve.

Which Witch? is a brilliantly witty tale of magic and

marriage by Eva Ibbotson, shortlisted for the Carnegie Medal. 'Find me a witch!' cried Arriman the Awful, feared Wizard of the North. Arriman has decided to marry. His wife must be a witch of the darkest powers – but which witch will she be? To find the most fiendish, he holds a spell-casting competition. Glamorous Madame Olympia performs the terrifying Symphony of Death and conjures up a thousand plague-bearing rats. The magic of gentle Belladonna, the white witch, goes hopelessly wrong. She produces perfumed flowers instead of snakes. And bats roost in her golden hair instead of becoming blood-sucking vampires. Poor Belladonna longs to be an evil enchantress – but how? 'This kind of fun will never fail to delight' - Philip Pullman.
